BELL 1001-2556 UNITED

"It gives me the greatest pleasure to testify that the work has been conducted upon the broadest lines of service, not merely to the gallant soldiers of the army of the great Republic of the West, but to all they could assist. The high quality of character of those conducting this work needs no praise, but I affirm that in my opinion it would have been impossible to have afforded the boys that inspiration and succor they need—and which they so richly deserve—without your efforts."

—A. Lloyd George
Prime Minister of Great Britain
