

GOMPERS MIXES WITH BREAKERS OF BIG STRIKE

Doesn't Eat, but Labor Body Bring Charges Against Their Leader

New York, Dec. 10.—Charges that Samuel Gompers, president of the American Federation of Labor, while in this city last Saturday, "knowingly participated in a banquet served by strike-breaking waiters and cooks" have been drafted for presentation to the National Executive Council of the federation, by the International Federation of Hotel and Restaurant Workers, it was announced last night. The Central Federated Union of this city also will be asked to adopt a resolution of censure aimed at Mr. Gompers, it was stated.

Mr. Gompers' attendance at the banquet, held by Academy of Political Science at the Hotel Astor, has seriously complicated negotiations looking to affiliation with the Federation of Labor of the hotel and restaurant workers' organization, according to Otto Wagner, secretary of the latter, who declared that 3,000 members have been on strike in this city for the past seven weeks.

Although Mr. Gompers did not partake of food served at the banquet, arriving at the hotel after 10 p. m., his presence at the meeting, according to the strikers, will be looked upon as an indication of "lack of unity in labor's ranks."

JUGO-SLAVS ASK THAT ITALY GET OUT OF COUNTRY

Notify American Government of Purpose to Unite With Kingdom of Serbia

Washington, Dec. 10.—Formal notice has been given the American government of the purpose of Serbia, Croats and Slovenes, formerly held by the Austro-Hungarian government, to unite with the kingdom of Serbia in a single Jugo-Slavic state, and to insist upon the evacuation of Jugo-Slav territory now occupied by Italy.

Official texts were presented to the State Department of addresses by Prince Regent Alexander, of Serbia, and a delegation of 27 members from the National Council of Zagreb, delivered at Belgrade, December 1. The prince regent accepted the proposal of the Zagreb council for union under a parliamentary government, the delegation to be received to sit provisionally at Belgrade as representatives of their people until a constituent assembly can be held within six months after the conclusion of peace.

STATE'S ACRES BUDGET ON WAY

Commission of Agriculture to Discuss Expense at Tomorrow's Sitting

The State Commission will meet here tomorrow for its final meeting before the legislative assemblies and the budget which has been in course of preparation for several weeks will be finally acted upon. This budget will call for over a million dollars and is based on the conduct of the department as is now constituted, although the Commission will probably recommend certain extensions of activities of that branch of the government.

The commissioners will make up a report and wait upon Governor Brumbaugh to furnish information on the conduct of the department for his farewell message to the Legislature. During the last year because of the war there has been a marked increase in some lines of activity of the department.

More Units Assured—Increase of the Reserve Militia to an extent that there will be a unit for each town where there is a state owned armory or a building leased for the purpose will be urged upon the Legislature by the State Military authorities. The State Armory Board is meeting here today to discuss plans and specifications for completing armories for the cavalry squadron at Philadelphia and for Pittsburgh, Tyrore and Reading. Additional machine gun units are to be asked.

Thirty Cases—Thirty cases, including one first degree case, are listed for the December meeting of the State Board of Pardons on the eighteenth. There are several held over from last month. The first degree case is that of Luther Knox, of Armstrong county.

Coal Rate Fixed—The Pittsburgh and Lake Erie Railroad Company, the Erie Railroad Company, the Bessemer and Lake Erie Railroad Company and the Northwestern Pennsylvania Railroad Company are ordered by the Public Service Commission today to make effective in two weeks a joint rate of \$1.55 per net ton on bituminous coal delivered from the mines to Edinboro, Pa., on complaint of the Edinboro State Normal School that the railroads had failed to comply with a similar order issued by the commission last April. The commission retains jurisdiction in the case to ascertain the amount of damages due the complainant by this failure to comply since the issue of the first ruling.

SENATE TO GET FINANCE PLANS

Effects of Nation's Transition to Peace Basis Outlined in Committee Report

By Associated Press
Washington, Dec. 10.—Effects of the nation's transition from a war to peace basis and of prohibition legislation on the present and future problems of taxation are outlined in the Senate finance committee's report on the revised war revenue bill filed yesterday by Chairman Simmons. The report explains the steps taken to revise the House bill, so as to raise by taxation next year \$5,378,466,000 instead of \$7,500,000,000 as planned by the House before the signing of the armistice and the enactment of prohibition legislation. Proposed taxation for 1920 of \$4,000,000,000, the reason for fixing them at this time and the manner in which they will be raised also are explained.

The most distinct changes made by the Senate in the House draft of the bill are noted by the committee's report as follows: Elimination of the six per cent. corporation tax on undistributed corporate earnings, fixing a twenty per cent. maximum on bonafide sales of mines and oil and gas wells, elimination of the tax on new state and municipal bonds, substitution of a single war excess profits tax for the alternative plan; exclusion of 200,000 persons.
