Dear Mr. Virgin: I am writing to tell you that I was very much impressed with the splendid work performed by the Boy Scouts in seeing the hundreds of people who occupied the grandstand during the inaugural ceremonies. I have seen many large crowds of people, but never saw them handled with greater courtesy and expedition than was displayed by your splendid Scouts on the occasion of the inauguration of Governor William C. Spokesman Asks Congress to Withdraw Arbitrary Power From the President

BULGARS IN ROLE OF MURDERERS IN THE WORLD'S WAR

London, Jan. 24.—Appalling and almost unbelievable atrocities were practiced on Greeks and Serbians by the Bulgarians during the war, according to a report submitted by an official Serbian commission which has been conducting an investigation. Not only has evidence of brutalities been found by the names of Bulgarian officers who ordered them to be carried out, but hundreds of crimes against civilians in occupied territories have been proved by the investigation, it is reported. In one district it is said, five hundred women and children were ordered massacred by a certain Lieutenant Stojanov. The spot where this wholesale tragedy occurred is said to be marked by human skulls and bones.
