

WAR TO MAKE NO CHANGE IN STUDY

Superintendent of State System Announces Constants Will Be the Same

"The war will not change the multiplication table," remarks Dr. Nathan C. Schaeffer, State Superintendent of Public Instruction, in his annual report to the Senate and House of Representatives just made public.

Mother! Look at his Tongue! Give Him a Cascaret—Quick!

Won't eat? Don't scold! See if tongue is white, breath feverish, stomach sour.

TO MOTHERS! Nothing else "works" the nasty bile, the sour fermentations and constipation poison so gently but so thoroughly from the little stomach, liver and bowels like harmless Cascarets.

BETTER and helpful ways to make practical and useful gifts are found in the service we offer you. If you have friends or relatives in need of Glasses, or if the rims, frames or mountings of the present glasses are unbecoming and out of style, give them new ones for Christmas.

9 ORGANIZATIONS WILL MEET HERE

Unusual Gatherings of People Interested in Agriculture For Inaugural Week

From all indications Harrisburg is going to have a record-breaking inaugural week, but there is not only an unusual gathering of people interested in agriculture and its various branches here at the same time. The meetings will include the organizations which have been meeting here the third week in January for years, with several others, making one national and eight state organizations to meet here.

The agricultural associations which will hold their meetings during the week will have considerable important work in hand as the result of the closing of the war and the still greater demand for production of food and fiber abroad.

The inauguration is to be held during the week the attendance is expected to far surpass all former records.

State Defense Board Meets—Preliminary plans for the continuance in a modified form of the Americanization work of the Pennsylvania Commission on Safety and Defense, were made at a meeting of the board in the Governor's office in the Capitol.

Dr. Schaeffer says concerning losses in his branch of the government: "The Department of Public Instruction suffered two serious losses during the last school year. The first occurred last March, in the death of A. D. Glenn, who had been connected with the department for a period of thirty-one years, since 1903.

PHILADELPHIA, PA.—"For many years I have been using Dr. Pierce's Pleasant Pellets. I take them for constipation, bilious attacks, and sick-headaches, and when my liver becomes sluggish or inactive, I take them and have always found them very effective, never failing to give relief. They are very easy to take and do not cause distress. Dr. Pierce's Pleasant Pellets have been of such good service to me that I am only too glad to recommend them."

Interested Audience Hears Capt. Hutchinson

Captain Hutchinson, the speaker at the Red Cross mass meeting, held last night in the High school auditorium, was greeted by a large and appreciative audience, which seemed to thoroughly enjoy his interesting and graphic tales of the war and his experience while captain of the Irish Rifles.

The program throughout was unusually good, all those taking part being at their best. The community was heartily entertained by all.

Navy Girls Delight Large Audience at Stevens Memorial Church

The Navy Girls, a sextet of accomplished musicians, appeared in concert in Stevens Memorial Methodist Church, last evening, delighting a large audience. The concert opened with the singing of the "Gypsy Chorus" from "Carmen," the players being costumed in gypsy garb and gathered around a campfire. Duets, solos and a pantomime, illustrating the carefree life of the gypsies, were given, followed by a half hour of entertainment with the players clad in evening dress. The climax was the presentation of sea songs, in sailor costume. A number of songs presented by the singers in the camps and cantonments, during the past season, were given in this closing sketch.

"I MUST PRAISE TONALL FOR WHAT GOOD IT DID ME"

SAYS FARMER FERRY

"I live at Spring Grove, R. D. Lancaster county, Pa., and am a farmer," says Joseph Ferry. "I suffered so much with pains in my back that I could not sleep, was nervous and run down. I used a bottle and a half now of Tonall and in that short time I improved very much indeed."

Must praise Tonall for what it did for me. I am willing to help others and recommend Tonall for you can get restful sleep after the first application. Price 90c.

Tonall is sold at Gorgas' Drug Store, Harrisburg, and all leading drug stores in Eastern Pennsylvania.

The Farmer Receives More Than Five Thousand Dollars a Minute From Swift & Company

This amount is paid to the farmer for live stock, by Swift & Company alone, during the trading hours of every business day.

All this money is paid to the farmer through the open market in competition with large and small packers, shippers, speculators and dealers.

The farmer, feeder, or shipper receives every cent of this money (\$300,000 an hour, nearly \$2,000,000 a day, \$11,500,000 a week) in cash, on the spot, as soon as the stock he has just sold is weighed up.

Some of the money paid to the farmer during a single day comes back to the company in a month from sale of products; much does not come back for sixty or ninety days or more. But the Swift & Company, to meet the demands made by its customers, must pay out another \$2,000,000 or so, and at the present high price levels keeps over \$250,000,000 continuously tied up in goods on the way to market and in bills owed to the company.

This gives an idea of the volume of the Swift & Company business, and the requirements of financing it. Only by doing a large business can this company turn live stock into meat and by-products at the lowest possible cost, prevent waste, operate refrigerator cars, distribute to retailers in all parts of the country—and be recompensed with a profit of only a fraction of a cent a pound—a profit too small to have any noticeable effect on the price of meat or live stock.
