

BISHOP ASKS FOR THANKSGIVING DAY DONATIONS

Liberality Urged to Sylan Heights and Paradise Protectors

Especially liberal Thanksgiving contributions for the Sylan Heights Orphanage and the Paradise Protectors, were requested by the Rt. Rev. Philip R. McDevitt, bishop of the Catholic Diocese of Harrisburg. The bishop's appeal follows:

"The recent epidemic has left thousands of orphans in the State of Pennsylvania. Of the number of children needing care, the Diocese of Harrisburg will have a due proportion, and consequently must meet a greater responsibility than has hitherto rested upon the Sylan Heights Home For Girls and the Paradise Protectors For Boys. Because of the increase in the number of children in both institutions, the coming Thanksgiving Day—on Thanksgiving Day, the 28th of November—should call forth a generous and whole-souled response from the faithful in every parish. The contributions in money, clothing and food should be sent to Mother M. Scholastica, Sylan Heights Home, Harrisburg, or to Mother M. Cordata, Paradise Protectors, Abbotstown.

"In view of the conditions which now prevail in regard to destitute children, we appeal to all Catholics to take into their homes a boy or girl from the Sylan Heights home or from the Paradise Protectors. Those who seize the opportunity to become father and mother to one of Christ's little ones give one of the strongest evidences of truly Christian living. The Great Judge will reveal, on the day of judgment, the priceless value of such charity."

The Mass Pro Gratiarum Actio is to be said in all churches of the Diocese of Harrisburg, Thanksgiving Day, the 28th of November, in gratitude to Almighty God for the coming of peace.

Benediction of the Blessed Sacrament and the "Te Deum" should follow the Mass of Thanksgiving.

As a further evidence of the appreciation of the blessing of peace, the first Sunday of Advent is appointed a day of general communion in every parish. Sincerely in Christ, PHILIP R. McDEVITT, Bishop of Harrisburg.

Barber Gives Recipe For Gray Hair

Tells How to Make a Home-made Gray Hair Remedy

Mrs. A. E. O'Brien, who has been a barber in New York City for many years, made the following statement: "Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy that you can make at home:

"Merely get a small box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in water and comb it through the hair. Full directions for mixing and use come in each box.

"You need not hesitate to use Orlex, as a \$100.00 gold bond comes in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives.

"It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger."

WINTER CLOSES RUSSIAN FRONT; HELD ICEBOUND

Bolshevik Gunboats Forced to Withdraw Along Dvina River

By Associated Press
Archangel, Nov. 26.—Winter has begun in earnest over the whole Northern Russian front. All the rivers are icebound and the Bolshevik gunboats, which have long menaced the American and Allied forces on the Dvina, have been forced to withdraw to escape being frozen in. The Bolsheviks, however, have mounted big guns along the front south of the Allied armies.

Operations are limited to spasmodic artillery exchanges, but Bolshevik forces are reported to be receiving heavy reinforcements. The freeze up, while bringing relief on the Dvina front, increases the danger on others, as the once impassable swamps now are frozen, making possible bushwacking flank attacks by the enemy.

Vladivostok, Nov. 26.—Half dead from starvation and disease, many beyond help, 1,231 survivors out of the original total of 2,100 Bolshevik prisoners and refugees in a train sent across Siberia by the Czechoslovak troops fighting in Samara, European Russia, have arrived at Nikolsk, near Vladivostok. The journey from the Ural mountains to the Pacific coast occupied six weeks.

The survivors reached Nikolsk in forty cars. The train carried no provisions and was without sanitary equipment of any kind.

Of the eight hundred persons missing from the original total some were shot while trying to escape from the train. Others lost their lives by throwing themselves from the car windows. Disease, starvation and exposure accounted for the remainder.

When the Czechoslovak forces captured Samara they loaded the inmates of the jails into trains indiscriminately with the Bolshevik prisoners of war.

