

CAPT. DISMUKES TO TELL STORY OF NAVY IN WAR

Harrisburg Officer in Command of Big Transport Attacked by Submarine

Captain Douglas E. Dismukes, who in command of the United States transport Mount Vernon, torpedoed by a German submarine off the coast of France, September 5, will be the speaker at the Harrisburg Chamber of Commerce luncheon meeting in the Board of Trade building at noon to-morrow.

Not the least of the tributes Captain Dismukes received for his bravery was warm commendation from Secretary of War Baker, expressed in a letter to Secretary of the Navy Daniels, soon after the Mount Vernon was torpedoed and brought into port.

How the transport, sorely crippled from the effects of the exploded torpedo, was piloted safely to harbor, with her wounded soldiers on board singing in the cabin, is only a part of the engrossing story Captain Dismukes has to tell.

Long in the Navy Only Captain Dismukes' superb seamanship saved the huge vessel and crew of 1,000 men, and brought it back to a French port safely.

He commanded the Gunboat Calao which was detailed to protect American interests in China during the Russo-Japan War. He was in command of the Gunboat Petrel, which took possession of Puerto Cortez, Honduras, in order to protect American property there during a revolution in 1911.

SOCIALISTS FEEL WRATH OF YANKEE FRIENDS OF FLAG

Rush Meeting in Madison Square Garden; Square Fills With Yelling, Running, Fighting Men; Mounted Police Called to Quell Rioting in New York

New York, Nov. 26.—At the close of a Socialist meeting in Madison Square Garden last night, which threatened to break into a riot, hundreds of soldiers, sailors and marines broke through a cordon of police and attacked the Socialists. Men and women leaving the hall broke and fled as the men in uniform charged past the police, but were pursued into the side streets in all directions.

The meeting had been called ostensibly to protest against the execution of Thomas J. Mooney, but Scott Weening, who presided, and the other speakers devoted most of their attention to pleas for the release of political offenders.

When the doors were opened at the close of the meeting, and the Socialists realized the danger threatening them, there was a rush for safety and almost instantly the square was filled with yelling, running, fighting men, most of them wearing red roses or carnations in lieu of the forbidden flags, roses above the din as they clanged and scratched the soldiers and sailors who were punning the male Socialists.

Mounted police, reinforced by automatic loads of reserves rushed from every stationhouse within a radius of miles, struggled valiantly to clear the square but made little progress.

Groups of Socialists soon were running madly along Fifth avenue above the din as they clanged and scratched the soldiers and sailors who were punning the male Socialists.

QUESTIONNAIRES READY TO GO OUT

State Authorities Prepare the List For the Teachers to Report on Orphans

The committee appointed last week by Dr. B. Franklin Royer, Acting Commissioner of Health to collect information for the Commonwealth regarding the number of children made orphans by the recent epidemic of influenza has prepared a questionnaire which will be filled out by school teachers throughout the state who will furnish a large part of the necessary data.

The committee expects to hold a conference in Harrisburg this week and the questionnaires will be supplied to teachers of every one room school throughout the state. They will be sent out the latter part of the week in time to reach the various school districts immediately after the Thanksgiving holidays.

In the meantime a special effort is being made by various benevolent and relief organizations to secure complete information in the larger cities regarding the number of children who have become dependent orphans because of the recent epidemic of influenza.

Despite wild rumors to the contrary conditions throughout Fayette county are improving and a fewer number of deaths are being reported from Wilkes-Barre, Uniontown and Allentown. The total number of deaths reported throughout the state during the 48-hour period up to noon yesterday from influenza and pneumonia is 503 making a total number of deaths from these causes since October 1, 44,690.

FRESH THE SERVICEMEN REMARKABLE RECORD MADE BY STATE GOVERNMENT BRANCH IN CHARGE OF WOODS

Records just compiled at the State Department show that fifty nine attaches of that branch of the State government were in the United States army when the armistice was signed.

