GIRLS! ACT NOW! HAIR COMING OUT **MEANS DANDRUFF**

"Danderine" will save your hair

"Danderine" will save your hair and double its beauty at once

Try this! Your hair gets soft, wavy, abundant and glossy at once

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, flufflness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprises will be after about two weeks' use, when you will see new halr—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never falls to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisted a cloth with a little Danderine and carefully draw it through your hair and company. Comedians and excellent singers. Comedy of the Days of Old and Good Variety Offerings Please

A bill of the highest class of vaudeville, and one that is bound to please,
is given this half of the week at the
Majestic. Things start off with a
snap when the Werner Amoros Trio,
in "Music and Other Things," show
the house a racy, clean-cut bit of variety entertainment. The members
of this trio are good acrobats, musicians and funmakers, and their stunts
include many things, from fiirtation
to Charlie Chaplin.

No one was disappointed last night
as the other acts following the Amoros Trio came om. Veronica and
Hurlfalls, in their newest offering,
"By the Sea," let loose some surprising
nimbleness and pleasant remembrences of Atlantic City. The Steel
Pier at night seems to be at the same
place, and the daredevil drop with one
flip backward makes a fitting conclusion to the attractive setting.

When Fox and Britt came on the
stage in "The Three Stayouts," some
spley patter, good songs, including an
original medley, and humorous situations are presented. The third stayout happens to be the lamp post, and
the situations in the sketch cause
many laughs.

Lee Beggs and Company, presenting
"The Old Folks At Home," offer at
once a comedy of the "Old Days" and
of the high tension of modern living.
The old folks show a good comedy
and a moral truth worth while these
days are set forth.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful To Avoid A Second Epidemic. Easier To Prevent Than Cure. What To Do.

"Encouraging reports of the fewer cases of Influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is all over, says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection.

epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection.

When the air is full of influenza germs, you may be constantly breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic which hit Harrisburg so hard, most successful results were obtained by many through the simple oreathing into the nose, throat and lungs of the medicated air of oil of Hyome. Probably no better, safer more sensible precautions a colots, Ernachitis or complete they may the condition of the mose and throat could be employed than to go now to the nearest drug store and get complete Hyomei outfit consisting of a bottle of the pure Oil of Homei and a little vestpocket hard rubber inhaling device into which a few drops of the oil are poured. Carry this inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germs that may nave found lodgement there. This simple precaution may save you a serious illness and the loss of several weeks work. It is pleasant to use and not at all expensive as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a two carries. Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. H. C. Kennedy.
