ROMANCE OF TARZAN

Another of the justly famous Tarzan stories from the book by Edgar Rice Burroughs. The screen's most wildly exciting love story—mighty in dramatic interest, with spellbound love interest running throughout the 350 scenes. Not a sequel—an independent continuation.

Refreshing in theme, with a swiftly moving plot, “The Romance of Tarzan” moves from the jungle to high society. Cleo Madison is featured as a modern Delilah who sets out to entrap Tarzan, only to find that at the end she loves him too well to carry out her plans.
