Mrs. Mackie, the well-known New York actress, now a grandmother, and whose hair is still dark, recently made the following statement: "Gray streaked or faded hair can be imme-diately turned black, brown or light brown, whichever shade you desire, by the use of the following simple remedy that you can make at home: "Merely get a small box of Orlex powder at any drug store. It costs very little and no extras to buy. Dis-solve it in water and comb it through the hair. Full directions for mixing and use come in each box. "You need not hesitate to use Orlex powder does not contain silver, lead, zinc, sulphur, mercury aniline, coal-tar products or their derivatives.' "It does not rub off, is not sticky or greasy, and leaves the hair fluffy. It will make a gray haired person look many years younger."

For that reason the army program to be laid before Congress probably will show recommendations for continuing the aviation branches on a scale disproportionate to the other arms of the service. Every ef-fort is expected to be made to im-prove existing types of planes and engines or to develop new ones. Dr. Ernest V. He said this the Anti-Saloon League. He said this morning: "This conference will discuss the new relationships of the temperance question in Europe, as well as the legislation necessary for the enforce-ment of national prohibition. Before the outbreak of the world war the Anti-Saloon League met with rep-resentatives of the national temper-ance organizations of most of the civilized countries of Europe. These meetings ceased because of the war, but now the resumption of interna-tional relationships will be made possible by the coming peace.
