

BAN IS LIFTED ON INDUSTRIES BY WAR CHIEFS

Forty-two Utilities Prepared For Partial Return to Peace Time Basis

Washington, Nov. 13.—Forty-two American industries, which for months have been operating on a curtailed program owing to war demands, prepared to-day for a partial return to peace time basis. Announcement of removal by the War Industries Board in part of the restrictions or production was published to-day.

Industries whose peace time output has been restricted in the interest of the prosecution of the war are entitled by the order to increase their production 50 per cent. of the reduction fixed by the board, while for building and construction generally all limits are removed.

The leading industry in the list is the manufacture of passenger automobiles which by the order is allowed to proceed at seventy-five per cent. of normal. Other products include agricultural implements, heating and cooking appliances, pianos and talking machines, clocks and watches, and enameled and tin plate household utensils.

Don't Seek to Drive Prosperity, Says Gary

New York, Nov. 13.—Elbert H. Gary, head of the United States Steel Corporation, yesterday warned the American people to be on their guard against "economic demoralization, depression and possibly panic" which might accompany readjustments after a world war.

In a statement issued before he left for Washington to confer there to-day with the War Industries Board regarding steps necessary to return the steel trade to a peace basis, Mr. Gary cautioned the public to "exercise prudence, deliberation and courage."

Champ Clark Democratic Leader in Next Congress

Washington, Nov. 13.—Democratic Leader Kitchin announces that Champ Clark would be the Democratic leader in the next Congress. Mr. Kitchin says he did not expect to retire from the membership of the ways and means committee, of which he would be ranking Democratic member, but that it always was customary for the Speaker to become the leader of the minority on a change of control of the House.

15,000 Armenians Are Reported Killed at Tasu

Bagdad, Mesopotamia, Nov. 13.—Reports have been received at the American consulate here that 15,000 Armenians have been massacred at Tasu (Tasu, fifty miles southwest of Bitlis, Asiatic Turkey).

MORE ALFALFA RAISED IN STATE

Interesting Figures Issued by the State Department of Agriculture Today

The State Department of Agriculture to-day announced that "early estimates received here indicate that the increase in acreage this fall will be between six and eight per cent. of that harvested this season." In addition it is stated that farmers in some sections plan further experiments with spring wheat. The alfalfa acreage throughout the state is shown by reports to have increased over last year.

In a report on a survey of commercial orchards Adams county, the center of the southern apple belt is stated to have 151 orchards with 192,490 bearing trees and 140,040 that are not bearing. This is the first county to report on orchards.

State farmers' institutes will begin on November 18 in Lancaster, Clearfield, Greene and Susquehanna counties.

Conference Deferred.—The Department of Health announced last night "The conference on child welfare which was to have been held in the offices of the State Department of Health to-morrow, has been postponed until Tuesday, November 19, at 11 a. m. This conference has been called by Dr. B. Franklin Royer, Acting Commissioner of Health, to discuss important problems of child welfare, but primarily to consider the necessary steps to be taken to provide for the thousands of children who have been made orphans by the recent epidemic of influenza. Notices have been sent to the representatives of all state-wide organizations who are interested in child welfare work. Dr. Royer expects a large attendance at the conference next Tuesday."

To Discuss Work.—Extensive plans for the employment of disabled workmen, will be outlined by members of the State Workmen's Compensation Board at meetings in the next two weeks. The members of the Board have obtained information on the manner in which other states and counties and various corporations which are large employers of labor have cared for men without hands or legs or partially maimed. Numerous suggestions for specialized labor have been received. The Board will be in session in Philadelphia for two days. Next week it will be in Reading and the anthracite region.

Board to Meet.—The State Dental Examining Board will meet here to-morrow to prepare the question for the winter examination and a meeting will be held the next week by the State Bureau of Medical Education and Licensure.

To Combine Lists.—The October and November lists of the State Board of Pardons will be combined for the meeting on November 20.

Wild Turkeys.—The state wild turkey season will open on Friday with numerous wild turkeys in southern counties, according to Dr. Joseph Kalbfus, state game commission secretary. Turkeys have been seen in many places and in districts where the state has done propagation work have been close to farms. Signs of a good deer season are multiplying, say game protectors.

Seventy-five Camps Heard From.—Returns of elections have been received from the State Department by 198 of the 125 commissioners sent to hold elections for soldiers, sailors and marines and the remainder are expected before the end of the week. Returns from more than seventy-five camps or stations are on file. In some instances the returns contain records of very few votes.

Must Keep Records.—State Draft Headquarters has issued notice to all local and district draft boards that all records pertaining to the operation of the draft law are public records and should be "scrupulously kept up and preserved." Boards have been advised that classification of men under 19 and above 36 has been suspended.

Permits Issued.—The State Water Supply Commission has granted permission to the United States Railroad administration to construct bridges on the Reading system in Spring and Heidelberg townships, Berks county; county bridges in Lackawanna, Chester, Butler and Northumberland, the latter near Montandon. The Shoop Coal Company was granted rights to dredge coal from Shamokin creek near Sunbury.

General Logan Here.—General A. J. Logan, of Pittsburgh, was a visitor to the Capitol last evening. He had been in Washington on war activities.

Up to Washington.—The bids for the construction of the Aughwick creek bridge in Huntington county opened by the Board of Public Grounds and Buildings yesterday, were referred to the War Industries Board for material. The Pitt Construction Co., of Pittsburgh, was the low bidder.

State Interested.—Representatives of the Public Service Commission are taking an interest in the conference of the "short line" railroads and the national authorities. The "short lines" want to get some government support and the state is keeping a fatherly eye on them.

Back to the Farm.—The State Compensation Board at its session here yesterday afternoon granted commutation of an award to Harry E. Herring, of Milton, a shellmaker, for the loss of an eye in manufacturing munitions at Milton. Now that the war is over Herring will turn from making shells to farming and informed the board he will use the money to buy a tract of land.

Two More States Vote Out Liquor Traffic

Washington, Nov. 13.—Minnesota and Nevada adopted state prohibition amendments at the election last week, making five states which voted dry on November 5. The others are Florida, Wyoming and Ohio. There are now thirty-two states which have state prohibition, exclusive of Texas, where the amendment was passed but declared unconstitutional.

Rumania Declares War on Defeated Germany

Paris, Nov. 13.—A dispatch to the Frankfurt Gazette from Budapest says the new Rumanian government has declared war on Germany.

TO HOLD FESTIVAL.—The postponed festival of the Susquehanna township High school will be held on Thursday evening. Tickets purchased for the festival which was to have been held on October 10 will be honored.

Short Line Railway Men Ask McAdoo For Co-operative Contracts

A convention of representatives of short line railroads of Pennsylvania was held in the Bolton Hotel yesterday afternoon for the purpose of negotiating co-operative contracts with

the Director General of Railroads. The convention, which was held under the auspices of the American Short Line Railroad Association, with headquarters in Washington, was presided over by Benjamin B. Cain, vice-president of the association. Applications were signed by fourteen representatives to come under the modified government contract.

By such contracts the short railroad lines of this state will derive many advantages now enjoyed only by the larger lines. Among the advantages are the stability of divisions, exchange of transportation, the right to purchase supplies at the government's prices and from government agents, and, in fact, all the rights, privileges and immunities guaranteed to all the larger railroads by

the federal control act of Congress. Among the representatives at the convention yesterday were the following: S. T. McCormick and William Emery, Dent's Run R. R. Co.; C. E. Houck, Wilkes-Barre and Hazleton R. R. Co.; H. C. Hower, Tuscarora Valley R. R. Co.; H. C. Pastorno, Quakertown and Bethlehem R. R. Co.; Elisha K. Kane, anted to all the larger railroads by Mount Jowett R. R. Co.; W. K. Sweetland and R. A. Knox, Coudersport and Port Allegheny R. R. Co.; S. R. Thomas, Ironton R. R. Co.; C. B. McCollough, Jersey and Austin Fork R. R. Co.; A. F. Tibbels, Northampton and Bath R. R. Co.; P. M. Newman, Tionesta Valley R. R. Co.; J. S. Galley, New Park and S. G. R. R. Co.; C. W. Shaw, Stewarttown R. R. Co.; T. T. Huff, Wilsina and North Fork R. R. Co.

