An Attack of Influenza Often Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epi-demic of influenza which has visited so many homes

demic of influenza which has visited so many homes.

The symptoms of this disease are very distressing and leave the system in a run-down condition. Almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals offten lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root on receipt on ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular, medium and large size bottles for sale at all druggists. Be sure to mention the Harrisburg Daily Telegraph.
