MIGHTY COLUMN OF FALLEN NAVY TRAILS AFTER VICTOR

YANKEE GUNNERS READY TO FIRE ON GERMANY'S SHIPS

Order of Admiral Only Needed to Draw Cannon

HEART OF BIG FLEET YIELDS

Great Cruisers in Ocean Pageant in Defeat

By Associated Press

Edinburgh, Nov. 22.—Germany, as a naval power, has ceased to exist. The heart of her mighty fleet—fourteen ships of the line, seven light cruisers and fifty destroyers—yesterday surrendered to an armada of British, American and French vessels, the greatest fighting force that ever stood out to sea.

Admiral Beatty's historic signal after the German fleet had been moored at the appointed place was: "The German flag is to be hoisted down at 3.57 and is not to be hoisted again without permission."

The minutely detailed program of submission laid down by the command of British, American and French ships, strung out in a single column almost twenty miles long, appeared at the rendezvous at the appointed time and were led into the Firth of Forth between twin columns of Allied ships which overlapped the Germans at each end.

At night the enemy craft were anchored in the Firth, under guard as prisoners. A surrender on such a gigantic scale has no precedent in naval history. The surrender automatically raised the United States to second position among the world's naval powers.

The German ships were sighted by the Allied columns at 9.20 o'clock, followed by their British pilot light cruiser Cardiff, which with destroyers and other small craft, had ranged ahead of the Allied fleet. Every vessel steaming out to meet them flew ensigns and was ready to annihilate the enemy's forces if a mission proved to be other than peaceful.

Five American battleships, the New York, Texas, Arkansas, Wyoming and Florida, were prepared to fire the very gun if the signal was given by Rear Admiral Rodman.

Weight anchor in moonlight. The main Allied fleet extending over a line fourteen miles long in the Firth of Forth began to weigh anchor at 1 o'clock in the morning. It was moonlight. The ships

Pershing Army Passes Through Luxemburg; City Pelts Troops With Flowers

Washington, Nov. 22.—General Pershing's communique for Thursday says: "Continuing its advance, the Third army reached this evening the general line Vichien-Mersch-Schuttrange-Rentgen-Kattenhofen. During the afternoon our troops passed through the city of Luxemburg, where they were welcomed as deliverers by the civilian population, who showered them with flowers and accompanied them in their march through the flag-decked streets."

City Officials Inspect Lancaster Water Plant

City officials went to Lancaster by automobile to-day to attend the opening of the water supply plant there. A number of improvements have been made at the Lancaster pumping station and the new equipment was put into service this afternoon. Those from Harrisburg who went to Lancaster were Mayor Keister, Commissioners Burnett, Lynch and Gross, City Clerk R. Ross Seaman, City Engineer M. B. Cowden and John Keffer.

THE WEATHER

For Harrisburg and vicinity: Partly cloudy to cloudy weather this afternoon, to-night and Saturday; not much change in temperature; lowest to-night about 36 degrees. For Eastern Pennsylvania: Continued cloudy weather to-night and Saturday; little change in temperature; moderate winds, mostly northwest.

GERMANY SHOULD EXPECT NO MERCY FROM ENGLAND

By Associated Press

LONDON, Nov. 22.—Herbert H. Asquith, the former premier, in answer to the appeal for modification of the armistice terms made by Prince Lichnowsky, former German ambassador in London, said to-day:

"If I had to make a reply to Prince Lichnowsky's letter or any similar appeal, I should say that the terms of the armistice did not, in my judgment, in the least exceed the just necessities of the case. Germany has brought them upon herself."

SEEKS TO OUST LOCAL FIRM TO OPEN NEW STORE

Cigar Store Company's Tactics Incense Harrisburg Businessmen

THE LEASE IS ATTACHED

Attempt to Establish Chain Shop Here Is Seen by Merchants

Businessmen in Harrisburg to-day were incensed when they learned of the action of a New York firm controlling a chain of cigar stores throughout the country, in attempting to oust a Market street store proprietor or at least to compel him to waive the option clause in his lease which would permit him to hold the room he occupies for another five years.

President Judge George Kunkel to-day signed an order staying a writ of possession issued by attorneys for the A. B. Schulte Company, 286 Broadway, New York, against the Holman-Haeseler Company, 286 Broadway, New York, and giving the Schulte firm ten days to show why the local businessmen

Camp Fire Girls Ask Contributions to Purchase Chocolate For Soldiers

As their part in the campaign for a chocolate fund for soldiers which is being undertaken by the Camp Fire Girls all over the country, the girls of the Rowan Camp Fire, of this city, are asking for early contributions. Boxes will be placed in front of stores in the city, and on Saturday two booths will be opened downtown, in front of the Victoria theater and in front of Bowman's department store. All funds raised in this city will be forwarded to the president of the fund, Mrs. Forrest Royal, 4 West Fifty-seventh street, New York. The local girls are working hard to make the campaign here a success.

