Cessation of hostilities does not mean closing of Red Cross work-rooms. A huge task of caring for the thousands of wounded and refugees caused by the great war confronts the great organization of mercy. Thousands of workers will be needed. A telegram from the War Council, the America Red Cross, received at local headquarters of the organization this morning, lays stress upon this fact. After-the-war activities of the Red Cross are outlined in the important statement. The text follows:

"The moment is now come to prepare for peace. Actual, peace may come at any hour; it may be deferred for some time. Until peace is really here, there can be no relaxation in any Red Cross effort incident to active hostilities.

"But, even with peace, let no one

Red Cross effort incident to active hostilities.

"But, even with peace, let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick or wounded. Owing to the shortage of shipping, it may take a year or more to bring our boys home from France. But, whatever the time, our protecting arms must be about them and their families over the whole period which must clapse before the normal life of peace can be resumed.

"Our soldirs and sailors are enlisted until the Commander-in-Chief tells them there is no more work for them to do in the war. Let every Red Cross member and worker show our returning soldiers and sailors that to care for their health, welfare and happiness, we are enlisted with them to the end.

Being Twice Wounded

Official word of the death of Private William J. Taylor from pneumonia at a base hospital in France has been received by his wife, Mrs. Laura S. Taylor, 1223½ Bailey street. Private Taylor, who was attached to headquarters of the 112th Infantry, was wounded twice, and gassed once since he went overseeas in May. He had recovered from his wounds, however, and had returned to the trenches. Later Mrs. Taylor received a letter dated October 3, in which her husband said that he was in a base hospital, was able to sit up in bed and expected to be out soon. He did not at this time state what was the matter, and several days ago the message came that he had died October 13.

Private Taylor had enlisted altogether three times as a member of the old Eighth Regiment, 1907, 1910, and lastly in 1917. His last enlistment was with Company C, with withch he was stationed in Chahrent was with Company C, with bersburg until September 10, 1917, when he went to Camp Hancock, da. before sailing in May.

A Remedy That Makes Life Worth Living

Former United States Senator Mason, Pioneer

in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance So Much, That He Feels it Ought to Be Made Known to Every Nervous, Run-Down, Anaemic Man, Woman and Child.

Opinions of Dr. Ferdinand King, New York Physician and Medical Author; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital; Former Health Commissioner Wm. R. Kerr, of the City of Chicago and others.

What Senator Mason Says.

GENTLEMEN:

I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age, should be known to the world.

Yours very truly.

give their opinions thereon.

Dr. Ferdinand King, a New York Physician and Medicai Author said:
"I heartily indorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous Iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale; the flesh flabby; the muscles lack tone; the brain fags, and the memory fails, and often they become weak, nervous, despondent and melancholy.

Dr. James Francis Sullivan formers.

Dr. George F. Baker, formerly Physician and Surgeon in Monmouth Memorial Hospital of New Jersey, says: "During convalescence from SPANISH INFLUENZA (La Grippe) I find Nuxated Iron to be of great benefit."