The Overcoat Kings

These men are well known throughout this community and are recognized as the high-grade clothing men. No store can boast of more efficient and painstaking clothing salesmen. Every one has a host of friends who depend on their expert knowledge of the clothing business—They are waiting to welcome You and Your Friends to

The "Overcoat Fair"

They are all anxious to tell you in their own words how enthusiastic everybody is about the values this "Live Store" can offer you because of the enormous purchase of

4,400 Overcoats

and to tell you the personal interest each salesman manifested in YOUR behalf when these Overcoats were bought. There was an open discussion at which our clothing salesmen were gathered together, while Mr. Doutrich listened carefully to every suggestion offered. Plans were then arranged and the Overcoats were "made up" with YOUR individual preference in mind. "That's why" we are sure YOUR Overcoat is HERE, because Your salesmen know just about what YOU like in clothing—Come in to see how well we are prepared to serve you.

"Mother's Tender Flowers"

Watch the tongue of your young! Children droop and wither if you permit constipation poison to be absorbed into their delicate systems. Hurry! Give Cascarets to clean the little clogged-up liver and bowels. Children love harmless Cascarets because Cascarets taste like candy—only 10 cents a box! Grand!

When a child's tongue turns white, breath feverish, stomach sour, mothers can always depend upon safe old "Cascarets" to gently, yet thoroughly clean the little liver and bowels. Cascarets are just dandy for children. They taste like candy and no child need be coaxed to take them even when cross, bilious and sick. Each 10 cent box contains directions and dose for children aged one year old and upwards.

WHY CATARRH ALWAYS COMES WITH WINDY WINTER

Nature Gives a Cry For Help That Will Make This Winter a Season of Good Health For You.

Winter and Catarrh are companions in evil. Catarrh is sweeping civilization from one continent to another, because civilization does not follow Nature's laws. Nature tells us what to do and we pay no heed. Down deep in the body of man lie streams of blood going everywhere and making a complete circuit of the body every few seconds. In these rivers, brooks and streamlets of blood flow millions of little soldiers called corpuscles, whose duty it is to heal hurts, expel the enemies of man—germs—from the body and carry away impurities. Nature, with the blood, builds bone and hair and teeth and flesh. She does this so quickly and with such absolute perfection that if we put into our mouths and stomachs the things the body needs, Nature will distill her own chemicals and build up any torn-down portions. Catarrh is a tearing down of mucous membranes. A mucous membrane is one of the wonders of science. It does the important work of the body in some lines. When it becomes diseased, you quickly have the alarm from Nature. Catarrh, in most cases, first warns us from a condition of the nose and throat. These membranes cannot do their work. They become clogged. Impurities form and choke them. Decay starts, unpleasant odors arise, gradually it spreads until the membrane is almost worthless. Then we learn the fault is with the blood. There is too much work for the corpuscles to do—Not enough to do it. They need help. Placing salves and lotions in the nose, and taking pills, powders and purgatives will not give Nature what she needs. She changes the chemical nature of

many drugs that we take, according to our body's condition. She will not change those things she lacks and needs. Certain vegetable matter taken into the system gives Nature her tools. Armed with the power to protect herself and heal herself, Nature gladly hurries the new vegetable reinforcement to the injured parts, and we at once feel as though a great strain had been lifted from us. Nature, during winter, changes the blood of man and we, because of our habits, continue to do those things which are against Nature. Then far down amid the vital organs of man, creep weaknesses and lack of proper functioning. Here is where Catarrh enters and quickly makes a conquest. We feel the effect of a cold in nose or throat, and sometimes in lungs and stomach. S. S. S. is a friend to Nature, a companion to Health, and the body responds to its influence in a way that will surprise you. So quickly and quietly is the journey made toward health that we know, because we feel it, that S. S. S. contains the vegetable ingredients that Nature herself would choose if she were able to make her own selection. S. S. S. goes into the body like food. It mixes with the blood, seeks everywhere for disease germs and the body is made glad with Nature's own remedy. S. S. S. is sold wherever drugs are sold. Go to your druggist, buy a bottle of S. S. S. and learn for yourself what the proper assistance will do for your Catarrh. S. S. S. is that assistance—Buy a bottle to-day. Write the Medical Department relative to your Catarrh or any other blood disorder, and a competent physician will give you full advice, without charge. Address Swift Specific Company, Drawer B, Atlanta, Georgia.