The American Red Cross at Vladivostok has rushed doctors to Nikolsk to aid the arrivals who are in a terrible condition. Some persons died on the ground after being removed from the railroad cars.

McAdoo May Be One of Peace Commissioners; Bryan Suggested, Too

Washington, Nov. 26.—William Gibbs McAdoo may go to Europe as one of the peace commissioners from the United States. This was one of the developments growing out of the resignation of the Secretary of the Treasury.

Another one was the discussion of the name of Edward N. Hurley, chairman of the Shipping Board, as a possible successor to Mr. McAdoo as Director General of Railroads.

Washington heard last night the suggestion that President Wilson seriously is considering the naming of William Jennings Bryan as one of the American delegates to the peace conference at Versailles. Bryan's views on universal peace are widely known. "The Prince of Peace" has been his favorite theme upon the lecture platform, and he long has dreamed of a sort of universal brotherhood of all men.

"Burn Wood" Slogan Is Sent Over Nation; Fuel Heads Told to Plan

By Associated Press
Washington, Nov. 26.—State fuel administrators were asked today by the fuel administration to organize "burn wood" campaigns to further the use of wood for domestic fuel this winter. The plan of campaign suggested is to have town or country wood fuel deputies or committees arrange for wood at reasonable prices in villages and the smaller cities, through the operation of a wood yard. These deputies or committees would take orders for wood from consumers and arrange with farmers to supply it at fair prices.

New York, Nov. 26.—The greatest shipment of mail from American soldiers in France ever received, no less than 4,500,000 letters, came in yesterday in the French liner Rochambeau. These letters "to the folks back home," were going yesterday to all parts of the United States on every mail train.

A special force of postal men was put to work sorting it and in this city every available carrier was on duty to insure quick delivery.

STARVED TO DEATH IN OPEN BOAT WHEN SHIP BURNED

Washington, Nov. 26.—Eighteen men from the American steamer Dumaru lost their lives after the vessel was wrecked near Guam last month by lightning exploding its cargo of gasoline. The Navy Department announced yesterday that sixteen of the men died from exposure and starvation in an open boat and that two others were drowned when the boat with fourteen survivors was making a landing at San Jose, L'Oriente Philippine Islands.

McADOO IS RESTRAINED

Toledo, Nov. 26.—A temporary restraining order was issued yesterday in the United States District Court here against McAdoo, Director General of Railroads. McAdoo, instructing the receiver of the Toledo, St. Louis & Western (Clover Leaf) Railroad not to accept any sign contracts or to do anything that would jeopardize or compromise the interests of the stockholders of the road. Hearing on the injunction was set for December 16.

DIE TOGETHER OF INFLUENZA

Washington, Pa., Nov. 26.—Clasped in each other's arms, with the agony of their death struggles plainly pictured on their faces, Mr. and Mrs. Abraham Rodgers were found dead in bed in their home in Central avenue last evening, death being due to influenza. They became ill about the same time several days ago and had practically no attention except that given by neighbors.

Spending Money Wisely Continues Prosperity

We have just passed through a period of years when millions of men and women have been busily employed making munitions for war. Other millions of men have been in military service. The result has been unparalleled prosperity, because everybody willing to work could secure work at good wages. Conservation of material and labor, however, was essential to build a successful military organization.

We must now rebuild a successful industrial organization. Every man and woman released from military service or munition work must be provided with remunerative employment in order to maintain prosperity. War-time conservation is no longer essential, except on food and fuel.

Buy what you need and what you have denied yourself of because of patriotic reasons. Every purchase you make creates a demand on some factory and thus gives employment to someone. The Government has removed all business restrictions. The more building and buying that are done now, the more employment will be created for the boys coming back from "Over There."

This does not mean to spend foolishly and extravagantly, but there is no longer any need to deny yourself of the comforts or pleasures your earnings can buy. The best conservation in peace times is to invest in legitimate enterprise and buy the most dependable merchandise.
