WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Why Uncle Sam Turned Teetotaler

The unanimity with which our State legislatures have hastened to ratify the Eighteenth Amendment to the United States Constitution is a source of wonderment to many of our representative newspapers. Thus to the New York Tribune it seems "as if a sailing-ship on a windless ocean were sweeping ahead, propelled by some invisible force," while the New York Times explains the mystery by suggesting that "prohibition seems to be the fashion, just as drinking used to be." The nation-wide sweep of anti-liquor sentiment is accounted for by other well-known publications in more positive terms. The Pittsburgh Gazette-Times declares that the abolition of intoxicants is dictated by "the deliberate judgment" of the American people and the Toledo Blade terms the movement "as remorseless as the rise of tides in the sea," yet the New York World characterizes it as "a most emphatic denial of local self-government." In the leading article in THE LITERARY DIGEST this week — January 25th — these varying views are discussed in detail. Other articles of strong contemporary interest in this number are:
