

SIX MEMBERS OF AGRICULTURAL WAR PICTURES GIVEN MAYOR

Tender Resignations to Governor Sproul to Help Reorganize Department

Six members of the State Agricultural Commission to-day tendered their resignations to Governor Sproul so that he may have a free hand in the reorganization of the department. This action was taken by Chairman H. V. White and Henry T. Moon, M. E. Bushong, Alva J. Gilliland, C. W. Newman and G. G. Paxton. The remaining member, George M. Patterson, was not present to-day.

Mr. White, who presented the letter to the Governor, said that the resignations were submitted so that Governor Sproul would not be embarrassed in any way. Mr. White said that the present act limits the powers of the commission to appointments and approval of bonds. For some time there has been dissatisfaction among the commissioners over the way the act was construed and the resignation will probably bring about a more liberal interpretation of the policy of the new Governor in regard to agricultural matters. The resignation concludes with this statement: "The undersigned, with the highest personal regard for you and the renewed expression of our abiding interest in the cause of agriculture in our state."

RESIGNATIONS NOT ACCEPTED GOVERNOR SPROUL SAID HE HAD NOT ACCEPTED THE RESIGNATIONS OF THE COMMISSIONERS, ADDING THAT THE PLANS FOR THE DEPARTMENT OF AGRICULTURE HAD NOT BEEN WORKED OUT.

Resignations Not Accepted Governor Sproul said that he had not accepted the resignations of the Commissioners, adding that the plans for the Department of Agriculture had not been worked out. He warmly praised Secretary Rasmussen and intimated that he preferred a department with authority centralized. This is taken here to mean that the Commission will not be continued, at least as an administrative body. Whether there will be a new advisory body or not has not been stated. The Governor said that he plans to continue the Delaware counties the matter of continuing the milk arbitration system, which will close under the present arrangement on February 1. He said that he hoped some plan might be worked out by the War Board next week whereby it could be kept going as one of the activities of the Council of Defense. John A. McSparran and eight other members in grant to meet some time with the Governor discussing the proposition of some state aid for rural roads. Governor Sproul expressed the opinion that ultimately some plan could be devised whereby aid and definite aid could be given to rural districts for roads just as money for education is distributed.

HOOVER REPLIES TO U. S. SENATORS

profits by \$10,000,000 during the last year. I do not imagine that the packers would appreciate a wide circle of such friends. "I notice also that I committed a crime by holding the October joint conference of farmers and the packers of forty small packers, as well as the big packers, together with representatives of all allied governments for the purpose of setting a price for exports of pork that would give the American farmer a square deal and a distribution of orders that would protect the small packers. "We have been tried to secure the continuance of these war arrangements through the armistice period and the opening of other markets, because the American farmer did his duty and produced goods. "If the American farmer and the small packer now feel that these arrangements are wrong, it would be the greatest burden off our shoulders if we could know it quickly. The British government is particularly anxious to be relieved from these arrangements."

Lumbermen Urge Early Return of Railroads

Philadelphia, Jan. 23.—Return of the railroads and wires to private ownership was urged in a resolution adopted by the Pennsylvania Lumbermen's Association in annual convention here yesterday. The railroads should be returned not later than December 31, 1919, the resolution said, and the wires, telephone, telegraph and cable, by June 30, 1919.

REJECT 48-HOUR WEEK LAWRENCE MASS., JAN. 22

Lawrence, Mass., Jan. 22.—The Pacific Mills, employing about ten thousands textile workers, in a formal statement to-day rejected the demands of the employees for a 48-hour week. The statement asserted that neither present business conditions nor the prospects of the immediate future justify such a reduction, "in the hours of labor."

