Work on these garments is being done Wednesday and Fridays from 10 a. m. to 5.30 p. m. and on Mondays from 1 to 5.30 p. m.

SOLDIERS GET JOBS BACK

Hazleton, Pa., Nov. 29.—Soldiers returning from camps or abroad are assured their jobs and positions in the Lehigh field, but men who quit to chase the dollar in munitions centers will be given a chilly reception, according to employers. They say they have written orders to come back, but that they have turned down scores of applicants who quit their jobs to crowd into shell plants and shipyards.

VOLUNTEERS FOR RED CROSS ASKED IN GREAT DRIVE

Every Resident of City Expected to Enroll Before Christmas

How many scores of thousands of the men, and women, in the Harrisburg Red Cross Chapter district are going to be "volunteer" members during the coming membership drive and join without solicitation? The Red Cross people say the number will be surprisingly large. Here is the idea as it will probably work out:
On every block in Harrisburg there will be a house where Red Cross membership will be "levelled." The folks living in that block will be asked to contribute \$1.00 to the Red Cross, receive their buttons, receipt stubs, and window placards.

Volunteer Workers

There will be volunteer workers on each block who will doubtless call attention of their neighbors that not every window in the block contains the Red Cross sign. That will help a lot.
All this volunteer work will be done in the week beginning December 9.
The nation-wide Red Cross campaign begins December 16. But it is the intention of Mrs. Lyman D. Gilbert, chairman of the local chapter, and William Jennings, chairman of the Harrisburg district, to line up and sign up as many "volunteers" as possible.

Plenty of Work

There is still need for the Red Cross. The war is over, of course, but for the next two or three years the Red Cross is to be "busy" doing that is evidenced by the fact that it is now sending many new workers to France, Italy and other European countries. Even at home there is much work to be done.
Cost Only \$1
During the recent influenza epidemic the Red Cross in Harrisburg and vicinity rendered invaluable aid. It has been a great blessing through its civilian relief branch. Its carted service for soldiers on their way to tidewater has been remarked upon by the soldiers themselves as the most perfect they encountered on their long journey. Red Cross memberships are only \$1. Everything else has come up in price, but Red Cross memberships still remain the same.

Everybody Must Help

The coming campaign is not for money, but memberships. It is the hope of Mrs. Lyman D. Gilbert that when the campaign is over the large majority of the people resident in the Chapter district will have been enrolled as Red Cross members.
"The Harrisburg district quota is the population of the district," said Chairman William Jennings this morning. "In every campaign staged in the district during the last 20 months we have surpassed what was expected of us. In this campaign we cannot surpass expectations, because we cannot get more memberships than there are people—but we can at least live up to expectations."

Warrior Eagle Tribe of Red Men Celebrates

Thanksgiving services were held Wednesday evening by the Warrior Eagle tribe, No. 340. Improved order of Red Men in connection with the regular meeting. A feature of the meeting was an inspiring address by the chief of records in which he outlined many reasons for Thanksgiving. Carrying a total of 864 members the tribe passed through the influenza epidemic with the loss of only one member and a comparatively small number on the sick list. At the meeting twenty-six members in the service, one has made the supreme sacrifice, he being John E. Peifer, whose death was officially announced last week.

Forty members were added to the roll during the past six months. Four applications were received at Wednesday night's meeting. Interesting talks were made by Past Great Sachem C. Willett, of No. 74, of Reading; Past Sachem, H. O. Bartlett, of No. 61, of Harrisburg; Park McCormick, of No. 61, followed by the great orator of the United States, Charles E. Pass, who outlined the work of the organization for the future months. In closing remarks, Mr. Pass presented to the chief of records of the tribe, H. E. Sanderson, a beautiful and serviceable gold mounted fountain pen on behalf of the tribe as partial appreciation of services rendered and fifty-first birthday.

Musical program for the occasion was rendered by New Cumberland Band and orchestra of eighteen pieces and the luncheon prepared and served by the entertainment committee, directed by C. A. Frick, was thoroughly enjoyed by all present. Next Wednesday night a class of paleontologists were given. The work of the degree will be in charge of Degree Captain W. J. Wilke.

The 1919 committee of arrangements for great council meeting next June will hold important meetings in wigwag of Pokoson tribe, No. 331, on Saturday evening.

Mayor Keister Gets German Trench Telephone

Mayor Keister yesterday received a trench telephone captured from the Germans. The telephone was the gift of the letter from Sergeant Benner, Company A, One Hundred and Third S. T., who is at present in France. The Mayor had William Crozier, the city's assistant electrician, rig up the telephone in his office, and it was found to be in good working condition.
The telephone, which is the European type, having receiver and mouthpiece, some batteries and a small switchboard. It was explained by the letter from Sergeant Benner, who is known as "The Fighting Kid," that the telephone had been in service in the German trenches for communicating messages.
Accompanying the telephone apparatus was a canteen taken from a German prisoner. The Mayor is rightly proud of his new gift.

GRITTY FIGHT OF GUARDSMEN WON FOR YANKS

Local Boy Tells How Pennsylvania Beat the Hun on the Field of Battle

Private G. W. Moltz, Co. L, 110th Infantry, under date of October 27, writes his parents, Mr. and Mrs. G. T. Moltz, 18 Evergreen street, in letter received November 29, as follows:
"Am glad to hear 'Beckie' and Kenneth Boyer have enlisted, although I don't see why they did not join something else besides the marines. The marines might have had a name back in the states, but the old National Guard, especially from dear old Pennsylvania, showed them what real fighters could do. The marines boasted a whole lot of what they could do, but we have put them on the 'blink'.
"The Y. M. C. A. have been showing up a good time since we have returned for a rest period after being under shell fire from July to October 16. I sure have had some experiences while upon the lines which I would like to tell, but am not permitted at this time. I have seen many balloons and planes come down in flames.
"You do not need a razor for a close shave when a high explosive shell hits within ten feet of you; when we were on the Vesle river near Fismes in August I was assisting in carrying the wounded from the front line back to battalion headquarters, about a quarter of a mile back in a big cavern. This was in the afternoon and the 'Boche' observers could see us; we had scarcely started with a wounded man when old Fritz shot three high explosives straight at us. One struck about ten feet away. We could not drop the stretcher with our wounded comrade, so we just kept plugging along and took our chance; but luck was with us and we kept at it all afternoon.
"We all thought we were fished, but it was only gas from burnt powder that made our eyes and throat burn and kept us continually sneezing. Talk about your luck. The night we got relieved by the second battalion of our regiment we were up in the towers on the Vesle river watching for orders from our lieutenant, who has since been killed when one of Jerry's shells made a direct hit on the building alongside which we were sitting, killing three and wounding seven of our party.
"One of the boys was hit by a piece of shrapnel in the chest, passing out of his back. He asked me to get him a cup of hot coffee, but I could not get it for him. I asked him if he could smoke a cigarette and he said he could. He asked me what kind I had and I showed him a pack of Camels. You should have seen him trying to smoke that Camel. He was breathing through his lungs, but he had a smile on his face when the doctor dressed his wounds and believe me that's the kind of a guy that will get through this war. I could tell you many more tales of this character, but I want to forget it. There are many rumors of peace floating through the air, and I would not be surprised to find the Germans quitting any time. I have been made a first class private, which is the best job in the Army."
