Germany Must Deliver 58,000 Agriculture Machines to the Allies

Berlin, Jan. 18.—Under the terms of the prolongation of the armistice, Germany must deliver by February 17, some 58,000 agricultural machines of various kinds. As a guarantee for the fulfillment of the demands the Entente also reserves the right of occupying the sector of the fortress of Strasbourg formed by the fortifications on the right bank of the Rhine together with a strip of territory from five to ten kilometers in front of it.

New Polish Cabinet Is Being Constructed

Warsaw, Jan. 18.—Ignace Jan Paderewski, having reached an agreement with General Pilsudski, has succeeded partly in forming a new Polish cabinet. General Pilsudski will be foreign minister under M. Paderewski as premier which will permit Pilsudski to retain much of his power. Three members of the present cabinet will be in the new ministry, which will be constituted primarily of non-political experts. The new cabinet is subject to the approval of German Poland. It will continue in office until elections are held within the next fortnight.

18,683 BIRTHS IN SEPTEMBER
There were 18,683 births and 10,794 deaths during the month of September last year, according to the report of the State Health Department. Influenza was the cause of 553 of the deaths, and 846 were claimed by pneumonia.

LYCOMING LEADS IN DEER KILLED

190 Shot There During Past Season; Clearfield Next With Total of 178

Lycoming county led the state in the number of buck deer of legal variety shot by the hunters in the season of 1918, the figures compiled at the office of the State Game Commission showing 190. Clearfield is next with 163 and then Pike with 150. Huntingdon has 116. The South Mountain counties show the following: Cumberland 70, Franklin 75, Adams 40 and Fulton 11. Bedford having only 3 and Blair 6.

Central and eastern counties show some good hunting. Elk and Cameron had 75 bucks each; Potter 19; Cambria 26; Mifflin 70; Perry 21; Juniata 5; Somerset 18; Snyder 5, and Union 34. Westmoreland reported 27 and Fayette 10. Monroe kept up its reputation with 80 bucks and Carbon 33, while Lackawanna had one buck killed, Lehigh 3 and Luzerne 15. Northampton and Wayne had five each. Dauphin turned up with one.

Twenty-one baby bucks, or bucks not having horns were killed by illegal hunting, four being found in Clearfield alone, while not less than 111 does were reported shot, this being flat against the law. Thirty-seven of these were found in Huntingdon, eleven in Clearfield and ten in Franklin. Nine were discovered in Cumberland, 7 in Adams. In most cases the illegal hunters have been

prosecuted. Two does were killed in Philadelphia. Clinton is the leading bear county having 80 of 382. Cameron was next with 60 and Lycoming followed with 50. Sullivan showed 39 and Elk 19.

Huntingdon Yields 800 Turkeys

Huntingdon led all counties in wild turkey shooting, due to the systematic stocking of preserves and co-operation of sportsmen. It returned 800 "turks" out of 2761 shot in the State. The adjoining counties of Juniata and Mifflin were up around the 300 mark with Cambria at 300. Dauphin had 75 and Cumberland 90.

Dauphin, Lancaster and York were returned as the three big Virginia quail counties, each having about 2,000.

Mercer and Lawrence were leaders in rabbits with 160,000 and 120,000 respectively. All counties reported out of a total of 175,000 in among them with 2,000. Allegheny, Bucks, Chester, Butler, Delaware and Washington were away up with rabbits. The total kill in the State is given as 1,434,000 in round numbers. Dauphin had 9,000 and Cumberland 6,000.

Honors for squirrel hunting went to Lebanon county with 17,450 reported out of a total of 175,000 in the State. Bedford was next with 15,000 and Adams third with 14,400. Philadelphia with 115 nosed out Potter for last place. Every county reported squirrels shot and also raccoons. Philadelphia reported ten "coons" taken, while first honors went to Cambria county with 3450, followed closely by Butler with 3,000. Northumberland was third with 2,000. Dauphin bagged 225. There was no illegal deer shooting in Dauphin county. The county reported 200 pheasants shot and 2,000 wild water fowl and 2,700 shore birds. York had the most accidents, hav-

ing two of the 19 fatal and nine of the 48 non-fatal. Centre reported two fatal accidents. Berks had six non-fatal and one fatal, while Philadelphia had one gunning accident. Dauphin, Cumberland, Blair, Chester, Fayette, Huntingdon, Juniata, Lebanon and Washington also reported accidents of a non-fatal character.

