

# NEWS AND NOTES OF THE BOY SCOUTS

## TROOP 20 HIKES TO HUMMELSTOWN

Scouts Have Time of Their Young Lives on Long Distance Tramp

Last Thursday the troop took a hike to the Hummelstown cave. We left the church at 7.30, and took the car at Sixth street and rode to Paxtang, from which point we hiked. When we were about half way there we stopped at a schoolhouse playground to rest, but most of the scouts did not do much resting. They made good use of the swings and seesaws. Scout Long performed acrobatic stunts on the trapeze, while Scout Conrad busted himself trying to get into the schoolhouse. About a mile from Hummelstown we saw a man trying to pull a threshing machine up a hill with the aid of a small tractor. He was not able to do it, because of the road. As true scouts, we all put our shoulders to the machine and away it went up the hill. When we reached the top the man thanked us and said: "If you scouts hadn't come along, I'd still be pulling at this tomorrow morning." He offered us a

## TROOP 13 HAS A LIVE MEETING

Scribe Fenstemacher Tells of Up-to-the-Minute Stunts Committee Work

Troop Thirteen has a scout program—that is, she has one scout meeting night for business, another for the entering of new scouts, and another evening for games. Well, the committee which contains four members, Fenstemacher, Keller, Harris and Jason Snyder. This group of boys has always shown lots of action in scout activities and we had a good scout game program for last Friday evening. The troop had a short meeting and after the regular exercises which included a stunt committee which contains four members, Fenstemacher, Keller, Harris and Jason Snyder. This group of boys has always shown lots of action in scout activities and we had a good scout game program for last Friday evening. This group of boys has always shown lots of action in scout activities and we had a good scout game program for last Friday evening.

## Troop No. 4 Adds Gold Star to Service Flag; Entertain "Y" Worker

Troop No. 4 held its first indoor meeting for five weeks the other evening. It was an important and interesting meeting, as Garfield McAlister, our former scoutmaster, was home from Camp Sevier where he is stationed as Y. M. C. A. secretary. We were all mighty glad to see him and enjoyed the fine talk he gave us.

Election of officers was held at this meeting. The following will serve for the coming year: Henry Kluch, president; John Hobart, vice-president; Edward Keller, secretary; and Dixon Speakman, treasurer. Last, but not least we added a gold star to our service flag in honor of Eugene Davis, an old scout of Troop No. 4 who was killed in action in France. The troop is weeding out some of her inactive members and replacing them with new ones. Watch out, other troops, Troop No. 4 is the oldest troop in the city, and now we're going to try to be the liveliest one.

## Troop Eight Is Busy With Much War Work

The scouts of Troop 8 have made good use of the vacation from school to help with the Fourth Liberty Loan, the War Work Campaign and also in shipping peach stones to be made into gas masks.

We have made some progress in decorating our scout room, and have had a baseball game with other troops to come to one of our meetings and compare our room with his. (The office scout would like an invitation to the game.) Last Monday night about twenty-five of our scouts demonstrated that they knew either five letters of the general code or seven of the semaphore, and next Monday night the same scouts will know five or seven more letters if they wish to be members of Troop 8.

## FIRST NEWS QUIBS OFF MORNING WIRE

By Associated Press

New York. — Contributions by the nation to the United War Work campaign totaled \$65,558,923 yesterday. Arizona had turned in its quota.

London. — The first steps have been taken in England to relax prohibition on imports and exports. Sir Albert Stanley said here last night.

London. — Germany requests fish in food food, and Great Britain will be able to supply large quantities of herring and other pickled fish.

Washington. — In advance of the meeting of the Supreme War Council, soon to be held at Versailles, officials here decline to discuss the approaching peace conference and the approach any view the United States may have as to time or place of its assembly.

Copenhagen. — The Berlin government has issued orders, in which it says it will support the officers in maintaining discipline in the Navy. The order calls for all ranks to cooperate in carrying out the terms of the armistice.

Elkins, W. Va. — Fire last night totally destroyed the Elkins Box Company plant with estimated losses of \$200,000. An explosion in a pipe which carried shavings from the works is thought to have started the fire.

Uniontown, Pa. — The dismissal of the J. V. Thompson creditors' committee on the ground that the body had not met for several months, is the subject of a bill in equity filed here yesterday.

## War Labor Head Says Careful Plans Will Give All Peace Jobs

Washington. — Chairman Felix Frankfurter, of the War Labor Policies Board, authorized the following statement on the plans of the Government to readjust industry:

"There is no occasion whatever for any unemployment or misery in this country. There are enough jobs if we carefully make the adjustment that has to be made from an energetic war production basis over to the eventual peace basis. Secretary Baker has given orders that there should be no curtailment of war work in the War Department, which is, of course, the biggest war producing agency, except after consultation with representatives of the War Industries Board and the Department of Labor. "The point is that before you cut down what releases raw material the War Industries Board should know where the material is, and the Department of Labor, through the employment service, should be able to take up any labor released so there should be no quick changes between being involved in turning the country over to a peace basis. "Chairman Hurley indicated that the ship industry would go on in this country and would employ as many men as they have now. The whole process is to guide the thing with the necessary intelligence and foresight. As to the wage scales, there would be no quick changes because that would be an unhealthy process. I think we want to make a gradual healthy adjustment. I think if the interests of labor and industry are represented in working out these things, labor with the rest of the interests of the country will accept what changes are necessary in going over to a peace basis. "What labor should have is what the country is entitled to have—that is, the charge should not be on the shoulders of the Government, labor and industry. "We must fasten our minds on this. The needs of this country and the needs of the world call for great productivity from the United States of all kinds of goods. If we keep our heads, and if we work these things out in a co-operative way, there ought to be very little dislocation in turning this nation over to peace purposes. "I cannot speak in detail of the

