Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonslittis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use, 30c and 60c jars; hospital size \$2.50. Abraham M. Ziedman, Turtle Creek.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime, Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Germans Sentenced For Violation of Neutrality

San Francisca, Jan. 4.—Robert Cap. le and Joseph L. Bley, self-son-fess dieader in a plot directed by the German government to provision German warships at sea from this port, in violation of American neutrality, were sentenced yesterday to twenty-one and eighteen months respectively in the federal penitentiary,

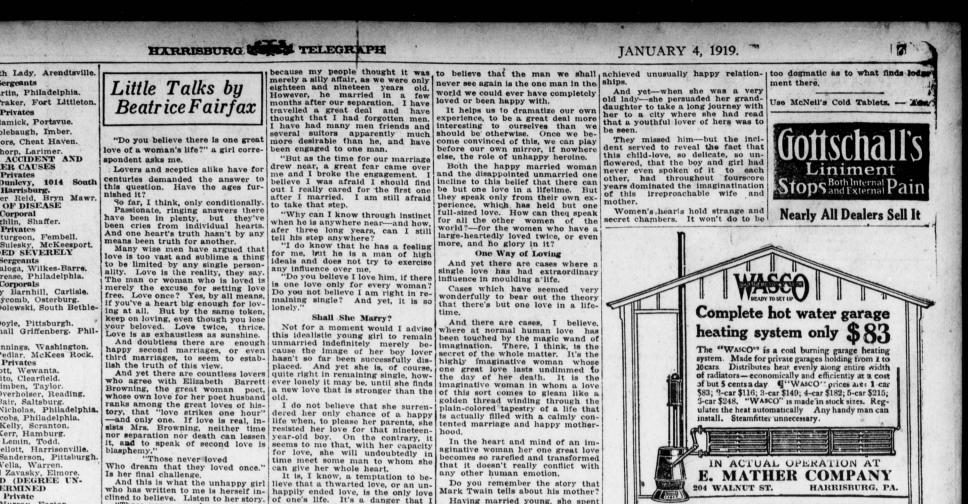

Capelle was a former agent for the North German Lloyd Steamship Company here. Bley was a customs broker.

ing at all. But by the same token, keep on loving, even though you lose your beloved. Love twice, thrice. Love is as exhaustless as sunshine. And doubtless there are enough happy second marriages, or even third marriages, to seem to establish the truth of this view.

And yet there are countless lovers who agree with Elizabeth Barrett Browning, the great woman poct, whose own love for her poet husband ranks among the great loves of history, that "love strikes one hour"—and only one. If love is real, insists Mrs. Browning, neither time nor separation nor death can lessen it, and to speak of second love is blasphemy."

Those never loved Who dream that they loved once." Is her final challenge.

And this is what the unhappy girl who has written to me is herself inclined to believe. Listen to her story. "Three years ago, because of my parents' disapproval, I broke with a young man. We were not engaged of mere and the stable of the s

Introducing

Harrisburg's Newest Bakery

We'll come right to the point.

We're going to open Harrisburg's newest bakery on Monday, January 6th, and we're going to do our level best to give Harrisburgers the best bread they have ever had.

¶ We've been in the baking business in Lancaster for years and have built up a reputation there for the finest quality bread-

We looked over the field in Harrisburg thoroughly some time ago and quickly learned that Harrisburgers were supreme judges of bread — and they know good bread.

That gave us our inspiration. We decided that Harrisburg would appreciate our bread, if they had the opportunity to get it.

I So we set out to get a plant — and succeeded.

I Of course, the plant we secured was not equipped the way we needed it for our bread - so we started in to install the proper facilities.

It takes time to set up machinery and get the plant in running order but we've got the best baking machinery concern on the job and it won't be long until we'll be ready to speed along in the good old Gunzenhauser way that built our successful patronage in Lancaster.

We've got big shipments on the way, of the best flour in America and the best is the only kind that goes into our bread.

We're going to use the very best quality of milk in our bread. Every housewife knows that a liberal quantity of milk means better bread.

We've got the best bakers in the land to make our bread — bakers with not only years of experience, but with the ability to adapt themselves to modern methods which are proven the best.

We're not quite ready to deliver Gunzenhauser bread in the way we'd like to, but it won't be long till we do.

We're going to have our plant as clean as a new pin and as appetizing a bakery as home instincts in-

Our bread will be well baked, nutritious and delicious. It will be Gunzenhauser bread, which means QUALITY.
