WOMEN SIT WITH REPUBLICANS IN PARTY JUBILEE

Admitted to Inner Councils on Proxies; Every State Represented

By Associated Press

Chicago, Jan. 10. — Two women occupied seats in the Republican National Committee at its meeting here to-day for the first time in the history of the organization. They were admitted to the inner councils of the party on proxies and enjoyed all rights of regular members. The action is taken to mean that hereafter women will be urged to take an active part in every branch of National Republican politics. They were Mrs. Josephine Corliss Preston, of Washington, who held the proxy of S. A. Perkins, national committeeman from that state, and Miss Mary Garrett May, of New York, who held the proxy of Herbert Parsons, national committeeman from the Empire State. The committee began its all day love feast session at 10 a. m. with an executive business session. A roll call showed that every state was represented either by the national committeeman or a proxy. Chairman Will H. Hays ready a lengthy report in which he reviewed in detail his activities during his first year in office and analyzed the Republican victory at the congressional elections last November. New members of the committee were elected to fill vacancies in several states, as follows: Maine, A. J. Sweet; New Jersey, H. P. Keay; Virginia, C. B. Slomp; Wyoming, P. Sullivan.

PASS RESOLUTIONS

Montreal, Jan. 10.—Resolutions asking that the peace congress, in carrying out the readjustment of European affairs, take cognizance of Ireland's claims to liberty, were passed at a meeting held last night at the Monument Nationale. The resolutions asked that Ireland be secured the same rights guarantees and liberties to be accorded the smaller European nations. Copies will be sent to Premier Borden, C. J. Doherty, Canadian minister of justice and Lord Shaughnessy, president of the Canadian Pacific Railway, who is reported to have been chosen by the British government to arrange a settlement of the Irish question. President Wilson will also receive a copy, with a request that it be laid before the peace congress.

RED FLAG FLIES FOR SKATING AT WILDWOOD

Snappy Cold Wave Does Not Bring Expected Zero Weather

The red flag which signifies that skating on the Wildwood lake is safe for large crowds, was flying merrily from the Union Trust Building this morning and this afternoon. Dozens of lovers of the out-doors were braving the cold and enjoying themselves at Wildwood. There has been a slight all week, but the Park Department did not feel that the lake was safe for large crowds until after last night's cold. The zero temperature which was predicted for last night did not arrive, twelve degrees being the lowest registered. However, the fact that a veritable gale blew all night, made it seem much colder than it was.

The gale and cold wave are spread over the entire country and in some places the velocity of the wind reach 76 miles an hour. The cold wave move rapidly eastward along the northern boundary and now covers all the northeastern districts. A temperature of twenty-four degrees covers practically all the territory south and east of the great lakes. The lower temperature reported to-day was 4 degrees below zero, which was at Manitoba.

The cold wave is being followed by a disturbance from western Canada, which is now in the Middle West, and which will bring a rise in temperature of from 8 to 34 degrees, with a likelihood of snow. Light snow fell last night in some parts of Pennsylvania, New York, and Upper St. Lawrence Valley. The shivering temperatures and cold caused many to get out extra garments and wraps last night, and covers and comforts were piled high on beds throughout the city. Those who were abroad all night declared that the piercing winds were the cause of the greatest discomfort, making the temperature seem very much colder than any that were really registered.

ARMY CHIEFS ON PRESIDENCY MAP

[Continued from First Page.]

Every state will be represented by the national committeeman or his proxy. Although Chairman Will H. Hays declared that any discussion of candidates for President was premature, the party leaders in informal conferences last night discussed probable candidates and issues. Among the names mentioned in the gossip were: General Pershing, General Wood, Senator Lodge, of Massachusetts; Senator Cummins, of Iowa; Senator Knox, of Pennsylvania; Senator Harding, of Ohio; William H. Taft, Senator Watson, of Indiana; Governor Lowden, of Illinois; former Governor Whitman, of New York; Senator Weeks, of Massachusetts; Governor-elect Henry J. Allen, of Kansas, was mentioned as a possible candidate for Vice-President by his friends.

The two issues most frequently mentioned in the gossip were an attack on the alleged extravagance of the national Democratic administration and a strong declaration against Bolshevism and Socialistic doctrines, including government ownership or operation of the railroads and other public utilities. The committee has but little business to transact at its meeting. The program is for an executive business session this morning at which resolutions on the death of Colonel Roosevelt are to be adopted. The election of national committeemen in several states to fill vacancies and the settlement of a contest over the national committeemanship from Louisiana are the only other items of business scheduled. The committee will have luncheon with the Woman's Executive Committee of the party.

This afternoon the committee will listen to addresses by Governor Beekman, of Rhode Island; Governor Burnquist, of Minnesota; Governor McKelvie, of Nebraska; and Mrs. Medill McCormick, of Illinois. The latter will report on plans of the women to take an active part in the national affairs of the party in the future. Committeeman Fred Stanley, of Kansas, and Committeeman Hubert Work, of Colorado, predicted that all the former Republican states in the west would be back in line in 1920. Committeeman A. T. Hart, of Kentucky, said the indicator pointed to that state going Republican in the next Presidential election. The meeting here to-day was regarded as epochal in that it was the first time that women had a part in forming plans for a national campaign. Chairman Hays said party leaders had wrought optimistic reports of party prospects in their sections and that these indicated success for the Republicans in the next Presidential election.

Mrs. M. Miller, 1112 Fitzgerald street, Philadelphia, found while nursing her baby that there seemed an absence of reserve energy. "My system was being run down," she says.