## One in Four of Our Men Called for Draft Examination Was Physically Deficient

CITY PHYSICIAN STRONGLY ADVISES ALL PERSONS TO HAVE BLOOD EXAMINATIONS MADE BY FAMILY DOCTOR SAYS THOUSANDS SUFFER FROM IRON DEFICIENCY

And think its "overwork," "too much worry," "a case of nerves," or some other trouble. Ordinary Nuxated Iron will increase the strength and endurance of such folks in two weeks' time in many instances.

In General Crowder's report to Congress, he stated that twenty-nine per cent of the men called for physical examination were found physically deficient. More than one out of four of the flower of our manhood was staked and many of them perhaps did not know it.

Dr. James Francis Sullivan, formerly Physician at Bellevue Hospital, (Outdoor Dept.) New York and the Westchester County Hospital, said: "The probability is that many of these cases were due to a lack of sufficient iron in the red blood corpuscles. Iron goes from the blood, you can find out by a simple test. One-fourth of the people are sick-not up to the normal health mark as shown by reports to Congress on the draft examination. I strongly advise everyone who feels weak, nervous, or has a run-down state, to get a blood examination made. Thousands of people are suffering from iron deficiency and do not know it. In my opinion there is nothing like organic iron—Nuxated Iron—to help give increased strength and energy to the weak, run-down and aged."

## Walters' Strike Shuts Up Dining Rooms at Sherry's

New York.—The waiters' strike extended to Sherry's and 100 other dining rooms were closed and many hundreds of guests turned away.

When Mr. Wilson, the manager, was asked last night whether the waiters would be fought, he replied: "We do not know as yet what we will do. We may employ women waiters and fight the men, but we have not come to any decision." It was the first time in the history of Sherry's that its dining room was closed.

## Scouts Make Good Showing in Big Celebration Parade

It is a matter of pride with every scout and scout official in the city that the scouts made such a good showing in the peace demonstration on Monday.

The stunt committee had other games on their program, but the time went very fast and it soon became the hour for bed and although the program was not finished out one night the remaining games can be played some other evening when the troop can gather on the Boyd Memorial gym floor and tire themselves out trying to defeat each other in the various games which the stunt committee has arranged for them.

More every game played was run over twice or in some cases three times but the above results are official as they come direct from the chairman of the stunt committee and the troop hopes to have many other games like this not only among her own scouts but between other troops throughout town.

Of all the games played on the gym floor by the scouts of Troop Thirteen the Antelope race is voted as the best and the scouts got the most out of this game than any other played not because of the game itself as the many number of belts which the scouts break in order to play this game, and not a small amount of boys went home last Friday evening without being minus a whole belt and in some cases even pants were torn which if they didn't happen to be gym pants not many scouts would have gone home last scout meeting night without first getting another pair from Home Sweet Home.

SCHIBBE FENSTEMACHER, Chairman.

definite plans of the Department of Labor. Its problem arises from the demobilization both of men actually under arms and men in industries whose activity will be terminated by the war. It is a question of utilizing labor, and it is a question of industry. The function of the Department of Labor is to assist the process of absorption of men after they are released from the Army, and therefore it is evidently a concern of the Department of Labor and the Navy.

"The task ahead now is for us to work out in detail the principle of co-operation everybody recognizes as essential."

NO SUCCESSOR NAMED  
A successor for the late Rev. E. S. Curtis, former pastor of the Westminster Presbyterian Church, who died lately of pneumonia, will not be chosen for weeks to come. At a meeting last night of the session at which the Rev. H. E. Hallman as moderator, names of applicants for the pastorate were considered.

MENTAL CLINIC MEET  
The first meeting of the new Mental Hygiene Clinic was held yesterday afternoon on the upper floor of the School Administration building. Dr. William E. Wright is chief psychiatrist and Austin Miller is executive secretary. A number of cases were treated.

BISHOP ADDRESSES SOLDIERS  
Soldiers at the Aviation Depot at Middletown were addressed last night by Bishop James H. Darlington in the presence of Y. M. C. A. officers. Other speakers were: the Rev. Dr. Floyd Appleton and J. P. Virgin, local Boy Scout executive.

BREAKING BOTTLES  
Arrested for breaking bottles in front of Market Square Presbyterian Church, early last evening, William H. Smith will be given a hearing on the charge at 2 o'clock this afternoon.

CHARGED WITH ASSAULT  
Wanted in New York for assault there on G. B. Peterson, Detective Murman yesterday arrested C. A. Marshall, of that city. He will be held for extradition.

OLD ENGLISH REMEDY FOR CATARRH, CATARRH, DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrh, deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively here where live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmit (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring relief from distressing head noises. Clogged nostrils should be kept open by use of steam inhaler upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.
