

MEAT PROFITS LIMITED Atlanta, Georgia—Atlanta retail butchers will be allowed to make not more than 25 per cent. gross profit on the sale of all fresh meats, and a conspicuous blackboard or placard

bearing the list of fresh meat prices for each day, together with a pledge signed by the proprietor, agreeing not to charge more than the prescribed 25 per cent. gross profit is displayed in each butcher shop. All

loss incident to the distribution of the meats, shrinkage, cutting, etc., must be borne by the retailer. COMMUNITY THEATER, PASADENA Pasadena—The Community Play-

house Association has re-appointed Gilmor Brown as director of productions, and has decided on "Mrs. Wiggs of the Cabbage Patch," "The Passing of the Third Floor Back," "You Never Can Tell," and "Much Ado About

Nothing," for presentation this season. Other plays will be selected later to fill the program of one production a month. The policy of last year, when 200 local amateurs had opportunity to appear in the casts

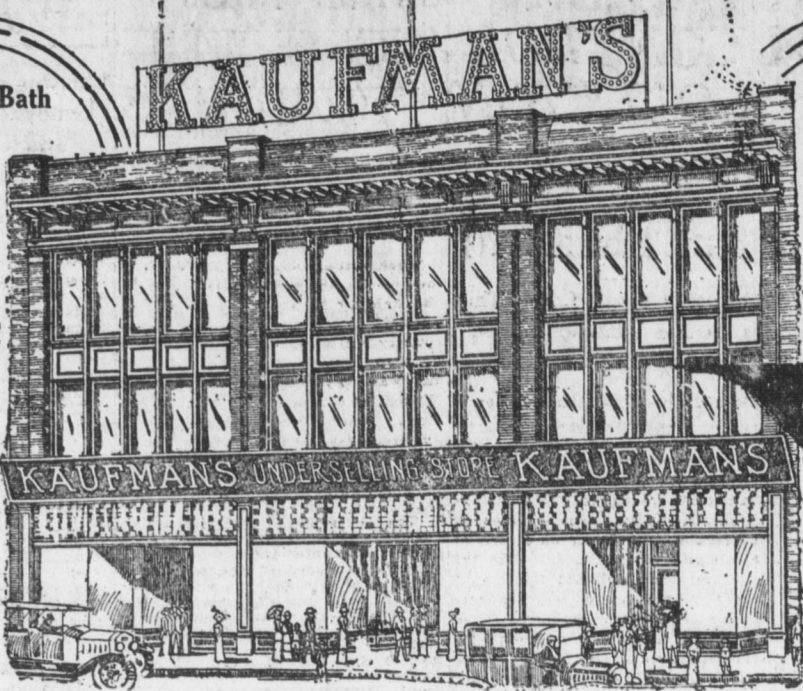

with the professionals of the permanent company, will be continued. SEED GRAIN STORED Calgary, Alberta. — About 100,000 bushels of seed oats have been bought

and stored in the government elevator in Calgary for the seed requirements of Alberta in the spring of 1919. Purchases of wheat have also been made to the extent of 500,000

bushels. This, it is estimated, will take care of the probable demand for wheat for next year's seeding but a considerable amount of oats will still be required.
