MURDOCK GREAT FINDER OF MEN

Furnished Thousands With Special Qualifications For United States Army

Pennsylvania furnished 216,049 me for the United States army and navy for the United States army and navy service under 219 calls made by the provost marshal general, announced Major W. G. Murdock, chief draft officer, to-day. In this number were 51,322 sent to camps before the calls were given serial numbers. These men went not only into infantry and artillery regiments, but into the signal, medical, tank, ordnance, engineer, quartermaster, coast artillery, marine and motor transport corps; the navy, bureau of aircraft production, department of military aeronautics, chemical warfare service, military intelligence bureau and land, photography, railroad construction divisions.

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night. CHESTER, PA.—"In March 1916 I was taken with rheumatism in my right knee. I could not walk for ten days, and had to use a crutch and a stick for more than two months. After trying different remedies and getting no relief I saw an advertisement of Anuric in the papers. (I then lived at Snyder, Texas.) I sent for a trial package as I could not get Anuric at the drug stores. Before I had taken all of the trial package I saw it was helping me. I then bought two bottles of 'Anuric Tablets.' Before I had taken half a bottle I could walk without a stick. I continued to take them until I had taken mearly two bottles (deting myself as directed), and I was well my knee has given me no more trouble since. I cannot say too much for Anuric/"W. M. BITUMINOUS FOR NEW ENGLAND
Boston. — In a public statement,
James J. Storrow, Federal Fuel Administrator for New England, has declared that as the amount of soft coal now on hand in New England is at least fully up to normal and as, therefore, an adequate supply for New England's industries during the coming winter is insured, all restrictions in the use or storage of bituminous coal have now been withdrawn. \$1.00.
