Canadian City Demand
Higher Wages

By Associated Press
Montreal, Dec. 13.—With every policeman and virtually every fireman in the city on strike for higher wages, Montreal was helpless last night in the hands of rioters. Fire stations have been wrecked, citizens robbed and stores looted. Saloons and disorderly resorts are wide open. Law-abiding citizens are helpless to prevent the deprodations of gangs of hoodlums.

Mayor Martin was in conference all night with representatives of the policemen and firemen in an effort to reach a settlement. The men are said to have agreed to accept a yearly wage of \$1,200, \$1,300 and \$1,400, according to length of service. They also want the double shift system.

In St. Henri, a fire captain was badly beaten. A gang of youngsters wrecked the fire station at Chaboillez Square, near the Grand Trunk station, broke up salvage frucks and station, broke up salvage frucks and station, broke up salvage frucks and station over of years ago, we devolute the station and provided by the ordinary way.

New Triumph of Telegraph and Phone

Ultaneous telegram. partly for the partly for one and partly for the other.

"From the nature of the apparatus and the methods employed the system is not practically advantageous on short lines, either telephone or telegraph. On long lines its applica-

tion will be extended immediately, but its introduction must necessarily be gradual on account of the nature of the apparatus required and the rearrangement and adaption of the lines themselves and their associated apparatus to the new methods of working. It is, not too much to characterize the new system as marking an epoch in the development of long distance telephony and telegraphy."

Mr. Vall said that an installation of the multiplex telephone system between Baltimore and Pittsburgh had been in service for more than a month.
