

8,000 CALL FOR JUSTICE FOR JEWS

Great Meeting Passes Resolutions Calling For Action by the Peace Conference

New York—To the hearty applause of 8,000 Jewish workers assembled in Madison Square Garden "to weep in sympathy" with the persecuted Jews in Galicia and Poland, and to demand of the civilized nations of the world that they call a halt to the pogroms now taking place, both conservative and radical leaders of the race united in "declaring war upon the forces of oppression that have been denying the fundamental rights of human liberty to the Jews."

did agree with the purpose of the meeting. "Because we have Jewish hearts," he continued, "and because the Jewish heart rebels wherever injustice is done against men of whatever station, I am here. I hold here in my hand a cable message which I received last evening through the State Department. It reads: The peace conference is being held at Versailles, France. A protest was made at a mass meeting held to-day by rabbis in Galicia against attacks on the Jews in Galicia. In those regions the Jewish population was murdered, robbed, and the women ravished. Aid and protection are requested."

RABBI STEINBERG, 12 Kaiser Joseph Strasse, Vienna. "That telegram came out of an enemy country, but the State Department considered it important enough to send to me. It is a coincidence that it should have come the night before I was to speak to you."

Mr. Schiff then spoke bitterly of Dmowski, saying that while in America he had glorified in the boycott of the Jews. "This boycott is now going on," he added. "It has lasted six years and still continues. It has brought more misery and suffering to hundreds of thousands of Jews than even these very pogroms have brought to them."

HOW AMERICA CAN COLLECT BIG DEBT TOLD BY LAMONT

Must Invest in European Securities More Heavily Than Ever

Atlantic City—Thomas W. Lamont, of J. P. Morgan and Co., in his report as chairman of the Foreign Securities Committee, submitted to the convention of the National Investment Bankers' Association at the Hotel Traymore, said:

"Before the war America's indebtedness abroad was approximately \$4,000,000,000. Within a year after the great war began America began to buy back her foreign-held securities and, as I figure it, she has repurchased about three-fourths of the total. This would leave outstanding abroad American securities to the value of about \$1,000,000,000, and the interest due to America on this sum, \$50,000,000 per annum."

"Private investors in America have loaned to foreign governments approximately \$2,000,000,000, and to private corporations and in other ways about \$500,000,000 additional. The United States has loaned a total which will probably soon reach \$3,500,000,000. This means an indebtedness of all kinds of probably \$11,000,000,000, owed from outside of this country to the government and people of the United States, with only \$1,000,000,000 on the other side of the ledger, or a net indebtedness to the United States of \$10,000,000,000. The annual interest on such an indebtedness will amount to at least \$400,000,000."

"With the tremendous food supplies that Europe will need from us and the great mass of materials for reconstruction it is probable that in the future the merchandise trade balance in our favor will amount to at least \$1,000,000,000 annually."

chairman of the Committee on Taxation, said: "The Revenue Bill, as it passed the House September 20 of this year, was, from the standpoint of good draughtmanship and clarity of provisions, one of the best revenue bills that has been presented."

"It is indeed a heavy responsibility that is placed upon you if we face these weird problems with patience, with wisdom and with courage, then immediately we shall be playing our part in bringing the nations to a state of international reliance upon one another, of international friendship that will mean peace for the world in the ages to come."

In his report Roy C. Osgood, A MOTHER'S STRENGTH Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

SCOTT'S EMULSION of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood. SCOTT'S EMULSION BUILDS UP STRENGTH.
