

**Germans Leave Proof of Willing Spirit in Exit From War; Yanks Occupy With the American Army in France.**

Nov. 18.—All over the reconquered country where the Americans have passed there is evidence of the wholeheartedness with which the Germans quit. Camps with temporary buildings have been left intact. Not one was burned here and there have been seen great piles of helmets and gas masks, which betrayed the manner in which the German companies threw away the equipment they had learned to rely on but also to hate.

Every road leading eastward from the Meuse was filled with columns of American troops from morning until night, the men marching or traveling on vehicles of various kinds in the general direction of east-by-northeast.

At different outposts where the "jump off" was made before daylight Sunday the Americans had hauled great piles of supplies, which already have started to move up for use by the advancing troops. At some places these piles of supplies resembled hills.

**Unrest in Holland Less Threatening; Well in Hand**

London, Nov. 18.—Authoritative dispatches received from Holland yesterday show that the situation there is distinctly improved. Disturbances and excitement has not died out completely, but the situation was well in hand. The Queen drove out Thursday in an open carriage. She was cheered and was received everywhere with respect.

On Wednesday at The Hague, soldiers were posted to guard all public buildings and government offices. Cavalry patrolled streets in that city and it was assembled in Amsterdam, where revolutionary demonstrations occurred.

**CONVALESCENCE**

"Getting Better" is the most serious term for those who have had grippe, influenza or other severe sickness. Something more than ordinary good food is required to build you up. A tonic is needed, and for this purpose doctors usually prescribe some form of iron. Nux Vomica, Gentian, and Zinc Phosphate.

The Iron especially is very essential but in most preparations it causes constipation. In Dr. Chase's Blood and Nerve Tablets this is overcome however, by the addition of Aloin to the other tonic remedies.

As these tablets contain all of these essential tonics in any easily assimilated form they make a pleasant and sure health restorer and of inestimable value at this time.

Weigh yourself before taking and watch the rapid progress of returning health.

Dr. Chase's Blood and Nerve Tablets may be had at almost any drugists at sixty cents a box. Special strength ninety cents.

**Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment**

Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making remedies for practically every ill and ailment of mankind. Medicines made from roots, herbs, and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by

eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle, acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison, and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store to-day. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. If yours is a peculiar case write to Medical Director, 442 Swift Laboratory, Atlanta, Ga.

**Pastor of M. E. Church Writes That Bliss Native Herb Tablets Freed Him From Stomach and Bowel Trouble**

Rev. J. W. Paterson, pastor of Methodist Episcopal church, Archer, Iowa, says: "Bliss Native Herb Tablets do all you claim for them. I was a sufferer from stomach and bowel trouble for some time, but I found Bliss Native Herb Tablets. I am free from this distressing trouble. I have never been without your medicine during the past three years.

A change in my diet, new food, strange cooking and the upsetting of regular habits very often produce stomach conditions which cause ill-ness, constipation, and stomach disorders that seriously in-

terfere with one's daily occupations. All these ailments can be avoided by taking one or two Bliss Native Herb Tablets at bedtime. They soothe the stomach, relieve constipation, act gently on the entire system, and assist the blood to perform nature's functions in a healthy and normal manner. Bliss Native Herb Tablets are put up in a yellow wrapper bearing portrait of the founder. Each every tablet is stamped with our trade mark (A.B.). Price \$1 per box, 25¢ per box, and get the genuine. Sold by leading druggists and local agents everywhere.

**STATE LICENSES ARE IN DEMAND**

Chances That the Total to Be Issued This Year Will Exceed the Record

Pleasant fall weather, woods in good condition and farms well cleared of crops, thanks to a late autumn, have caused more hunters than usual to be in the field the first half of November according to what has been reported here by the state's game protectors and the belief here is that the number of hunters' licenses issued this fall will come pretty close to the record of 305,000 hung up last year. Dr. Joseph Kallfus, the secretary of the Game Commission, who has been out visiting hunting counties says that where men took care of game in the territory and cold last winter there is good shooting now and that it tells its own moral. Open weather, however, is said by the game authorities, to be the great inducement and the fact that so many men have gone out when over a quarter million Pennsylvanians are away on war service shows the extent of the popularity of hunting. One result of the interest displayed will be that there will be more attention given to the care of the game, especially the ground feeders and such bug eaters as quail. More farmers than ever before because of the general recognition of the value of these birds as destroyers of potato bugs.

