### DENVER STRIKES AT 7-CENT FARE ON STREET CARS

Virtually All Lines of Tramway Company Blocked by Demonstration

Denver, Col., Jan. 3.—Demonstrations last night against the collection of a seven-cent street car fare, recently approved by the State Public Utilities Commission, resulted in blocking virtually all the lines of the Denver Tramway Company.

A crowd collected in the heart of the business quarter, pulled trolley poles from the wires and cut trolley ropes, halting all traffic. The crowd built a bonfire in the street, but did not destroy any of the company's property. As incoming cars reached the congested area, the line of stalled cars grew until it extended in Fifteenth street, the principal street car artery, from Larimer street to the State Capitol, fifteen blocks away.

The only personal violence reported occurred in the stockyards quarter where workmen, refusing to pay the increased fare, ejected motorman and conductors from the cars, which they then brought into the city and abandoned. Most of the men in the crowd downtown were recruited, it was said, from these workmen.

When Chief of Police Hamilton Armstrong accompanied by another officer, arrested a man detected cutting a trolley rope, a crowd estimated at three thousand persons surrounded the officers and became so menacing that the prisoner was released.

London, Jan. 3.—Until Germany establishes a stable government it will be useless for its people to plead for food or to complain of the harsh terms of the armistice, the Vossische Zeitung declares. It says: "All that sort of thing is only calculated to confuse the real issues and to miss the only way that leads out of disaster."

"It is a matter that concerns all the allies, not France alone. The allies know very well what they ought to know. They have decided to help Germany when their conditions are fulfilled. Their demand is the restoration of order in Germany."

The allies demand visible guarantees that Germany shall not fall out of one despotism into another. They demand that the internal condition of Germany shall be placed in a position which shall forbid anarchy."
