The secretary submitted a draft for a bill which would carry out the treasury's recommendations. As the reason for asking such wide authority to determine terms of the Victory Liberty Loan, Secretary Glass explained in his letter to Mr. Kitchin that he could not determine this far in advance what the terms should be in April. "The Victory Liberty Loan could not be issued successfully, now that hostilities have ceased, within the limitation imposed by existing laws," said Mr. Glass.

Seattle's general strike, the first of its kind ever attempted in United States will officially end at noon today.

Union heads of basis building construction trades called a general strike from New York beginning today, which they say, will affect all contracts throughout the country held by members of the Building Trades Employers' Association.

John T. Cosgrove, vice president of the United Brotherhood of Carpenters and Joiners of America, at Indianapolis, Ind., says he received no strike order.

RATIFYING PROHIBITION
Chambersburg, Pa., Feb. 11.—A
celebration and parade in recognition of the ratification of the prohibition amendment is being planned
by the Woman's Christian Temperance Union for Saturday, February
22. A meeting of the union, in conjunction with the brotherhoods and
Bible classes of the various
churches of town will be held this
evening to further arrange for the
event. This appears to sum up the industrial situation throughout the country early today. While new developments later in the day may change the whole aspect, surface indications point to a gradual understanding between the workers and employers and a general return to work of the men. Whether the call for a general strike from New York will develop apparently depends upor the attitude of the various labor unions throughout the country.

Scattle Strike Ends
Scattle, Wash., Feb. 11.—Seattle's general strike, the first of its kind ever attempted in the United States, will end officially at noon today. Decision to call off the strike was reached late yesterday by the general strike committee composed of delegates from the 130 "locals" on strike after a four hour session.

The resolution calling off the strike advised all labor unions which returned to work Sunday or yesterday, to go on strike again until noon today as a demonstration of the solidartiy of labor, so that all would return to work together.

Members of the various unions were confused by this request and it was considered uncertain whether it could be generally observed.
