Early Spring Modes Presented Saturday

Originations Meeting Your Fashion Requirements

The unique position which this establishment holds in the esteem of the woman of fashion has been attained through years of service in a field to which our peculiar facilities are adapted. Those who are ready to select their new Spring ready to wear will find in our advance modes their individual ideas carried out. These authoritative fashions will be in place as the Spring and Summer seasons come along

Dignified Modes in Early Spring Suits

For Women and Misses

featuring innovations that will catch the eye of the discerning dresser who at the same time seeks practical and serviceable garments of distinction

The suit that you select here will give you much more service than for the duration of a season. Our lines are chosen with keen discrimination, leaving out the freak and fad styles that you will soon tire of.

It is not necessary to wear "extreme" fashions to be well dressed. It is very much more preferable to be attired in a suit that has lines which blend with the details of the design in such a way as to be attractive and charming without being unduly conspicuous.

We are not satisfied to have you simply wear Schleisner garments. The credit for correct modes comes to us because our tailoring service assures you that our garments fit you properly, bringing out the line-beauty as it is designed.

Scores of new arrivals are here for your immediate choosing. You will be favorably impressed with these distinguished models in suits.