Says Boat Owners Took Advantage of the Government

New York, Jan. 18.—Charges that boat owners in New York harbor chose the period when the government was making its maximum effort to get soldiers to Europe as an opportunity for "greatly increased" towing charges were made on the witness stand here late yesterday by Captain William A. Maher, manager of the Harbor Boatmen's Union, before the sub-section of the War Labor Board which is taking testimony in the controversy between boat owners and boatmen. The increases were put on transport towing, the witness said, and other classes of business.

Two Brothers of Leon Trotzky Make Escape

Geneva, Jan. 18.—The Swiss newspapers announce that two brothers of Leon Trotzky, the Russian Bolshevik minister of war and marine, who were interned in France, escaped into Switzerland, near Delémont, Thursday, after shooting and wounding a French soldier. The younger of the brothers has been arrested.

Farrell Shortly to Call Foreign Trade Council For Session

The National Foreign Trade Council will hold its sixth National Foreign Trade Convention at the Congress Hotel, Chicago, on Thursday, Friday and Saturday, April 24th, 25th and 26th, 1919. The formal call will be issued shortly by the chairman of the council, James A. Farrell, president of the United States Steel Corporation.

In the past these conventions have drawn an increasingly large number of the prominent business men of the country, representing all forms of industry, commerce, finance and transportation. To these will now be added the representatives of labor. In this way the delegates are supplied with a broad view of the business situation, with specific information to meet their individual needs, and with advice and inspiration for the coming year.

The convention in April will deal with foreign trade as a factor in stabilizing American industry, problems involving the conversion of war industries to the needs of peace; development of our foreign trade to provide employment for our soldiers, sailors, and war workers; and the formation of a definite policy dealing with the future of our new shipping.

The procedure of the convention will be along the lines that have proved so successful in the past; general sessions with prepared papers by the leading authorities, followed by discussion; group sessions, consisting mainly of discussion, in which the special interests of different types of business are treated; individual conferences with Government representatives and trade advisers.

It is expected that the attendance

this year will be unusually large. There is a growing realization throughout the country that foreign trade is essential to continued prosperity, and many concerns are turning to the foreign field for the first time. For these, the convention offers an unusual opportunity to profit by the experience of older export firms and to learn the general policies of the country in respect to foreign trade.

Goes to Warsaw to Arrange Terms to Release the Poles

Warsaw, Jan. 18.—(By The Associated Press)—Colonel Grove, of the American mission in Poland, accompanied by British and French officers, left Warsaw Thursday for Lemberg to arrange armistice terms which are expected to permit the release of Polish troops in that region for transfer northward to oppose the Bolshevik tide from Russia.

This Is It... The Wonderful Moline Universal Tractor

The Tractor every farmer is talking about and the one you will eventually buy—why not buy it now? It is really the only practical Tractor that does all field work that horses will do, including cultivating, and does it all from the seat of the implement—the only proper way to do good work.

