It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

Carrolling of good old-fashioned carols of their childhood by the big crowds anticipated, is to form the big part of the evening meeting.

Have Two Sites The site for the erection of the big tree has not yet been definitely selected.

HEARST FOE OF HIS COUNTRYMEN SENATORS HEAR

Outlines Cartoon Showing Japan Ready to Stab America in the Back

Washington, Dec. 11.—In its investigation into German propaganda the Senate Committee received further evidence of the activities of William Randolph Hearst to-day.

George Sylvester Vlerick, editor of the Weekly Vlerick, formerly the Fatherland, whose name has been mentioned several times in the inquiry, sent Hearst a message from New York, under date of March 1, saying he believed the story of the Zimmerman note was a "hoax" and that document was "planned by British agents."

Under date of March 3, Hearst sent these messages to Carvalho: "I feel Congress should remain in continual session and protect the people's liberty. This making a dictator of President desperately dangerous precedent. It may do immense injury with some bad one."

Every act on the part of Hearst is a blow to the cause of peace and to the honor of the United States.

MILLION AWAITS AN OWNER New York, Dec. 11.—One million dollars held by a local bank as deposit for the former imperial Russian government awaits the claim of a Russian regime recognized by the United States and the Allies, according to a report received here.

The part I took during 1914 and 1915, in favor of prohibiting the export of arms and munitions during our neutrality has never been a subject of concealment or apology on my part," said Senator Hitchcock.

"My stand was taken in 1914 as an American for neutrality. The Germans in America took their by forming the German imperial Russian government as partisans of Germany. They were supporting my bill, but I declined to go to their conferences, conventions or meetings, though I was often invited by them to be a speaker. I made my only speeches here in the Senate or in defending my course later before my constituents."

"In those days the country was under a pledge of neutrality by virtue of the President's proclamation which was made when the war broke out. We should no doubt have remained neutral, at least nominally and officially if Germany had not by a series of outrages made our attitude first difficult and then impossible."

"My attitude naturally changed with changing conditions. I stood first for a strict peaceful and impartial neutrality even to the extent of seeing arms and ammunition and lending no money to either side."

"Next when Germany began a systematic attack on our commerce, it was my duty to fight to protect our neutrality."

"I supported the President's request that we authorize him to use and protect our neutrality by arming our merchant ships when they had charge in the Senate of what was known as the armed neutrality resolution which died so dramatically here in the senate at noon on March 1, 1917."

"A month later when the issue changed from armed neutrality to war I had charge of the declaration of war which was briefly approved by the Senate, April 4, 1917."

Within ten minutes after an application for Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair line and downy at first—yes—but really new hair—growing all over the scalp."

Danderine is to the hair what fresh air is to the lungs. It is sunshine to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful."

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and frizzy your hair will be. Wash with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance."

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.
