Collins, Philadelphia; Edmund Smires, Philadelphia; Joseph E. Meyer, Philadelphia; Joseph Thomas Rasmus, Pitts-burgh.

DANDELIONS DISAPPEAR

Kallspeil, Mont.—Many a law in Kallspeil that was so badly infested by dandelions that its owner de-spaired of its ever being attractive again has magically taken on a velvety appearance and the weed that threatened it with destruction has practically disappeared. The cause is ascribed to a small red insect, re-sembling the aphid, which has so greedily attacked the dandelion plants that they appear as though they had been killed by frost. In the last few days the insects seem to have attained the winged stage, de-serting their fore and filling the air. They cover trees, buildings, fences, and have fallen in such num-bers that the walks of the city are stained red wherthey have been crushed by pedestrians.

R. F. D. No. 1, Box 57.

in January. A revision of the statutes that will require a term of 50 days longer than the ordinary session is one of the undertak-ings. State revenues will need much attention, the taxing laws are to be revised, workmen's compensation actions, legislation in the interest of the public schools and state probate-

lems growing out of the war must also be dealt with. The revision of the statutes is car-ried out in Missouri every tenth year. To handle this important work, which will require several months after the session formally ends, a commission will probably be created to report back to the Legis-

lature. The sessions of 1911, 1913, 1915 and 1917 will be incorporated in the revised statutes. The work is very important, as the election laws had such workmen's com-pensation laws as the state possesses are now piecemeal affairs and full of inconsistencies. The State Bar Association and the

Judicial Conference are on record for the simplification of the code of civil and criminal procedure and for the modernization of the statutes. For several sessions workmen's com-pensation acts and the proposed code revisions have been attempted. This year the Missouri Federation of La-bor is sponsoring a law. It is likely,

however, that the divergent opinions and interests will bring about much controversy. It is regarded as a certainty that the state will ratify the National Prohibition Amendment, as the dyes will have 24 votes in the Senate, where but 13 will be required, and the house will be dry by two to one.

The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice, free may address Dr. Lewis Baker, College Bldg., College-Eliwood streets, Dayton, Ohio, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The pres-criptions can be filled at any well-stocked drugstore. Any druggist can order of wholesaler.

Astonishing and pleasing results fol-low and life and hope renewed.

"Reader" writes: "What should I do to relieve a severe case of kidney and bladder disease? Urine is dark, foul of odor, and passage is irregular, painful, and attended with depression, fever, chills, pains like rheumatism, and soreness in region of bladder."

Answer: For such symptoms as you describe, I prescribe my favorite for-mula under the name of Balmwort Tablets. This is a splendid efficacious remedy for such abnormal conditions. Begin their use as per directions on each sealed tube.

Mrs. C. asks: "My scalp itched terri-bly, is feverish and a great amount of oily dandruff is present. What is good for this?"

Answer: First shampoo the hair and apply Plain Yellow Mynol about once a week as per directions. This relieves the itching, overcomes the dandruff and makes the hair beauti-fully glossy and vigorous. Obtain in 4 oz. jars of druggists.

NOTE: For many years Dr. Baker has been giving free advice and pre-scriptions to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's his-tory. Thousands have written him expressions of gratitude and con-fidence similar to the following:

Dr. Lewis Baker, Dear Sir:—The Plain Yellow Mynol—it is great. I have used it twice. I have been troubled with itching scalp, falling hair for two years and have tried everything heard of and nothing did any good. I probably paid out \$25.00 in the last two years. But the Mynol stopped the falling hair and the itching is most gone. It is a great relief, and I surely believe that I can have my hair as nice and pretty as it was before. I am recommending it to every one who has falling hair, dandruff, and itching scalp.
