"The Live Store"

"Always Reliable"

# The Real Christmas Store

Now we're off for the "Big" Christmas rush — You've been buying a few things every day for the past few weeks, but didn't get into the heavy buying; in fact most of us never do the bulk of our buying until the last two weeks, somehow it don't seem like Christmas was approaching until about that time.

We're like everybody else about buying — We save our money all year, then when the Christmas savings fund checks are handed out we get busy. There's been a lot said about trying to change the old-fashioned Christmas, but I find the people are "just the same" as they ever were and like to enjoy the holiday season in the old-fashioned way.

There's a store most people like in Harrisburg, that is Doutrichs, because they try harder than any other store you know of to do the things that most people want them to do — First place they always have such tremendous stocks that it's a pleasure to go there — Then there's no "fancy fringes" to their system you don't need to present your "card" on a "silver tray" to get waited on there, they want everybody's patronage and try to get it by square-dealing and honest representation.

This Is the Store Everybody Is Talking About

We're in business to make money honestly—not by trying to fool the people — Merchandise that sells for one dollar or fifty dollars, is fully worth the price, if it was worth more it would be foolish to sell it for less — It's better to do business with a store where you are sure of the quality at the right price — That's why Doutrichs is the favored store — There's no side-stepping here.

## This the Home of the Overcoat

Overcoats are an ideal gift and if you want a good warm one made of durable fabrics that will stand plenty of wear at the same time be wind and storm proof, there's a good one waiting for you at Doutrichs — Our values will interest you for the "Overcoats" this "Live Store" is selling were bought at low market prices when woolens cost a great deal less than they do to-day.
