Chambersburg Girls at Penn Hall Were Too Strong For Camp Hill

Camp Hill High School girls were defeated at Chambersburg last Saturday afternoon by the Penn Hall college Preparatory School girls by a score of 39 to 10.

This was the hardest game that Camp Hill has had this season and all the girls far excelled their previous playing. Although the game was lost as far as the score is concerned, yet considering that Penn Hall is above high school class and that they were state champions last year, the game was not an entire defeat.

Penn Hall made their great gain in scoring in the beginning at which time Camp Hill, hoping to win, played the offensive of the game, but in the second quarter, saw that winning was well nigh impossible.

At this time Miss Smith being injured, Miss Patterson was shifted to guard.

Uncle Sam Ready For

Olympic Games No Matter

Where They Are Staged

Swedish Athletic Association made through United States Minister Morris at Stockholm recently.

The track and field authorities of this country have been actively engaged since the signing of the armistice in preparing for a world-wide revival in competitive athletics and the implied desire of the Swedish association to re-establish the Olympic games did not occasion surprise in A. A. U. circles. Sweden acted as host to athletes from all parts of the world in the meet of 1912 and the imposing stadium built for the contests still stands.

Sweden, however, is not the only nation which desired to hold the games and it is probable that a conference of the International Olympic games committee will be necessary, in the near future, to pass upon this phase of the situation, especially if the meet is to be staged in 1920, as appears probable.

Whatever the date the Olympic games will be preceded by several international track meets of more or less formal character, either in this country or Europe. The Swedish A. A. has already cabled to the A. A. U. suggesting an international meet in this country next autumn and offering to send a team of fifteen athletes for competition against a picked American combination. No decision has been reached as yet on the proposal owing to the heavy expenses which are under consideration, eventuate this meet will probably appear as a part of the feature events of the sport schedule of 1919.
