

EIGHTEEN HAVE INCREASED COWS

Interesting Figures Issued by the Agricultural Bureau Today

Despite an average decrease of one per cent. in the number of milch cows in the State at the present time as compared with a year ago, statistics gathered by the Department of Agriculture show that there have been slight increases in eighteen counties.

The total number of dairy cows estimated in the State is 913,449 and this is about 9,000 less than were re-

ported a year ago. The high cost of feeds has brought about the decline in the dairy industry, but at the same time there is an apparent move on the part of dairy farmers to increase the value of their herds by adding pure bred cattle in the place of the grades.

The counties in which additions have been made to herds and in which the total of dairy cows is larger than a year ago are: Armstrong, Beaver, Bedford, Berks, Centre, Clearfield, Clinton, Columbia, Lycoming, Mercer, Monroe, Montour, Potter, Snyder, Somerset, Tioga, Union and York.

Centre county shows the largest percentage of gain with an increase of five per cent., while Bedford and York show increases of four per cent. and Monroe and Union counties three per cent.

Lawrence, Pike, Potter, Wayne and Snyder increased herds.

Compensation Cases—The State Compensation Board in a series of decisions handed down to-day refused compensation in the claim of Berry vs. Victor Coal Mining Co., holding that a blow on the head was not sufficient to cause death from a hemorrhage five days later and granting new hearings in Tolan vs. Reading Coal and Iron Co., Pottsville; Fazio vs. McKnight, Pottsville; Covello vs. Turner Concrete Steel Co., Philadelphia; Murray vs. Otis Elevator Co., Philadelphia; Sesalk vs. McConway & Forley Co., Pittsburgh; while the appeals were dismissed in Colfeesh vs. Matson, Philadelphia. In Steele vs. Pittsburgh Railways Co., a new hearing was ordered so that medical testimony could be given.

Drastic orders by the Railroad Administration to abolish overtime

some protest on the part of the workers are intended to make easier re-absorption of returning soldiers in industry, and will be enforced. No estimate of recent overtime in the shops is available, but 600,000 men work in them, and with overtime removed, it is believed there will be places open for at least 100,000 returning soldiers and possibly more than that number.

BEAUTIFUL HAIR THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate? — Yes! Certain? — that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Oh, It's There! Ouch, How It Pains!

Right Across the Small of the Back or Over the Kidneys! LUMBAGO, RHEUMATISM, GOUT, OR FAULTY KIDNEY ELIMINATION.

All signals of distress. The kidneys have too much work to perform. Uric acid accumulates in the system in form of urate salts. Obtain at your nearest drug store that splendid discovery of Doctor Pierce's called "Anuric" (anti-uric). Anuric is more potent than lithia and dissolves uric acid as hot coffee does sugar.

Home, N. Y. — "My kidneys have bothered me for some time. I used to have shooting pains through my shoulders. For weeks at a time I was not without pain. I also suffered with nerve spells and appeared to have head-aches. My disorder seemed to be weak, especially at night; I was disturbed seven or eight times during the night. This caused me to lose much sleep and made me feel quite miserable. Recently Doctor Pierce's Anuric Tablets were recommended to me and I decided to try them. The relief obtained has been really marvelous. For days I haven't had a pain in my body anywhere, my heart and nerves seem to be stronger, and I no longer have any weakness of the bladder. What Anuric has done for me I feel certain will do for others similarly afflicted.

"It is with pleasure that I make this statement and hope that through it others will get the relief that I have through Anuric." — OLISON DENCKS, 397 Bisset Avenue.