WAR PICTURES GIVEN MAYOR

The Kiwanis Club Entertains Many Guests at Weekly Luncheon

A collection of approximately 250 photographs portraying the war activities of Harrisburg during the great war was presented by the Kiwanis Club of Harrisburg to Mayor Daniel L. Keister at the weekly luncheon held in the Penn-Harris hotel at noon to-day. The presentation address was made by William C. Alexander, chairman of a committee appointed by President L. F. Neefe, of the Kiwanis Club, to collect these photographs. The pictures will be used in a war department history. In acknowledging the gift Mayor Keister expressed his appreciation of the work of the committee. The Municipal band orchestra under the leadership of Frank Blumenstein played a number of selections as a prelude to the meeting. Rabbi Louis J. Haas, of Chev Shalom Temple, offered the opening prayer. Among the guests introduced were the following:

J. Henry Spicer, Boyd M. Ogelsby, advertising manager of the Harrisburg Telegraph; Prof. W. R. Zimmerman, assistant superintendent of Duquesne University; Captain Baker, Paul K. Kendra, treasurer of the State Kiwanis Clubs; John E. Fox, city solicitor; Frank B. Wickersham, Assistant District Attorney; George B. Etter, South Park Barnhart, Samuel Baxter, John A. Rose, C. W. Spear, Lieut. George J. Shoemaker and others.

Upon the announcement that he is leaving his position as manager of the local S. K. Reese Five and Ten Cent Store, members of the club were unanimous in offering a resolution of regret upon his leaving. They expressed their good wishes. Mr. Chenoweth will manage the Syracuse store for his firm. Mayor Keister and Chief of Police J. E. Wetzel received a round of applause when they were introduced to the club. City Solicitor C. E. Fox made a brief address and E. K. Porte, of the Atlantic Refining Company, gave an interesting talk on oils and gasoline. The silent booths, small notebooks, were given by President L. F. Neefe, William C. Alexander, sales manager of the Moorhead Knitting Company, John A. McSparran and eight other members in grant to meet some time with the Governor discussing the proposition of some state aid for rural roads. Governor Sproul expressed the opinion that ultimately some plan could be devised whereby aid and definite aid could be given to rural districts for roads just as money for education is distributed.

TURN SALOONS INTO CLUBS FOR MEN

the plan. "It will fill a long-felt want," she said. Questions as to the attitude of the Red Cross Motor Messenger Service on the proposition, Mrs. S. F. Dunkle, captain, and one of the most popular Red Cross workers in this city, said: "Surely I will say excellent idea. Unofficially I will say that I have not the slightest doubt that the members of the Red Cross motor service will be very glad to assist in any way possible." Married women and young women who have been prominent in the war work should be in charge of the canteens, according to the plan suggested. The canteens under such auspices would become social centers where motion pictures could be shown at moderate admission prices. Each canteen would have a night nursery attached, where young children could be cared for. When the saloons close men will have to go elsewhere," say the people who favor the plan. "The church ought to provide places where men and women can enjoy themselves under the Christian auspices."

James Bloomenthal Returns From France

James Bloomenthal, 19 years old, son of Mr. and Mrs. Irving Bloomenthal, 234 Lower Merion road, returned from overseas duty, according to a message received by his father. He landed in New York and has been sent to a camp in New York for the usual procedure. Bloomenthal enlisted in February, 1916, in the Regular Army and sailed for France in December, 1917, as a member of Battery A, Seventeenth Field Artillery. He was severely wounded during the fighting on the west front, but is reported on the road to complete recovery.

France Favors Armed Intervention in Poland

Paris, Jan. 23.—France favors immediate armed intervention by the allies in Poland, according to authoritative unofficial information. The French view is said to be that only a military intervention in Poland, and from being crushed by the Bolsheviks, and that such assistance must be given within the next few weeks. It is claimed that the sending of food and munitions to Poland would only serve to strengthen the hands of the Bolsheviks, since they would ultimately capture the supplies.

COUNCIL ADOPTS WILSON PLAN TO UNITE RUSSIANS

Supreme War Board Asks All Factious to Meet Allies at Princes Island on February 15 and Fight in the Meantime

Paris, Jan. 23.—Proposals for the union of the factious of distracted Russia and asking them to come in to the Peace Conference, are to-day on their way to the various parties. This is the result of the action taken yesterday when the Supreme War Council, the western power adopted a proposition brought forward by President Wilson. This proposal asks that all the Russian factious, including the Bolsheviks, to meet the allied and associated governments at Princes Island, in the Sea Marmora, on February 15, the contending factious being invited to discuss the war and suspending all military operations. The joint commission of the associated governments will be announced as soon as the Russian factious have reached the council. The Russian commission will proceed to the meeting place, probably on a warship, by way of the Black sea and the Bosphorus.

