

# HEALING THE HURTS OF DISABLE MEN

## More Than 200,000 Are Under Treatment Here and Overseas--Provision Made for Compensation and Insurance

President Wilson, in a letter to the Federal Board for Vocational Education, has called attention to the fact that the government stands squarely back of its disabled fighting men. His letter follows:

This nation has no more solemn obligation than healing the hurts of our disabled and restoring our disabled men to civil life and opportunity. The government recognizes this, and the fulfillment of the obligation is being carried forward fully and generously. The medical divisions of the war and navy departments are rendering all that skill and science make possible. The Federal Board for Vocational Education is commanded by law to develop and adapt the remaining capabilities of each man so that he may again be of use to his country and to his fellow men. The co-operation and interest of our citizens is essential to this program of duty, justice, and humanity. It is not a charity. It is merely the payment of a draft of blood which the United States of America accepted when it entered the world war. The men who fought the good fight; they have kept their health and arms to fight the battles of the nation. They have fought the good fight; they have kept their health and arms to fight the battles of the nation. They have fought the good fight; they have kept their health and arms to fight the battles of the nation.

Only in those cases where the disability is total and permanent does the discontinuance of insurance payments by the disabled man who is receiving compensation involve no risk and does no harm. This is because in cases of total and permanent disability there is a right to recover government insurance payments as well as a compensation which adds further premium payments necessary as soon as the disability was in fact total and permanent.

Any man who is receiving what he believes to be insurance payments should carefully verify that the payments he is receiving are in fact insurance payments, and should not cease taking insurance payments until he is definitely determined that the payments he is receiving are government insurance payments.

The Red Cross is undertaking to see that every discharged soldier is informed as to his rights to compensation and insurance, and gives assistance in making application for it. When the arrangements for training have been made, the Red Cross is prepared to see that the former receives supplementary assistance in service which may be needed by the government. Since, under the law, the taking of vocational training is entirely optional with the man, his own will and ambition must first be enlisted in order that it may be a vital factor.

### Injunction Notice Is Served on Bell Company

Papers in an injunction issued by the Dauphin County court restraining the Bell Telephone Company from putting the new federal rates into effect were served yesterday in Philadelphia by deputy sheriffs and the hearing will be held here next Monday afternoon. Meanwhile the Bell company is engaged in charging the new rates.

Just what will be done about other companies has not been determined, but it was said at the Capitol that actions against independent lines would probably be taken. The subject is under discussion to-day.

## OFFICIAL BOARD REORGANIZED AT GRACE CHURCH

### E. B. Mitchell and J. R. Stoev Resign After Many Years of Active Service

After records of service of unprecedented length in Harrisburg church circles, E. B. Mitchell and J. R. Stoev have been voted, at their request, from the board of trustees of Grace Methodist Church. Mr. Mitchell has been a member of the body for forty years and Mr. Stoev for thirty-eight. At a meeting Tuesday evening, Charles H. Kinter and E. J. S. Herman were elected as the successors.

Both Mr. Mitchell and Mr. Stoev were members of the board of trustees before the church enjoyed the position of now possessors. They have been among the most active in advancing the interests of Methodist churches which have been instituted by Grace Church and which regard it as a mother church. Mr. Mitchell and Mr. Stoev, in advancing reasons for their refusal to stand for reelection, explained that advancing age made it impossible for them to attend to the duties incident to the office as they should be.

Other members of the board of trustees, all re-elected at the Tuesday meeting, are: E. Z. Wallower, A. D. Bacon, Harry C. Ross, W. S. Snyder, John P. Melick, J. Harvey Patton and W. P. Starkey.

The board of stewards was reorganized Wednesday evening, following the fourth quarterly conference meeting. S. V. Larkin and C. M. McNaughton were elected new members of the board. Eighteen members were re-elected. They are: S. D. Sisson, C. W. Burnett, J. H. Seaborn, M. A. Shetter, J. S. Sibie, S. G. Stauffer, Edwin O. Shaffner, William R. Denney, Willard S. Young, Frederick E. Downes, Fred Rowe, George L. Reed, E. Lawton, E. Bruce Taylor, J. Horace McFarland, J. W. Ellenberger, John C. Herman and Sherman B. Mitchell.

These two boards, together with the Sunday school superintendent, the president of the Epworth League and the presidents of several women's societies of the church, make up the official board.

county, Illinois, must spend eight years in the Federal prison at Leavenworth, Kan., and pay a fine of \$3,000, according to a judgment of the U. S. Circuit Court of Appeals.

Judges Baker, Mack and Evans, after hearing arguments, denied Dorsey's appeal without leaving the bench.

Dorsey was convicted in Federal court and was sentenced to the penitentiary. He was accused of having flooded the country with tubercular cows, using the mails to defraud in so selling that they are high-grade blue-blooded Holsteins.

Evidence showed he not only purchased tubercular cows throughout the state, but obtained them from the Union Stock Yards, shipping them to his 500-acre farm in Kane

## Pittsburgh Coast Artillery Captain Weds Countess

Pittsburgh, Jan. 31.—The marriage of Captain Winthrop M. Allen, of Pittsburgh, serving with the Sixteenth Coast Artillery in France, and Countess May Borel, daughter of the late Maurice Borel, French ambassador to Russia, was announced in cablegram received here yesterday by his father, William H. Allen, Pittsburgh capitalist. After the ceremony, which took place January 17 at the home of the bride's mother, Madame Borel, in Paris,

## Touch Toes Fifty Times

Fine exercise! Keeps skin clear and complexion rosy by forcing the delayed food, poisons and waste from the stomach, liver and bowels. Splendid!

But most people take their exercise in an easy chair. They become headachy, bilious, sallow, dyspeptic, constipated. Such folks must take Cascarets occasionally. No other cathartic or laxative "works" like harmless Cascarets. They act on the bile-clogged liver and constipated bowels gently—no inconvenience! Cascarets cost only 10 cents a box.

American Ambassador and Mrs. Sharp gave a dance in their honor. Officers from General Pershing's headquarters at Chaumont, the cablegram said.

## FACTORY SURPLUS SALE OF DANDYLINE SHOES
