

PROPERTY LOSS HEAVY IN RIVERSIDE WHERE CYCLONE PLAYS QUEER PRANKS

SCORES OF HOMES WRECKED BY HIGH MIDNIGHT WINDS

Many Have Narrow Escape From Death When Homes Are Crushed In

STORM FOLLOWS NARROW PATH ACROSS THE FOURTEENTH WARD

Debris Scattered For Many Blocks In Terrific Storm That Providently Permits Families to Escape

Commissioner C. W. Burnett has been named as chairman of a relief committee by Mayor Keister to take charge of relief work in Riverside. The other members of the committee are R. Ross Seaman, Mercer B. Tate, Lockwood B. Worden and Thomas Burns.

Substantial Dwellings Crumbled Like Houses of Cards Before Worst Windstorm in Years

MR. AND MRS. CHARLES DUNLAP and their son, residing at 3219 North Sixth street, narrowly escaped death when the terrific wind overturned their house and sent it crashing against the one occupied by the family of William Conrad, 3208 North Sixth street.

Scores of dwellings in Riverside, the recently annexed Fourteenth ward of the city, were either ruined or badly wrecked, by a storm that swept over the city shortly before midnight last night. The damage may exceed \$50,000.

One large frame house in North Sixth street, was completely overturned and crashed through the side of an adjoining property; another double house was lifted off its foundation and dropped into the cellar with the floor of the second story about a foot above the street level.

Storm Plays Many Tricks Many freakish tricks were noticeable. The roof of a double brick dwelling was split in half. One half was carried over to the railroad and the other only slightly damaged.

Child Narrowly Escapes Death So far as could be learned everyone in the storm swept area escaped any serious injury. Mrs. D. E. Lucas, 303 Lewis street, was cut and bruised but is not in a serious condition.

Charles Dunlap, 3212 North Sixth street, and his wife and son, had probably the most miraculous escape of any. Mr. Dunlap was standing at the window in the middle room on the second floor of his home when the wind ground the dwelling from its foundation and sent it crashing on its side against the house of William Conrad, 3208 North Sixth street.

Freight Cars Badly Damaged In the Pennsylvania railroad yards in the path of the storm freight cars were unroofed and coal and other articles being shipped were scattered hundreds of feet. No employees were hurt.

Wind Lasts But Few Minutes At its height the storm only lasted a few minutes, but high winds continued for an hour and a torrent of rain flooded everything making all rescue work difficult. City police and firemen

AMERICAN ARMY OF OCCUPATION MOVES FORWARD

Yankees Make New Friends on Advance to the Rhine

VILLAGERS ARE ALARMED

Germans Had Told Residents of Lorraine That U. S. Was New Foe

With the American Army in Lorraine, Nov. 18.—Early this morning the American advance toward the Rhine was resumed and another big step on the road toward the heart of Germany taken.

Villages and towns along the route looked peaceful, except for some which had been scarred by explosions of aerial bombs. The people were nearly all moved out by the Germans. In some cases less than fifty persons remain in a village.

The people generally were quite timid when the Americans made their appearance. They remained in their houses until assured that the Americans were not another form of enemy. The Germans had told them that this would be the case. Once assured that the Americans were friends, the welcome given by the villagers was sometimes hysterical in its earnestness.

With the American Army North-east of Verdun, Nov. 18.—Two six-inch cannon which were turned over to the Americans at Spincourt on Saturday were guns used by the Germans to shell the Verdun region. Forty-two guns of various calibers were turned over. The sixteen-inch guns were taken apart by the Germans into three sections.

STATE'S HEROES TO PARADE IN PHILADELPHIA

Veterans of Keystone and Liberty Division to Get Great Ovation

Harrisburg's plans to give its heroes a tremendous ovation when they get home from the front was given an impetus to-day when it became known that the War Department is planning to send back the Keystone (28th) and Liberty (79th) divisions as units.

According to General March's plans the Keystone division, the old Pennsylvania National Guard which covered itself with immortal glory in the desperate battling with Pershing's First American Army is to be sent to Camp Dix or Camp Meade for demobilization. It is the hope of the War Department that the entire division of 45,000 men may parade.

Five Persons Killed in Fight With Mob Bent on Lynching Prisoner

Winston-Salem, N. C., Nov. 18.—The death toll in the riot here last night which followed efforts of a mob to storm the city jail and lynch a negro prisoner, had been increased at midnight to five—a girl spectator, a city fireman and three negroes. The police believe that a detailed search will show at least seven persons, and possibly more were killed.

Upward of a score of persons are believed to have been injured, five or six of them seriously. They are mostly white persons and include two members of the home guard, which was called out when the mob made its second visit to the jail after shooting a negro and accidentally wounding a white prisoner in the afternoon.

CONSERVATION OF FOOD NECESSARY, M'CORMICK RULES

H. R. Simonetti Fined \$100 For Operating Without License

That the advent of peace will not relieve grocers, restaurant proprietors, and others affected by the federal licensing of food establishments, was evidenced this morning when H. R. Simonetti, who conducts a commission merchant's business at 105 South Second street, was ordered by Donald McCormick, county food administrator, to pay a fine of \$100 for operating without a federal license. The money was devoted to the Red Cross.

Federal Licenses Necessary According to information received the federal licensing of food establishments has become even more strict. All millers of corn, oats, barley and rice under 75 barrels, or any other operating general storage warehouse, manufacturing establishments or distribution agencies of vegetables or edible fats and oils, must be licensed. This is in addition to the

GERMANY FACES ENORMOUS DEBT AS WAR'S PRICE

Citizens to Be Forced to Yield Bonds in Payment of Taxes

MANY HELD IN AMERICA

Obligation of Empire is \$35,000,000,000; 18 Billion Owed by the United States

Washington, Nov. 18.—Study of Germany's financial situation has been undertaken by government agencies here with a view to throwing light on the ability of the German nation to pay big sums as reparation for devastation of invaded countries. Unofficial reports indicate that Germany's national debt, represented mainly by war bonds held within the empire, now is nearly \$35,000,000, or more than two-fifths of the estimated national wealth of eighty billions.

Staggering Debt Faces Huns Although there has been no official announcement or intimation of the aggregate amount which the Allies will expect Germany to pay, it is certain to run into billions of dollars. Necessarily, the terms of payment must accord with Germany's ability to pay. This ability will be measured by the nation's power to revive her peace time industries and trade and to tax this for state purposes. Financial observers here say some claims for restoration and restitution set forth by interests in a few Allied nations are extravagant, because they go beyond Germany's
