SADLER GRANTS TWENTY LICENSES IN CUMBERLAND

Only Remonstrance Was That of John A. Davis, Mount Holly Springs

Carlisle, Jan. 29.—All of the license applications in Cumberland county, twenty in number, were granted by Judge Sadler in what was probably the last license court for the county. Against nineteen of these there were no remonstrances and in the case of John A. Davis, an opinion was filed stating the reason for the granting of this license. The license year begins on February 1 and the licenses will run until July 1 when the federal ruling becomes effective.

John A. Davis, who applied for the Mount Holly Springs license, has the unique position of also being a constable of the town. The remonstrants who were represented by Miss Ida K. Cumberland of county's only woman attorney, were 246 in number, seventy-three men and 173 women, who claimed that there was no necessity for the license and that the sale of liquor was detrimental to the community.

Against this was the original petition and supplemental petitions, one signed by 103 residents of the town and the other by 155 residents of the neighboring section. No claim of unfitness against the applicant was made. Judge Sadler stated in taking the applications under advisement that all license granted would be under the usual rules preventing the sale of "growlers," gift of free lunch, music or any feature to draw trade and under the 10.30 closing plan.

Last evening all applications were granted Judge Sadler stating in the Mount Holly case that for many years the courts granted two licenses there, that in 1914 the number was reduced to one, and that a sufficient case had been made out to show that the prescription of necessity arising from former grants had been overcome. It was further stated that there is nothing in the federal regulation abridging the powers of courts to exercise their functions under the Brooks law now.

Miscellaneous cases were also presented at this session of court, a divorce being granted John C. Souter, a Harrisburg merchant, from his wife, Grace A. Souter.

Private George W. Bell, 743 South Nineteenth street, with the mounting train of the First Army, and Private Robert Harold Wadsworth, 1818 Fourth street, Company K, Fourth Infantry, are mentioned in today's casualty lists as being wounded in action. Both of their injuries were suffered in October. Both are alumni of Tech High.

The Americans will go home when peace is declared, and the British will go home when peace is declared. But the French will remain on the Rhine as a strategic barrier," he said.

It would never do, after the sacrifices of the great war, to leave open some where Germany might again some day strike, he declared.

Among the applications for membership now in the hands of Secretary V. H. Brackenridge are those of Seth H. Barnhart, barber; Harry T. Neale, insurance; John A. Ross, confectioneer; Charles Rupp, monuments.

The Horrible Handicap of Catarrh

You Must Drive It Out of the Blood to Get Rid of It Permanently.

Adam never had a handkerchief is another way of saying that Catarrh is an ailment that we owe to civilization and the effects of modern life. Catarrh is not a disease like pneumonia or typhoid fever. Catarrh is caused by impure blood, laden with irritating and poisonous matter acting upon cells lining the nasal passages and throat, that have already been inflamed, irritated and caused to overwork, by exposure to dust, dirt, sudden changes of temperature, abnormal dryness of the air, and germs. Catarrh cannot be cured by spraying or douching the nose and throat. The unhealthy condition of the blood must be overcome, purified and restored to a healthy condition.

You must realize that the disease itself, and not its symptoms, is what you have to cure. Of course, you know that when you are cured of any disease its symptoms will disappear.

Catarrh manifests itself by inflammation of the delicate membranes of the nose and air passages which choke up and make breathing very difficult. To get rid of these distressing effects you must remove their cause.

The blood is laden with the catarrh germs, which direct their attack against the tender and delicate membranes of the nose and throat. These germs cannot be reached by sprays or douches, which, of course, have no effect whatever upon the blood.

Once you get your blood free from impurities—cleansed of the catarrhal poisons which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh—it is not necessary. The remedy S. S. S., discovered over sixty years ago, tested, true and tried, is obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long-standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment.
