

SERVICE BOARD WILL ACT SOON

Outline Procedure and Harrisburg Railway Complaint

Important action will be taken by the Public Service Commission this week in regard to cases recently heard and the future procedure in the Harrisburg and Valley Railways companies' complaints which are well under way.

It is also possible that some action will be taken in regard to Philadelphia transit and electric matters. During the week executive sessions will be held and some of the big cases heard lately may be assigned to the Commission.

The Commission plans to make inquiry into the natural gas situation something of a nation-wide inquiry. The proceedings will be held in Pittsburgh last Wednesday when the authorities on natural gas in Pennsylvania were called together to discuss the address of representatives of the United States Government and the companies. To this has been added the results of natural gas cases considered by the Commission in recent months. Adjournment will likely be asked to be in conservation measures.

Following the story of the new Philadelphia Public Ledger, the city of Philadelphia has a little bit of an interesting little story. Professor Frederick Rasmussen, of State College, who is secretary of Agriculture in the city administration.

Professor Rasmussen is not a pulling politician, but a scientist with the gift of putting things in plain and galvanizing facts and figures into life.

He talked about food-supply problems in Chicago, and afterwards he told an interesting little story of another good man wasted on "produce."

Why? A man with a brain like that is to be in the steel business, to be at the top of the heap? He heard such a fellow for making dry facts and putting 'em fruitfully.

POSTAL CLERKS NEEDED
The United States Civil Service Commission announces an examination for first-grade clerk, male and female, to be held in this city on January 1, 1919.

As a result of this examination new positions and vacancies in the Third Civil Service District will be filled. The district was and New Jersey. Competitors of the states of Pennsylvania, will be examined in the subjects of spelling, arithmetic, penmanship, writing and copying and composing manuscript. Application and further information concerning this examination may be secured from George S. McCrone, secretary of the board of examiners, at 205, Post Office building.

Rev. Dr. Bagnell Preaches Second of Series of Sermons

Grace Methodist Episcopal Church was filled last evening by a big congregation who heard the Rev. Dr. Robert Bagnell discuss immortality, this being the second sermon of a series termed "Great Things."

Taking for his text "If a Man Die, Shall He Live Again?" Job 14:14. Dr. Bagnell said in part: "The question of the text has been asked by men of all ages. Is it possible to give an affirmative answer? The whole life, in its happiness and service, has been limited; but when an affirmative answer has been found, there have been peace and power in the life. We believe that a clear, certain affirmative is possible to every questioning soul."

"Philosophy and human reason offer some arguments upon the immortality of the soul which, while they fall short of absolute certainty, produce supreme confidence in it. 'Socrates was the first of the great thinkers,' he further pointed out, 'to arrive at the certainty of faith in the immortality of the soul. His best arguments are the unity and simplicity of the soul which render indivisible and therefore eternal, and the law of opposites. 'The fact of darkness argues the fact of light, therefore the fact of death argues the fact of life beyond. Socrates' arguments are not convincing, but his sublime personal faith is.'"

The Rev. Dr. Bagnell argued that the very hunger of the soul for God is a proof of God and likewise the revelation of Jesus Christ, who brought life and immortality to light through the Gospel."

Plans For Armory to Be Made at Meeting

An important meeting of those interested in the maintenance of the Armory of the City Grays will be held at the Armory building to-morrow evening. Special committees will also be formed to study the problem and election of commanding officers for the military organization will also be an important item of business. The meeting is called by Lieutenant George S. McGowan, president and the committee on organization which includes Sergeant Laubenstein, Garman, Natus, Humer and Houston.

MANY EMPLOYEES OF TRACTION COMPANY ILL

With sixty-two men reported on the sick list, the service of the Harrisburg Railways Company was curtailed to a certain extent yesterday, while the extra cars which were to be run to Wildwood to accommodate the skaters were not operated until 2 o'clock in the afternoon. Service today is resuming normal.

