

NO REASON WHY DAUGHTER TOOK HER LIFE

Use of Suicide a Mystery to Father, Wealthy Real Estate Dealer of Tampa, Fla.

By Associated Press
Tampa, Fla., Jan. 29.—George H. Packwood, wealthy real estate dealer of Tampa, upon receiving the first news of the death of his daughter, Marie, whose body was found Sunday on the Palisades of the Hudson river, said he had heard from his daughter only occasionally since she had returned from France and for no reason why she should have

taken her own life as the author went to New York early in November of Bergen county, N. J., believe. Miss Packwood was 28 years old and until ten years ago lived in Tampa. Going to New York to study music, she enlisted as a Red Cross nurse when the United States entered the war, and was sent to France about a year ago. She returned to this country, according to her father, about the time the armistice was signed.

Members of the family say they had heard that she was engaged to be married to an army officer, who was killed in action, but they could not recall his name.

Mr. Packwood later disclosed that his daughter came to Tampa for a short visit in November, but he said she did not tell him she was married. After she returned to New York, he said, she ceased writing and later some of her personal effects were received by express. Mr. Packwood said he then wrote to the Red Cross headquarters in New York for information and was informed that his daughter, who had secretly married a Major Fenton, a year ago,

had been mustered out of service.

Body Identified
Englewood, N. J., Jan. 29.—The body of a young woman found Sunday on the Palisades was identified yesterday as that of the daughter of George H. Packwood, of Tampa, Fla., widow of a major in the American army who died of influenza in France last October, according to an announcement here by Thomas J. Huckin, prosecutor of Bergen county.

Mr. Huckin, who declared an autopsy performed to-day established the fact that the girl was killed by chloroform self-administered, asserted she apparently had married without the knowledge of her parents or friends. News of the death of her husband, whose name is not known to the authorities, made her despondent.

Identity of the body, Mr. Huckin stated, was established by Mrs. Bradford Ellsworth, of New York, and other friends of the young woman, whose names he did not make public.

He said that she had frequently been seen walking along the Palisades and intimated that, in view of her confessed intention of suicide, had evidently been selecting the spot where she should in secret end her life. The body was found on a shallow ledge, several weeks after the girl had swathed her head in bandages soaked with chloroform.

Mr. Huckin said he had notified the girl's father, a wealthy resident of Tampa, but had received no reply.

Shoe Industry in "Healthy Shape," Says Association Head

By Associated Press
New York, Jan. 29.—The shoe industry was described as being "in healthy shape" by J. Frank McElwain, of Boston, president of the National Boot and Shoe Manufacturers' Association, who addressed members of the Wholesale Shoe League last night at the dinner which followed their annual meeting.

"So far as the wholesaler is concerned," he said, "the supply of shoes is not excessive. The retailer is not overstocked and his condition might be termed normal."

"There is no probability of the lowering of prices for the next six months. The danger is that the prices may go higher."

Demand Punishment For Crimes Against Women in the War

By Associated Press
New York, Jan. 29.—Joining with the women of France in a protest "against toleration of violation of womanhood in war," the National American Woman Suffrage Association adopted resolutions demanding that "definite punishment for crimes against women and girls be provided for by the peace congress."

AWARDED \$10,640 DAMAGES
Pottsville, Pa., Jan. 29.—Frank Leonard, a young war worker at the Atlas Nitrate Products Company factory at Mt. Carbon, yesterday was awarded \$10,640 damages for burns received at an acid vat two years ago.

McCLAIN TO PUT IN NEW SYSTEM

New Director of Defense and Welfare Work Will Assume Duties at Once

Lieutenant Governor Frank B. McClain will assume charge of the activities of the State Defense Commission and organize its work for welfare and other matters outlined yesterday without any delay.

Mr. McClain left Harrisburg last night after announcing that he intended to get to work at once. "There are a number of things which the commission confided to me and which from my experience I think can work out advantageously," said he. "We intend to revise the general program and will reduce expenses wherever possible. I have already made a number of cuts and things will move along very smoothly."

Mr. McClain said that it was his idea to take up with federal officials at once the relation of the employment agencies to the government. The state is paying a good bit of money and wants to run its own establishments.

Ex-Governor Here—Ex-Governor Frank B. Willis, of Ohio, was at the Capitol to-day, visiting departments. He called on the Governor. The Ohioan was enthusiastic about the meeting last night.

Nauman Qualifies—Spencer G. Nauman, who will be in charge of the Superior Court decisions, has qualified. He will have his office here.

State Board Meets—The State Board of Education is holding its January meeting to-day. Reports from Dr. J. George Becht, the secretary, regarding his observations in Europe, are to be made.

Going to Pittsburgh—Governor William C. Sproul, Lieutenant Governor Edward E. Beidleman and W. Harry Baker have accepted the invitation of Syria Temple, Ancient Arabic Order Nobles of the Mystic Shrine, Pittsburgh, to be the guests of the temple at the big ceremonial of the Shriners to be held on Thursday, February 27. The invitation was extended by Illustrious Potentate Joseph N. Mackrell, of Syria Temple. A committee of Shriners, headed by Walter J. Christy, will escort the guests from Harrisburg to Pittsburgh, where the reception committee for their visit of which Potentate Mackrell has appointed M. D. Williams, president of the Carnegie Steel Company, as chairman, will meet them and look after their comfort until such time as they leave Pittsburgh for their return journey east.

Governor Sproul is a member of Lulu Temple, Philadelphia, while Lieutenant Governor Beidleman and Mr. Baker are among those who "crossed the hot sands" in Zumbo Temple, Harrisburg. This is the first time that the Governor and Lieutenant Governor of Pennsylvania have been Shriners. Syria Temple is evidently going to "show them something" and the guests have not asked for any quarter. This will be Governor Sproul's second appearance in Pittsburgh in February, as he is the principal speaker at the Chamber of Commerce banquet in the William Penn Hotel on February 8. Some unusual features have been arranged for his visit to the Shriners Mosque and the regular Washington's birthday date has been set almost a week forward as he receives the degree of doctor of laws at the University of Pennsylvania on that day.

Rasmussen at Work—Secretary of Agriculture Rasmussen has gotten down to work in his department and has completed a survey of the activities of the various bureaus. "It will take some time to study out all of the work and until then we are going right ahead with the usual work. From time to time things will develop," said he to-day. "I have found very cordial support and I think we are going to have a department that will be valuable to our state."

Mr. Ball Here—William H. Ball, secretary to Dr. Brumbaugh, was at the Capitol to-day. He is now secretary of the Philadelphia Real Estate Board.
