Allies in Accord Over Disposition of the Enemy Territory

Paris, Feb. 3. The accord reached by the Council of the Great Powers concerning the disposal of the German colonies and occupied regions in Turkey in Asia is much more definite than is generally supposed, and, besides acceptance in principle of the American plan of mandates, it embraces the following main features: The Allied and associated Powers are agreed that the German colonies shall not be returned to Germany, owing, first, to mismanagement, cruelty and the use of these colonies as submarine bases.

C. Laurence Shepley Is Guest at Farewell Dinner

A farewell dinner was tendered C. K. OF C. HALL MAY BE OPENED TO SOLDIERS

Fraternal Order Offers Splendid Quarters to National Body

Cathedral Hall, the home of the local council, Knights of Columbus may soon become club rooms for soldiers at Marsh Run and Middletown, under tentative provisions formulated by the local organization. No definite announcement has yet been received from the national body as to whether they will accept the rooms and make necessary renovations for the soldiers' use. Several weeks ago, representatives of the national body got into communication with officials of the local lodge with reference to the proposition. Favorable decision was made by the members and notice of the proffer was sent to the national officials, but their wishes in the matter have not yet been made known here. Tentative arrangements for the establishment of the club provides for the sending here of two Knights of Columbus secretaries, who would devote their entire time to the conducting of the hall and work among the men at the two camps. Certain renovations would necessarily have to be made to the hall, at present there is no heating system to raise the temperature of the water in the swimming pool to a degree suitable for bathing. This is the principal change that would be necessitated. The bowling alley, the pool tables and all other rooms would be in satisfactory condition for use by the soldiers. All of them would be turned over to the secretaries for the convenience of the men. The Knights of Columbus would maintain regular meetings in their council rooms and would also have the privilege of the use of the social rooms.
