NEW MONTHLY TICKET RULING HITS COMMUTERS

60-Trip Tickets to Be Good Only During Calendar Month

Hundreds of commuters working communities are affected by the latest order of the Federal railroad administration, changing the basis on which the sixty-trip monthly commutation tickets are now sold. Instead of being good for thirty consecutive days as they now are, they will hold good only for one calendar month.

lar month.

The new arrangement will become effective of February 11. Pickets already purchased may be used until their expiration, but tickets purchased after this month will be good only in the calendar month in which they have been purchased. Under this arrangement, many

of the commuters will suffer somewhat of a financial loss through the fact that they will be obliged to purchase tickets in February, only a small fraction of which they will. By its order, the railroad admillistration counteracts the ruling of the Pennylyania Public Service Commission, from which appeal was made the latter part of 1914 to settle and the reason of the present status of the stxty-trp tickets as one of the chief points in favor of commuters, while allowing increases of passenger rates in the suburbs. The commission fixed the present status of the stxty-trp ticket is as one of the chief points in favor of commuters, while allowing increases in fares.

It is said that the instructions came from a special committee of the admining that in the state of the standardize forms of railroad led of the month and that no tickets of that type can be bought in the middle of the month and use that ticket the first of the month and use that ticket the first of the month and that no tickets of the lowered commutation rate is lost by the new order. The fare advantage of the lowered commutation tickets are not figured on the calendar month basis.

resident of Buchanan County, Ia., who darkened her gray hair by a simple home-made remedy made the following statement:

"Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Barbo Compound and 4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off. It will make a gray-haired person look ten to twenty years younger."
