The Auditor General intends to place the collection of delinquent taxes in the hands of attorneys with instructions to sue for the money for the state where the new division cannot get results. In this way thousands of additional dollars will be secured.

The state fiscal year, which ends to-morrow, will show a total of \$44,500,000, it is believed. The best previous record was \$36,000,000, which was the result of some big verdicts being won by the state and an overhauling of delinquent accounts.

PRESIDENT STEPS IN TO SAVE LIFE OF THOS. MOONEY

California's Governor Commutes Death Sentence to Life Imprisonment

Sacramento. Col., Nov. 29.—The sentence of Thomas J. Mooney, sentenced to be hanged on December 13 for the deaths of ten persons killed by a bomb explosion in San Francisco during a preparedness parade, July, 1916, was commuted by Govern nor W. D. Stephens last night to imprisonment for life.

Court action to save Mooney from the gallows was exhausted by the prisoner, the Supreme Court of the United States having recently decided it could not review the case.

Threats of a national strike in case the Governor did not intervene had been made in various parts of the country and some time ago it was reported that Tresident Wilson had written the Governor to see that Mooney suffered mo injustice. The trial judge had also requested a new trial for Mooney.

Governor Stephens' statement announcing the commutation said that in considering the case he had had the control of the court of the cou

President of the United States that I grant commutation."

'Originally, in January of this year, I received a letter from the President asking me if it would not be possible to postpone the execution of Mooney until he could be tried upon one of the other indictments against him.

Wilson Incorrectly Informed

'Inasmuch as an appeal already had been taken to the Supreme Court of California, which appeal itself acted as a stay of the execution, there was at that time no occasion for action on my part. I take it that the President was not correctly informed as to the status of the case."

"The case as presented to the California courts was that of murder, without further evidence of motive than the impossible tenets of anarchists: whose sympathies for the Ger nan cause in the war are well known man cause in the war are well known. Their wild pacifist theories fitted into the widespread activities of the Kaiser's agents in this country.

"A number of persons of pronounced anarchistic tendencies were arrested shortly after the explosion and of these Warren K. Billings was convicted and sentenced to life imprisonment and Thomas J. Mooney found gullty and sentenced to be hanged.

Waited on Court Action

"So long as avenues of appeal to the courts remained open to Mooney, and he was availing himself thereof, I deemed it improper for executive authority to interfere."

The statement reviews the case fully and quotes the two messages from President Woodrow Wilson, in which the action now taken by the Governor was suggested. The commutation, says the Governor, reduces the case to the status of that of Warren K. Billings.

"I refuse to recognize this case as in any fashion representing a clash between capital and labor," the Governor said, and he characterized as absurd the propaganda that would make Mooney appear as a martyr to the cause of labor. In support of this statement, he quotes a letter from Alexander Berkman outlining the plan afterward adopted for the Mooney campaign.

Decides Case on Merits

He denies that Mooney was a true friend of labor and characterized his previous record as such that it did not enlist faith in him among law abiding citizens, but said in conclusion that this particular case had been decided on its merits.

The two messages sent by President Wilson follow:
