"Shall I Fix the Fire for the Night?"

"You may as well, Dick. It'll save coal and our Perfection will keep us nice and warm for the rest of the evening."

Is there any reason for any family to keep the whole house warm when only one room is in use? No, it simply wastes coal.

PERFECTION OIL HEATERS

saved coal in millions of homes last year. How they do get "all hot up" the minute a match strikes!

This is the year above all others when you should have a Perfection. You may be able "to get along" without one but you surely will have a more pleasant, comfortable winter with one.

Get your Perfection Oil Heater now. See the new models at your dealer's. Reasonably priced—\$5.65 to \$10.00.