CONGRESS OF PARIS TURNS TO LEAGUE

tribunal with absolutely binding powers is not practical at present. "The creation of non-rigid international machinery, which is a conciliatory influence toward conciliation, may work, will be the main strength of future peace-making," he said. "Such a body must, however, possess at least sufficient international guaranteed power to be able to prevent surprise declarations of war and to compel disputants to accept delay, during which forces of civilization may have time to try to avert a calamity. "The interdependence of modern states has become so great that no nation can control its own affairs entirely without regard to the effects of its actions on other nations. It is easy to see that in future certain cities located on waterways will have to be under international control, which will guarantee free access to them. Some of the new states formed out of the Austro-Hungarian empire, for example, cannot possibly have independent access to the sea. Switzerland is, according to newspaper dispatches, considering a plan, which will give her a way to reach tidewater. "Certain nations have a strong interest in having free access to Saloniki, but it is out of the question to discuss the ultimate decision must rest with the great powers, since as a last resort, the league can enforce its decisions only by the military power which will always be possessed by the great powers. "In general, the power on which the league must mainly rely will be public opinion, and it is for this reason that the power imposing delay on disputants is so important. "New states formed out of the wreck of the Austro-Hungarian monarchy, Lord Robert said, could not be admitted to the league without difficulty as soon as settled governments were established.

SUES FOR INSURANCE TO COVER LOSS IN FIRE

A suit to recover insurance from the Lurgan Mutual Fire Insurance Company of Franklin county, brought by O. F. Strayer after the Capitol Hardware and Supply Company building and stock burned, was heard by a jury to-day in courtroom No. 2, before Judge S. J. M. McCarroll. The fire occurred January 15, 1918, starting about midnight. Mr. Strayer conducted the store at 1218-20 North Third street for about twenty years he testified. The insurance company it is alleged, refused to pay the claim asked, contending there had not been that much loss. A verdict may be returned to-day. In courtroom No. 1 before President Judge George Kunkel, S. T. Albright, 313 Clinton street, was the chief witness in the suit he brought against the insurance company. He testified that he had been paid to him, the balance of wages due for work he did on the Ensminger farm, which is located between Hummelstown and Highspire. The jury went out early in the afternoon.

FELTON RESIGNS AS EMPLOYMENT HEAD

of inspection of the labor situation in the western part of the state, is expected back to his office to-day. As no intimation of Mr. Felton's resignation had been made up to yesterday, the report created surprise to those actively interested in the labor situation and the work of the Federal employment service here. "Yes, I have resigned," Mr. Felton said. "I will issue a statement giving the full particulars in the matter." Mr. Felton refused to make other comment as to his future activities and changes in the organization of the employment service as a result of his resignation. He appeared gratified with the work in placing returning soldiers and sailors and war workers accomplished by the Government organization since the signing of the armistice, and said the work will go ahead as before. "Anticipates No Broad Lines" Commenting on a statement by Frank Morrison, secretary of the American Federation, before the House Un-American Committee, that 10,000 are employed in Philadelphia and bread lines are to be expected in every industrial center about May 1, Mr. Felton said: "There is no way to tell whether Mr. Morrison's figures are correct. I am inclined to think Mr. Morrison is exaggerating. Furthermore, I do not anticipate any bread lines in Pennsylvania. I think we are handling the situation well."

MARKETS PRICES CONFUSE IN THE MARKET

Active Demand For Rails Sets in at Noon; Gains Are Scored

New York, Jan. 23.—Price movements became more confusing with the progress of the market session to-day. Mexican Petroleum made full recovery and marked strength was shown by some of the equipments, including Bethlehem Steel, but United States Steel reacted point and Brooklyn Transit repeated its recent record of 20 1/2 on rumors of a possible stock assessment in connection with the receivership. Flour to wheat specialties included hide and leather preferred and several of the less active food issues. At noon an active demand set in for rails. St. Pauls and other grades, as well as Pacifics, scoring gains one to two points. Gains extending from fractions to a point attended the opening of the market but the undertone soon became uncertain on the further selling of oil. Mexican Petroleum led almost three points and Texas Company 1 1/2. Steels, equipments, coppers and rails were among the various issues to record initial advances, but they were soon cancelled at the end of the first half hour, shipplings showing further heaviness.