Practically everyone of this number enlisted. One of the officers of the department, is a major. His name is D. Zeigler, former head of the Mont Alto State Forestry Academy.

The men from the department in the service are thirty-one foresters, one ranger, three of the labor force and twenty of the students at the State Forestry Academy who had not completed their courses.

Only one of the men from the department died in the service. He was Lieutenant H. F. Critchley, of Steelton, who died at Fort Sill.

The other men in the service include First Lieutenants W. Gardiner Conklin, John H. Seltzer, Edgar E. Smith; Second Lieutenants Jesse M. Shuler, E. E. Zeigler, Robert L. Shenfield, Howard VanArsdall; Sergeants Paul Gilbert, James A. Irvin, Charles R. Meek and George W. Shuler.

Rifle Work On—This is the final week of the state outdoor rifle practice period and the members of the Reserve Militia units who have not qualified are going to the ranges today to complete their records.

Nothing Decided—Whether any legislation looking to an increase of the regulars and squadrons in the Militia will be presented by the next general assembly will depend upon developments. No information has been received here as to what status the Militia bill has in the House of Representatives.

More Arrests Made—More arrests have been made for the sale of adulterated food products in Philadelphia by direction of Commissioner of Labor and Industry Walter McNichols, did not mince words yesterday at the opening of the labor and industry conference.

Ulmer Welcomed—Capitol Hill has given a warm welcome to Colonel W. D. Ulmer, chief engineer of the State Highway Department, who is back at his desk on leave from the army. He has been in charge of highway matters for the army at Washington.

Mackey Speaks—Chairman Harry A. Mackey, of the State Department of Labor and Industry, spoke last evening to the inspectors of the Department of Labor and Industry and references on the compensation outlining its growth and the place it now occupies.

AMERICAN MEN AND WOMEN FIGHTING TRIM

They Keep To The Top Notch of Health The spirit of the times demands perfect health and nervous energy in every man and woman.

Whatsoever your work may be there is no reason why it should continue to tire you; work should only use the right amount of energy. The best way to try to work on your nerves and trying yourself till you are exhausted is to take a course of Phosphated Iron. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the most benefit from Phosphated Iron we have put it in capsules only. Do not take pills or tablets. U. A. Gorgas and leading druggists everywhere.

Phosphated Iron will afford such prompt and permanent relief. All over the country men and women in every walk of life lay their good health, strength and nerves to the use of Phosphated Iron. It will also put you on your feet, and you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

Women of Europe Waste No Sympathy on Germans

Women of Europe are wasting no sympathy upon the German women who showed no pity when their sisters were suffering in Belgium, France and elsewhere.

A telegram from Paris transmits the following excerpt from the reply of the national council of French women to the appeal of German women: "Why should we intervene to-day against conditions which have but one object, to render impossible the recommending of the war? Our pity is first for the innocent victims; for our wretched prisoners whose number has been so sadly reduced owing to typhus and famine; for our reconquered population, troubled and ill-treated with such hatred. Let German women remember, and they will understand our silence."

According to Paris advices the national council of French women has declined to intercede with the French government to migrate the German armistice. In reply to a message published in the press from German women to Madame Jules Sigfried, president of the council, the council unanimously adopted this resolution: "No. We will not intercede with our government to migrate the conditions of the armistice, which are only too justified by the manner in which Germany has waged war."

"In the course of these tragic years German women, believing victory was certain, remained silent at the crimes of their government, their army and their navy. At the congress at The Hague to which we refused to go, the president of the national council of German women was invited to protest against the violation of Belgium and against the torpedoing of the Lusitania. She wrote in reply: "We are at one with our people. The men who took the responsibility for Germany's decisions are as dear to us as those who are shedding their blood for us on the battlefield."

"To our indignant protest against the deportation of women and young girls, and when we showed that history might possibly bring a reversal of fortune, there was no response."
