A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels

A laxative to-day saves a sick child to-morrow. Children simply will not play when they are constipated. Their bowels, which are clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat, or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well-playful child again. A thorough inside cleansing is often all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups. It is effective and harmless. Look carefully and see that it is made by the "California Fig Syrup Company."

FAT THAT SHOWS SOON DISAPPEARS Prominent fat that comes and stays where it is not needed is a burden; a hindrance to activity; a curb upon pleasure. You can take off the fat that shows by taking after each meal and at bedtime a small amount of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups. It is effective and harmless. Look carefully and see that it is made by the "California Fig Syrup Company."