The demand for increased supplies of hunters' licenses arm hands has surprised this year. Philadelphia and York have asked for a thousand more each; Erie for 750, with Lancaster, Dauphin, Berks and other eastern agricultural counties requesting more and Washington, Butler, Mercer and Westmoreland also seeking new supplies, although Westmoreland was sent 10,500 at the start.

In some of these counties men have asked that steps be taken to stock their districts with small game and more interest is displayed in preserves than ever before. The popularity of rabbit hunting is also commencing to be renewed and cottontail propagation will get support next year.

**DROPS GERMAN NAME**

Lancaster, Nov. 18.—The Germania Singing Society has petitioned court to change its name to the Concordia Singing Society. Its purpose is also to be changed from "the training of German male voices" to training "English voices." Under process of law the matter goes over three weeks.

**LUXURIES IN COMPENSATION**

Chairman Mackey Issues Interesting Opinion in Deciding Dependency Claim

"The claimant is entitled to be judged dependent upon the contributions of a deceased child, if these contributions have been necessary for support interpreted in accordance with the station of life and manner of living of those who asserted such dependency," says Chairman Mackey of the State Compensation Board, in a new decision regarding what constitutes a parent's dependency rendered in *Hickano vs. Rochester and Pittsburg Coal and Iron Company*. "It might be shown that the child's contributions to the family purse had been necessary to maintain other members of the family in school or to furnish musical instructions to other members, or to maintain an automobile or to obtain other very proper luxuries which can not be included in the category of actual support. We do not think that the parent is intended that the employer should pay compensation in order to secure these items for the home."

In addition to announcing this finding the Board held that two men who claimed compensation for poisoning during manufacture of the "T. T." that they became sick gradually and not from an accident as contemplated by the compensation act. In *Hesson vs. Reading Railroad*, a Philadelphia case, it is held that the deceased was a car inspector and that the train was interstate commerce. In *Hardin vs. Pittsburgh Steel Foundry Company, Pittsburgh*, compensation is awarded parents for death of a son who was an office boy, fatally injured by fellow employes with a compressed air hose. The fact that they took him into a room where he was not employed and used the hose as a joke, does not alter the case. A rehearing is ordered by Commissioner John A. Scott, in *Repine vs. Pennsylvania Railroad, an Indiana county case*.

The Board in an opinion by Commissioner James W. Leech, terminates compensation in *Dickson vs. Ellsworth Collieries Company*, because it is found that the claimant suffered from infantile paralysis and disability is due to that disease and not to an accident.

**Sims Calls For Cheers For King George; Yanks Respond With Enthusiasm**

By Associated Press

London, Nov. 18.—At an entertainment given for American soldiers and sailors and women war workers at the Palace Theater last night Adjutant General Biddle, U. S. A., and himself.

The American soldiers and sailors present at this evening's performance at the Palace Theater, given under the auspices of the British committee for entertaining the American forces, desire to send respectful greetings to his majesty, the King, and at the same time inform him justly how glad we are to have been associated with the men of the British army and navy in the present war.

"They trust that the spirit of good fellowship and loyal mutual support that have characterized all the relations of the British and American forces will continue through all the coming years, and continuing will guarantee the perpetuation of the high ideal on which they hope a lasting peace will be founded."

The message having been endorsed enthusiastically by the audience, Admiral Sims called for three cheers for the King, which were heartily given.

**Prince Eitel Guarded by Loyal Troops; Machine Guns Guard His Belgian Refuge**

By Associated Press

Brussels, Nov. 18.—Dressed in civilian attire, the correspondent slipped through the lines before the German soldiers evacuated Brussels and spent two hours in the city. At that time no Allied soldiers had trod the streets of the Belgian capital. The correspondent found the capital calm and expectant, awaiting the departure of the unwelcome guests and the arrival of King Albert's soldiers.

The disorders of the early days of the week were over. General Von Falkenhause, who has been governing the general of Belgium, has disappeared. Prince Eitel Frederick, son of the former German emperor, still was at Louvain on Wednesday, being escorted by 100 faithful soldiers. Machine guns were mounted about the house where he was staying and were trained on the Jesuit College nearby. Prince Eitel feared he would be kidnaped by treacherous German soldiers.

The German soldiers' committee is holding meetings in the Senate Chamber. It is a heterogeneous gathering. Unwashed privates fraternize with monocled officers. Baron von Der Lanchen, civil governor of Brussels during German occupation, is a conspicuous member of the committee.

**Don't Gamble With Your Health**

**Reichstag Leader in New Socialist Cabinet**

Got a cold and decided to let it wear off, have you?

