

GERMAN OFFICERS TEAR KAISER TAG OFF WAR REGALIA

Commander of Brussels Says Extinction of 3,000,000 Huns Is Ample rice

Ghent, Nov. 15.—There is no organized authority yet in Brussels, but with comparative calm and dignity, the Belgian capital awaits the coming of the armies of liberation. On Sunday three delegates from the "republic of Hamburg" arrived at Brussels. Standing on a balcony, the military commander of the city addressed a crowd of 3,000 soldiers and civilians. "Three million Germans have been killed during the war," he said. "That is sufficient. Let us have peace. General Von Falkenhayn, the German governor general of Belgium, received the delegates and in the meantime French and Belgian Socialists addressed the crowd. Then a sailor climbed up to the balcony and nailed a red tablecloth to the railing amid cheers. After an interview of an hour with the delegates, General Von Falkenhayn appeared and announced that he had resigned and had accepted the delegates' terms. These were: First, immediate peace; second, that telegrams be sent to the front instructing soldiers to return to Germany; third, that no orders be given without the assent of the soldiers' committee; fourth, that all units, from division to company, shall elect representatives to the soldiers' committee. Asks Peaceable Departure The governor general asked that the Germans depart peaceably and respect life and property. German officers then of their own volition began to strip the insignia from their uniforms. Some of them, however, were sullen and depressed. A letter had been received from Field Marshal Von Hindenburg, who was at Bingen-on-the-Rhine. It was read to the crowds. It said: "I am heartily in sympathy with the regenerative movement. Soldiers must obey the orders of the supreme power." Soldiers Sing "Marseillaise" Some soldiers then entered the park which has been closed to the public for four years. They smashed the marble slabs surrounding the beautiful ponds, broke their guns and threw the gun barrels in the water. They then formed a procession and, singing the "Marseillaise," paraded through the city behind the red flag. The only bloodshed in Brussels occurred on Monday when a patrol detailed by the soldiers' committee to keep order, fired upon a disorderly crowd, killing twelve civilians and wounding about thirty. The crowd had depredated the firing of a plank volley by the soldiers.

TEUTON MOTHERS PLEAD FOR EASY ARMISTICE YOKE

Tell Wife of President Hunter Stalks and Terms Press Hard

Washington, Nov. 15.—Appeals addressed to Mrs. Woodrow Wilson and Miss Jane Addams, of Chicago, on behalf of the women of Germany, asking that the armistice terms be modified to prevent "unspeakable disaster" have been sent from the German wireless station at Naenen. They were picked up by the military intelligence radio at Houlton, Maine, and were made public last night by the War Department. Fear Death From Hunger The appeal to Mrs. Wilson said the women and children of Germany have been "starving for years" and that they "will die of hunger by the millions" unless the terms of the armistice are changed so that sufficient rolling stock will be made available for moving food from the farms. It was dated at Berlin and signed by Gertrud Beumer and Alice Salomon for the "National Council of Women in Germany." The appeal to Miss Addams was dated yesterday. It said that the German women "foreseeing entire famishment and mutiny for their country," urged "their American sisters" to intercede to have the armistice terms modified. "We are all free voters of a free republic now, greeting you heartily," the appeal said. Messages Voice Distress The message to Mrs. Wilson follows: "Berlin, Nov. 12, 1918. To Mrs. Woodrow Wilson, White House, Washington, D. C. Madame: According to the terms of the armistice Germany has to surrender a very large part of the rolling stock of her railways. At the same time she has to feed the troops of her former enemies in the occupied provinces of Germany. The German women and children have been starving for years. They will die from hunger by the millions if the terms of the armistice are not changed. We need the rolling stock of the railways to bring the food from the farms to the cities. It will be impossible to feed the soldiers of the occupying armies if we cannot get large amounts of food from overseas. The women and children all the world over have been the innocent sufferers of this terrible war, unless "hunger" has in Germany. Let it be through you, Madame, to implore our sisters in the United States of America, who are mothers like ourselves to ask their government to change the terms of the armistice so that the long suffering of the women and children of Germany may not end in unspeakable disaster." For the National Council of Women in Germany. (Signed) GERTRUD BEUMER, "ALICE SALOMON." The message to Miss Addams follows: "Poiz, Nov. 13, 1918. To Jane Addams, Hull House, Chicago. German women, foreseeing entire famishment and mutiny for their country, urge their American sisters to intercede relief of truce conditions regarding terms of demobilization.

HOW TO USE VAPORUB IN TREATING SPANISH In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment. In very hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well into the skin. Repeat this treatment on thickly and cover with hot flannel cloths. Leave the bed-covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off by influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface and thus relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and snuff well back into the head. KEEP FREE FROM COLDS BY INHALING VAPORUB Colds irritate the lining of the air passages and thus render them a much better breeding place for germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half-full of boiling water—put in a half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of no more than three (3) dozen size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of a check or money order. Naturally, no new accounts can be opened during this rush. SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST We have prepared a little folder giving all the information available so far on Spanish influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request.