Wounded Harrisburg Lad Reaches Home Port

A telegram from Private C. L. McIlhenny was received by his mother this morning, Mrs. T. H. Shaeffer, 8 South Thirteenth street, and stated that he had reached the embarkation camp at Staten Island and is in a hospital there. It is believed that he will be removed to this city soon. Private McIlhenny was wounded in the leg above the knee by shrapnel August 25, and has since been in a hospital in France, gangrene having set in. It is believed, however, that amputation will not be necessary. In former letters he praised the work of the Red Cross nurses and doctors abroad. He is a member of the Machine Gun Company of the 112th Infantry, and received his training at Camp Hancock before sailing in May. Private McIlhenny enlisted in 1917 at the age of eighteen.

Funds For Riverside Relief Urgently Needed

Members of the relief and finance committees now in charge of the funds to aid residents in Riverside whose properties were damaged in the recent storm said to-day that contributions are not coming in fast enough. "We have investigated conditions in the storm-stricken area," some of the members said, "There is no question that some of the families must have financial help and must have it at once. All subscriptions should be sent to the Dauphin Deposit Trust Company. Everyone in the city should help."

And There Are Those Who Think Everything Will Be Quiet After the War

NEW PENN-HARRIS IS MAGNIFICENT IN APPOINTMENTS

Architect Here to See Finishing of Great New Hostelry

W. T. Stoddart, architect of the new Penn-Harris Hotel is in Harrisburg to-day, inspecting the work on the million-dollar structure, soon to be thrown open to the public. In an interview with a Telegraph representative he gave a number of facts relative to the decorative ideas, etc. He said:

"A definite idea of the main rooms including two spacious lobby lounges, dining room and ball room may now be obtained as all scaffolding has been removed and the finishing details of the work only remain to be completed. The main lobby presents an attractive architectural design with its rows of columns, walnut wainscoting and marble floors. Specially designed cigar and newspaper stands, telephone and telegraph

700 CHRISTMAS PARCELS ON WAY TO HARRISBURG BOYS

Red Cross Aids Relatives in Sending Cheering Presents to Men Serving With General Pershing

More than 700 Harrisburg boys in the American Expeditionary Forces are going to be happy on Christmas day, because approximately 700 boxes have been sent on their way overseas by fond mothers, sweethearts and friends. These totals were made public to-day by Miss Mary Cameron, chairman of the committee in charge of inspection of Christmas parcels, at the headquarters, 120 Market street. When the soldier's "nearest relative" receives a Christmas label from his or her particular laddie in khaki—and no boxes can be sent without this label—he goes down to the Red Cross inspection committee headquarters, at the address given above. Upon presentation of the label a cart with three pounds of Christmas cheer. This parcel is taken to Red Cross headquarters again, where it is inspected, sealed, the label affixed, and after the necessary amount of postage has been placed thereon, it is started on its way overseas. More than 800 cartons have been given out to date and a hundred less have been returned. Some days ago, in harmony with thousands of request, local Red Cross chapters were authorized to secure labels for the "nearest relatives" who had not already received these from overseas. These labels have arrived at the headquarters, and Cameron announces, and are desired to secure them as early as possible on presentation of proper

SKIP STOPS TO REMAIN WITH COMING OF PEACE

Elimination of Alley Stops Has Resulted in Quicker Service

It is hardly likely that the old schedule of stops will be resumed in Harrisburg, although street car companies now are being relieved of the "skip stop" regulations imposed during the war as a fuel conservation measure. It was learned to-day.

While Felix M. Davis, superintendent of transportation of the Harrisburg Railways Company, was not prepared to say what the opinion of the directors of the Harrisburg Railways Company is concerning the resumption of the multiple stops, he did say that the service under the new system is greatly improved. Patrons of the company, he said, would be annoyed with the resumption of stops at every half square and the contingent slowing down of the service.

Service Is Bettered

Mr. Davis said that with the reduced number of stops, in addition to the quicker service for long run passengers, there is less tying up of traffic. Cars which formerly were forced to stop at every half square, constantly were losing their places in the schedule, and confusing traffic, Mr. Davis said. He expressed it as his opinion that patrons would sooner walk a half block for a car and then secure quicker service, than be able to board a car at any corner or alley, and then be subjected to the annoyance of numerous unnecessary stops during one short haul. The skip stop was recommended by the experts who last year made the survey of conditions here. It is likely, however, that a few of the stops eliminated during the skip stop period, will be replaced. This would apply only to where the skip stops make the distance between stops so long as to depreciate the service, it was said.

