Warm Clothing and Hospital Supplies Needed in War Zone

### VOLUNTEERS

To care for the needs of the starving and freezing war refugees the Red Cross has called for volunteers. The work of the local chapter is to furnish 5,000 refugee garments during the coming month. Workers are asked to register at Red Cross head-quarters in the basement of the Harrisburg Public Library.

Mr. Hess, of Lancaster, in a very flowery speech, presented a large mahogany clock to the "farmer from Philadelphia," James A. Dunn, whose constituents bought the big clock and sent it to Harrisburg. Dunn, of course, was duly appreciative and said so in an extended speech.

At 1.40 the House adjourned to reconvene in one hour when the message of the Governor was read. At 3.30 the Snate and House met in joint session to count the vote for Governor, Lieutenant Governor and Secretary of Internal Affairs.

Great mounds of flowers on desks of senators and members of the As-sembly today testified to the appre-clation of their friends, and no desk spectators, including numerous state officials and office attaches.

The roll call was a long drawn of affair, because of the numerous new names in the list.

House Honors Roosevelt
The House adopted the following resolution relative to the death of Colonel Roosevelt:
"Whereas, the entire nation has been saddened by announcement of the sudden death of our former President, Theodore Roosevelt, and "Whereas, This death has summoned from the service of the nation an ex-President, a statesman, a patriot, a literary man, a naturalist, a scientist, a soldier and a father who offered to his nation his four sons, one of whom has made the supreme warffer on the field of Krance and sententino to the profusion of flowers.

"Resolved, That when the House of Representatives of the Commonwealth of Pennsylvania adjourn this day, it do so to the memory of Theodore Roosevelt. "Resolved, That these resolutions be engrossed, be spread upon the journal of the House and a copy thereof as an expression of our sympathy be sent to the family."

Members Take Oath

Fifteen minutes were required to administer the oath to the 204 members of the House who were in their seats. The oaths were administered by Judge S. J. M. McCarrell, of the Dauphin county court. The majority of the members took oaths on the Bible and as much as there were notenough books to go around they joined hands and in that way technically placed hands on the book.

New conditions may develop in connection with change from a war to a peace basis which will challenge the profoundest philosophy and bravest statesmanship in their adjustment to an advancing civilization. Dangers that we dream not of at this moment may in the far future arise in the solution of social and economic problems that will put to severest tests the stability of our American institutions, but I have an abiding faith in the conservatism and sobermindedness of the American people as a whole, and particularly of the people of a state in whose arms was cradled the infant of democracy and liberty, and I cannot help but feel that this Republic that never retreats, and which I cannot help but feel that this Re-public that never retreats, and which in the past has surmounted every ob-stacle in the pathway of its develop-ment and destiny, must have a mar-velous future, will conquer Bolshev-ism and all kindred social ills and ism and all kindred social ills and isms, and throughout the shining cycles of its acreer maintain the proud claim that there is no citizenship in all the world equal to citizenship under the Stars and Stripes, and in that citizenship there never has been any, there never will be any, superior to citizenship in Pennsylvania."

Senator Beidleman's desk in the Senate to-day was a bower of floral beauty to-day. The Senate at 1 p. m. recessed until 2.30 p. m.

The floral display surpassed all former sessions, especially those for Governor-elect Sproul and Lieutenant Governor-elect Beidleman. It is the first time in the history of the state that two Senators have been elected to the highest office in the state.

NEW DEVICES EVER SEEMED IMPRACTICAL AT FIRST

From former President Taft came the following:

"I am shocked to hear the bad news. My heart goes out to you and yours in great sorrow. The country can ill afford in this critical period of history to lose one who has done and could in the next decade have done so much for it and humanity. We have lost a great patriotic American, a great world figure—the most commanding personality in our public life since Lincoln. I mourn his going as a personal loss. Mrs. Taft and I tender you our sincere and deepest sympathy."

When the delegation of United States senators and representatives arrive here to-morrow and men of national and international fame have assembled to pay their final tribute to the great American, they will find Oyster Bay people regreting flot the passing of a world-known figure but of a neighbor beloved by all here for his pure democracy as a fellow worshipper.

The flood of reminiscences which has swept Oyster Bay brought to public notice a circumstance regarding which the outside world perhaps has never known and which is eloquently characteristic of the gentle home life of the Roosevelt family. It was said that not until about four months ago was the Sagamore Hill home equipped with electric lights.

Servants Demand Electricity Servants Demand Electricity
Noted visitors from many lands, private men of renown and international missions sent by foreign governments have come to the Sagamore Hill house to find the Colonet writing or reading by the light of oil lamps. Throughout his great home oil-burning lights only were to be found. Neighborly reminiscence today revealed why oil at last surrendered to the more modern electricity in the Roosevelt homestead.

"You know," the Colonel was quoted by a neighbor as saying, half apologetically, "we just had to put in electric lights. The servants demanded it."

"With Roosevelt there disappears from the world a great American and a great friend of Britain," says the Daily Mail. "He was ever a fighter, continuously challenging criticism, as must a man whose primal quality is pure energy rather than pure reason. We think of him as a man who also made a great place in the world by dint of his great and very American qualities."

The daily Telegraph says:

"In Roosevelt the world loses one of its elemental figures, one of those who not more than twice or thrice in a generation strike the imagination of mankind as personifying to a supreme degree some human force at work in the history of the times.

" No man did so much to awaken the spirit of an effective world power in the American people and his famous phrase for the right diplomacy for national greatness in a world of competing ambitions, speak softly and carry a big stick, only summed up the wisdom of generations in the old world which still thinks of war as a thing in certain cases inevitable."