DR. HAWES TELLS OF GOD'S HAND IN WAR

The Rev. Dr. George E. Hawes, pastor of the Market Square Presbyterian Church, in his morning address yesterday discussed the hand of God in the various critical battles of the great war. His theme was that of the prevailing providence of the Almighty in bringing about a victory for righteousness and justice.

NEWS NOTES FROM NATION'S CAPITAL

By Associated Press
Washington. — Aerial navigation maps are included, under War Department orders issued to-day, in the permanent military maps to be prepared and kept up to date in the records of the department.

Washington. — Rumor in the War Department has it that Major General George W. Goethals is to take charge of the building of a vehicular tunnel under the Hudson River to connect Manhattan and Jersey City.

Washington. — The friends of Representative Nicholas Longworth, of Ohio, have decided they will urge him to become a candidate for the Speakership of the new House of Representatives.

Washington. — Secretary Daniels made public copies of letters from the officers commanding troops on the program had been arranged for the occasion. Officers for the year follow: H. S. Johnson, surgeon; William Huggins, chaplain; W. H. Jones, outside doorman; H. S. Weitzel, outside guard; H. W. Newman, post inspector and adjutant; Thomas Numbers, senior guard; W. D. Rhoads, quartermaster sergeant.

"I won't catch cold if my feet are wet"

"When I get home, I'll just dry my feet and snuff some Kondon's Catarrhal Jelly up my nose. It's easy to keep a cold from coming—and I like Kondon's—it smells so nice."

KONDON'S CATARRHAL JELLY
FREE If Kondon's doesn't do wonders for your cold, sneezing, cough, croup, catarrh, nose-bleed, headache, sore nose, etc.—we'll pay your money back.
A tin large enough for 20 applications.
Send receipt of your name and address, for sale by all druggists.

Presbyterian Association to Meet on Thursday

The Presbyterian Association of Harrisburg and vicinity which includes the elders, deacons, trustees and Sunday School superintendents of Presbyterian congregations will have its annual meeting at the Middletown Presbyterian Church, Thursday afternoon at 5 o'clock.

The Rev. Dr. George E. Hawes will address the evening meeting on the topic, "What Has the World War Left the Church?" Supper will be served by the women of the Middletown congregation at 8 o'clock.

RECEIVE NEW CLASS!
A large class of new members was received into the Holy Name Society last evening by the Very Rev. Daniel J. Carey, rector of St. Patrick's Cathedral. An impressive sermon was delivered by the Rev. Patrick J. Phelan. The spiritual director of the society, the Rev. F. X. Feeser, attended the ceremonies.

WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There can be no beautiful, healthy, rosy-cheeked, steady nerves without iron. When the iron goes from the blood of women, the roses go from their cheeks—their charms and attractiveness depart. I always insist that my patients take organic iron—Nuxated Iron—not metallic iron which often corrodes the stomach and does more harm than good. Nuxated Iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard women in two weeks' time in many cases. I have used it in my own practice with most surprising results." Ferdinand King, M.D., well known New York Physician and medical author. (Satisfaction guaranteed or money refunded—On sale at all good druggists.)

NUXATED IRON

RETURNED From a BUSINESS TRIP

After an absence of a couple of weeks I have returned from a business trip and will be at my office as usual.

HOURS:
9 A. M. until 12 M.
1.30 until 5 P. M.

"The Live Store" "Always Reliable" DOUTRICH'S January Reductions

The speedometer (when working right) gives the speed of the car, the driver can always tell if the car is running "safe" — So the merchant can tell from his daily records if his business is in a flourishing condition, or not, sometimes it's necessary for HIM to "speed up" to keep within running distance and around this time of the year there's usually a lot of speeding up—

This "Live Store" believes in keeping a business in a flourishing condition all the year around, were geared up to "high speed" at all times — Yet there is never anything spectacular about the way we do business, our plan has been ever since we started, to give the people the kind of merchandise they want at a profit to us, and a saving to our customers, because we believe that known quality merchandise with the usual DOUTRICH guarantee is the most satisfactory way to win the confidence of the buying public, and the only way we do business is by square-dealing honest representation and giving greater values.