CAMOUFLAGE CARRIED SEAPLANES

POLICE SEEK INCREASE OF \$25 A MONTH IN PAY AND PENSION FOR RETIREMENT

Hohenzollerns Must Go

By Associated Press

Amsterdam, Nov. 22.—All members of the Hohenzollern dynasty will leave Germany in the near future, according to a Frankfurt dispatch to the Rotterdam Courant. Their destination, it adds, is not yet known.

So far as is known, the only members of the Hohenzollern dynasty who already have left Germany are William, Hohenzollern, the former emperor, and his eldest son, Frederick William, the former crown prince.

There have been conflicting reports regarding the former German emperor, who has been in poor health for some time, but the probabilities point to her not having left German territory. The ex-emperor has five other sons and one daughter, Victoria Louise.

LIGHTING BAN RAISED BY FUEL ADMINISTRATION

Conservation of Coal to Be Directed by Educational Campaigns

There will be no more "lightless nights." The order which for the past several months has made Monday, Tuesday, Wednesday and Thursday nights altogether "lightless," so far as outside illumination is concerned, and every night more or less "lightless," was rescinded to-day.

The revoking order was made subject to the ability of the Harrisburg Light and Power Company to carry the additional load. The Light and Power Company announced that it is unable to take up the demands, so lights may now be burned at any time and in any degree desired by the consumer. The fuel administration announces that it does not favor any further restriction on the use of light.

Thus another war-time conservation measure passes with the advent of peace. C. M. Kallwasser, chairman of the fuel administration conservation committee, announced this morning that the conservation educational program will be carried out and that the efforts of the conservation committee to further conservation will be a valuable asset to the city. Posters preaching the gospel of fuel conservation will be distributed by Boy Scouts within a few days. They will carry a number of "don'ts" and "saves" for the education of householders and other fuel consumers.

Druggists Who Sell Alcohol Without Medication Are Threatened With Arrest

Evidence that so-called non-beverage alcohol is being sold in this city without sufficient compounding was brought to light to-day through a statement issued by Collector of Internal Revenue B. F. Davis, in which he warns pharmacists against dispensing such alcohol contrary to Federal rulings. The government permits the sale of this article only between bonded dealers, and it cannot legally be obtained under a physician's prescription unless it is so compounded and acted upon to render it unfit for use as a beverage.

The statement to-day said that information has been received by the collector that pharmacists are dispensing the "non-beverage alcohol" on physicians' prescriptions without medication as prescribed by the Bureau of Internal Revenue. The Bureau prescribes that alcohol can be furnished in this manner under the Federal formula, but unless in the compounding it is so medicated as to render it useless as a beverage, it is a clear violation of the law.

The only other way in which such alcohol can be obtained is by permits obtained through bonding, and sale without medication is permitted only by one bonded dealer to another bonded dealer. In cases where the drugist will be held responsible as to the sufficiency of the medication. It is thought that the warning issued to-day pertains in particular to such cases where insufficient compounding has not been observed.

Curses Yankee Army, Man Without Credential Is Held For Grand Jury

Chambersburg, Nov. 22.—Cursing the American Army and boasting that he is a member of the I. W. W., William Weibel was arrested here to-day by Deputy Marshal Harvey Smith. Weibel, who is 21 years old and resides at Baltimore, was arrested on the charge of having no registration card. Marshal Smith took him before Commissioner Bonebrake, who held him for federal court. Weibel's provocation against the army and his claim of I. W. W. alignment resulted from his arrest on the above grounds, he becoming highly indignant and claiming insult.

Higher Salaries Are Favored by Mayor and Chief

TO GO BEFORE CITY COUNCIL

Pension Fund Made Possible by Civil Service

The Fraternal Order of Police, which includes all but one of the Harrisburg patrolmen, and all the detectives, has asked for an increase in pay of \$25 a month, and is contemplating measures for securing a pension. Both requests, it is admitted by Mayor Keister and Chief Wetzel, are reasonable. How soon either will be granted could not be estimated by them.

Confers With Mayor

A committee of four, from the Fraternal Order of Police, composed of Patrolmen Romig, Lowery, Buch and Detective Carson, during a conference with Mayor Keister, yesterday, asked for the raise. Their request was based on the grounds of high living costs, and the inflated wages of other occupations. Private police forces employed at industrial establishments in the city are better paid, the mayor admitted. Mayor Keister said that the request of the policemen was not a demand, and that their organiza-