This neglect and taking chances with colds is responsible for more deaths than the whole list of diseases. It paves the way for all kinds of disease, particularly pneumonia.

The cold settles down and attacks the lining of the lungs—then it is pneumonia.

Many "cough syrups" and "balms" are dangerous. Their only effect is from opium and other nerve deadening drugs they contain. It is a temporary, stupefying effect, and the cold remains just the same and wears away the weakened body. It only disappears when its place is taken by a more serious disease like pneumonia.

Take no chances. Begin today taking Father John's Medicine which has had more than sixty years of success treating colds and coughs without using alcohol or any dangerous nerve-deadening drugs. It builds fighting strength to ward off disease.

**TAGS WILL BE SENT OUT DECEMBER 1**

Highway Commissioner O'Neil Issues a Warning That New Ones Must Be Ready

According to an announcement made to-day by State Highway Commissioner J. Denny O'Neil the shipment of 1919 automobile license tags will be started on December 1, two weeks earlier than they have been ordinarily sent out to automobile owners throughout the state. The commissioner accompanied this announcement with a request to all owners of cars to apply at once for their registration cards and license tags.

"If the public will co-operate with the State Highway Department by making early applications, tags can be mailed early in December," says he. "This will help avoid congestion in the mails which has occurred later in the month and insure receipt of tags by owners in ample time. The intention is to require every car appearing on January 1 to have a 1919 tag. The State Highway Department has 118 men in the army and navy. This year much of the work connected with the distribution of automobile licenses must be done with new and inexperienced help."

Persons who do not have 1919 tags on January 1 will be arrested and fined, it is said at the department.

**Boards Still Busy**—Figures issued today by Major W. G. Murdock, the state's chief draft officer, show that in the week of November 8, when the signing of the armistice came, the eight district appeal boards of the draft system in Pennsylvania acted upon 19,120 claims and appeals and denied 4,907. Pittsburgh had 2,889 of the 15,969 industrial claims, Harrisburg being next with 2,158 and Harrisburg led with 1,057 of the 3,310 agricultural claims. Philadelphia has 359 of the 741 appeals in all there were 2,951 industrial claims refused and 585 agricultural and 471 appeals. The work of the boards decreased materially last week.

**Care For Disabled**—Questions pertaining to the placing of disabled workmen in Pennsylvania industries will be considered at meetings of the State Compensation Board this week at four eastern Pennsylvania cities. Following the meeting to-day at Reading the Board will sit in Pottsville to-morrow, Wilkes-Barre, Wednesday and Scranton, Thursday. Numerous lists of places open to men injured in various ways, maimed, partially blind or deaf have been made up.

**Back to Work**—The last of the State Reserve Militia in service in the campaign against influenza will be returned to private life this week and the hospital equipment sent to various sections of the state is now commencing to return to the State Arsenal. All of the equipment has been disinfected before leaving places where it was in use.

**In Full Swing**—With exception of deer the state game season is now in full swing, the wild turkey period having opened Friday. The small game season will generally close on November 30, and the deer season open December 1 to run until December 15.

**No "First Degree"**—For the first time in several months there will be no first degree murder cases on the list for the State Board of Pardons, although in the thirty-six new applications resulting from the combined October and November lists there are five second degree cases in which pardon is asked and two involving manslaughter. Two first degree cases held over from September are awaiting results of investigations. William Webber, of Berks, granted commutation in 1895, is seeking a rehearing. He has been refused pardon three times since January, 1915.

**Protest Fied**—A protest has been filed against granting of a pardon to Richard A. Doerr, arson, Berks, whose case is due to come up before the Board of Pardons on Wednesday.

**Visited Hazleton**—Highway Commissioner J. Denny O'Neil and the engineers of his department were guests of the Hazleton Chamber of Commerce at a dinner Friday. They were on a tour of roads.

**Big Payment**—Register of Wills William Conner, of Allegheny county, paid the state \$116,000 as state taxes originating in his office.

**Not Much Left**—From all accounts the State Lake Erie and Ohio River Ship Canal now has the large sum of \$4.10 remaining to its credit.

**Hearing December 4**—The hearing in the complaints of residents of White Hill and Cherry's Mills against the stops of the Valley Railway Company, has been scheduled by the Public Service Commission for December 4.

**Returned From Virginia**—Adjutant General Beary has returned from Richmond where he represented the state at the National Guard association meeting.

**Work to Go on**—The construction of the state highway between Allentown and Bethlehem, which was interrupted because of conditions has been ordered to go on by Commissioner O'Neil because of the fine weather which has prevailed and which it is hoped will continue.
