

### WOMEN GIVE UP PLEA FOR JOBS AS CONDUCTORS

#### Meeting of Striking Car Line Employees Scheduled For This Morning

Cleveland, O., Dec. 5.—An agreement was reached this morning whereby W. D. Mahon, president of the International Union of Street Car Employees, and the executives of the Cleveland Union will recommend to the men that they vote on returning to work. This meeting of men is to be held later this morning. The agreement that may mean the calling off of the strike was reached after the city council had adopted a resolution pledging itself to see that the men were given the "square deal" promised by John J. Stanley, president of the Cleveland Railway Com-

pany, under the recommendation of the War Labor Board that women be discharged by January 3. Mr. Stanley agreed to abide by the resolution. The representatives of the women conductors also agreed to abide by any decision with the men Mr. Stanley may make. The women will withdraw their plea for retention from the War Labor Board at Washington.

### Business Takes Big Jump as War Restrictions End

Washington, Dec. 5.—Reaction from wartime economy is apparent in reports to various government agencies since the signing of the armistice. War savings committees in all parts of the country have submitted statements tending to show that persons who abstained from buying unnecessary clothes during the war have rushed to shops within the last week or two and bought according to pre-war standards. Retail businesses report stimulation of business by peace news. In some cases the response was immediate, business showing a big jump within a day or two after November 11. This reaction seems most marked among the wealthier classes.

### Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