More Speed—More Power—More Work

Buy a Moline Tractor Now—Get An Early Delivery

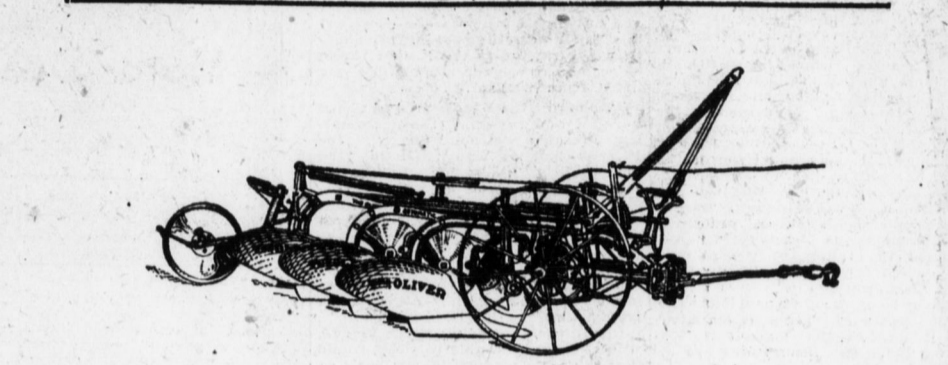

Do not consider the purchase of a tractor from a PRICE standpoint only—you buy a tractor not because of its price but as a business investment that must replace horses, save those hundreds of dollars of feed bills, save your physical strength, do more work in less time, make your farming a pleasure instead of a burden. The "MOLINE" is a real profitable investment.

Better Plowing Secures Results

The plow that does more and better plowing is worth more. The Oliver No. 78 Tractor Plow—built to stand the rough usage in our eastern conditions, does better plowing, lasts longer—is worth more.

Perfect seed bed depends on quality plowing. Oliver plows have established quality plowing—soil experts are unanimous in their praise of Oliver plows, knowing that perfect seed bed preparation is possible only with the use of Oliver plows.

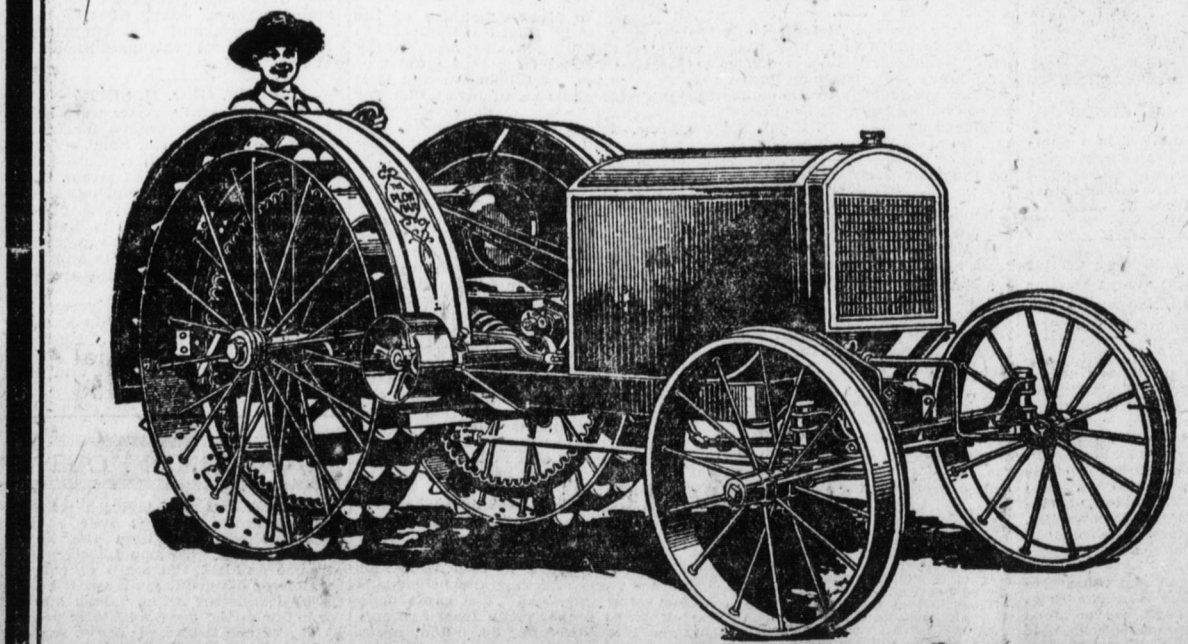

The Oliver Tractor Disc Harrow is an important factor in the final preparation of your seed bed. It is actually a tractor harrow—built heavy to stand the work you require of it—weight and special construction of design give you great penetration in the most difficult conditions.

It will be a pleasure to see you at our exhibit at the Pennsylvania State Farm Products Show, Tenth and Market Streets, January 21, 22, 23 and 24, 1919.
