

### RAILROADS FACE SOME BIG FINES

Fail to File Reports as Required For State Bureau of Railways; Are Censured

Names of eight railroads and street railways of Pennsylvania which have failed to file reports with the State Bureau of Railways, a branch of the Internal Affairs Department, have been certified by Chief F. C. Gerberich, to the Attorney General's office for prosecution. These companies are liable for a fine of \$5,000 for failing to comply with the law.

Under acts creating the bureau every company must file a report of business with the bureau. Lately these reports have been made uniform with those required by the Public Service Commission and other bodies. Eight companies, however, have ignored all notices to present their statements.

**Institutes Start**—Farmers' institutes are reported to have had a very successful beginning for the winter season yesterday. There will be sessions held except for the usual holiday interruption until March 1. The state has been divided into five districts and the institutes started in Lancaster, Greene, Susquehanna and Clearfield counties. Special attention is to be given to grain cultivation.

**To Discuss Plan**—Plans of the State Commission of Agriculture to aid soldiers in the purchase of farms after they return from Europe will be considered at a meeting of the State Commission of Agriculture at a meeting to be held late this month. The proposal will be put into effect in form after being passed upon by bankers and men who have studied the land situation.

**Dauphin to Get Deer**—Plans for the purchase of a number of deer in Michigan and other northern states for stocking state game preserves this fall after the hunting season ends are being made by the State Game Commission. Attention will be given to the new preserves, including those of Dauphin, Union and Forest counties if possible. Deer will be purchased for stocking.

**Wheat Away Up**—State Agricultural Department officials believe that the acreage in wheat this year will go over a million and a half and beat the figures of each of the last two years when a drive to secure more wheat was made. Reports coming in of extensive fall planting and of plans for spring wheat. Big acreages for rye and buckwheat are also expected next year.

**Springfield Case Up**—The complaints of almost a score of boroughs and townships of Delaware and Montgomery counties against the new fire hydrant regulations of the Springfield Consolidated Water Co. fixed in accordance with the recent decision of the Public Service Commission, were heard by the commission this afternoon. There were about twelve lawyers present.

**Board Day**—This was "Board day" at the Capitol and the various financial and boards of control held their monthly meetings.

### U. S. General So Speedy Americans Capture Him

BRIG. GEN. DOUGLASS MACARTHUR

Brigadier General Douglas MacArthur has had the unique experience of being captured by United States troops. General MacArthur, who had to fight to get away from Washington because of his keeness and ability to tell newspaper men just what they ought to know, was a brigadier commander of the Forty-second division. The First and Forty-second divisions were advancing rapidly toward Sedan and the Forty-second outstripped the First. Near Antrecourt General MacArthur was taken prisoner by soldiers of the First Division who could not believe that any Americans were ahead of them. There were explanations and General MacArthur went ahead with the Forty-second.

In a number of sections of the state have sent letters of congratulation to Commissioner of Fisheries Buller upon the manner in which he has kept the fish distribution moving. The trout "planting" for this year will be notable in view of work done in spite of the influenza outbreak which prostrated field men and workers at hatcheries. Commissioner Buller went out himself to expedite matters.

**Mr. Clark Here**—B. M. Clark, prominent Jefferson county lawyer, was a Harrisburg visitor yesterday. Commission to Meet—The Old Age Pension Commission will have a meeting shortly to consider its report. The investigations are well under way in most of the cities.

**To Go Ahead**—The State Department of Health will go ahead with its building program now that federal restrictions on certain classes of construction have been raised. There will be a new heating and lighting plant and possibly an open air school built at Mont Alto Sanatorium; a 130-bed addition at Hamburg and various buildings at Cresson. Bids will be asked soon and it is believed that the construction will approximate \$250,000.

**Engineers Investigate**—State Health Department engineers have gone to Blairsville to inquire into the typhoid fever outbreak. There have been about twenty-five cases and milk is suspected.

**Follow Soldier Vote**—The progress of the soldier vote filing is being closely watched here by people from Lackawanna, Luzerne and Greene counties. Only congressional, but legislative contests may be affected by these figures.

**Influenza Deaths**—During the forty-eight hour period up to noon yesterday a total of 37 deaths from influenza and pneumonia had been reported to the State Department of Health. This includes a total of sixteen deaths in the city of Erie, 89 deaths in Philadelphia and 20 in Wilkes-Barre. The latest death reports bring the total number of deaths from influenza and pneumonia throughout the state since October 1 to 42,096.

**New Trustees**—Representative-elect I. P. Harvey, of Bellefonte, was appointed a trustee of Lock Haven State Normal School.

**Mr. Woodward Here**—Representative James F. Woodward, of McEvers, secretary of internal affairs-elect, was here last evening on his way home after a visit to the seashore.

**In Indiana County**—Dr. J. George Becht, secretary of the State Board of Education, went to Indiana county today.

**Ask Charter**—The application has been filed for a charter for the Harrisburg Shale Brick Company of this city, by J. H. Foreman, H. E. Dewalt and Arthur Root.

**NEW STEAM STATION**  
In order to insure uptown residents plenty of heat this winter, the Harrisburg Light and Power Company has established a new steam service substation in the basement of the new Commercial Trust Building. Building, Third and Bally streets. Manager C. M. Kallwasser stated that everything is in readiness to turn on the steam. Pressure amounting to 200 horsepower can be developed at the new substation.

## "The Live Store"

## "Always Reliable"

# Everybody Goes To The "Overcoat Fair"

The reason business is so good at Doutrichs is because we have the merchandise and we're sure we have the kind of merchandise YOU WANT, plenty of it, and that's saying a great deal these days, for many stores find it hard to obtain desirable merchandise, due in most cases to their neglect of placing early orders, and then again a great many merchants were "on the fence" afraid to take a chance, thinking probably there would be favorable changes in the markets, but alas—they were found wanting when the demand came upon them.

We received a communication from one of our largest and most reputable clothing manufacturers to-day, in which they size up the wool situation as it presents itself to-day — After you read it, draw your own conclusions as to whether YOU should buy YOUR Clothing NOW or wait for higher prices.

Supplies of fabric for civilian use are, and will be inadequate; for sometime past no wool has been allotted for civilian purposes, and only very gradually will this condition be changed and the necessary labor be forthcoming to meet the demands not only of this country, but of the entire world at large. In all probability prices for the next season, the Fall and Winter of 1919 will be somewhat higher than this Fall season.

This friendly advice is given to you and your friends so that you might be guided right regarding the clothing situation — If you take it kindly and are desirous of saving money, come here and take advantage of the greater values made possible through our enormous purchasing power and tremendous output.
