SPROUL NAMES

NEW MEN ON SERVICE BOARD

Magee and Ryan Are Let Out in the Appointments

Adjutant General Beary

Governor Sproul yesterday sent to the Senate the names of Judge H. N. McClure of Lewisburg; Sidney Ray Shelby, of Uniontown, and Samuel M. Clement, Jr., of Philadelphia, to public service commissioners.

They will fill one existing vacancy and take the places of Commissioner Michael J. Ryan, of Philadelphia, and William A. Magee, of Pittsburgh.

McClure is at present a member of the commission, having been appointed by Governor Brumbaugh and Shelby has been law partner of Senator Crow, Republican state chairman, since 1907.

He is a native of Uniontown and is 43 years old. He is a graduate of Washington and Jefferson College and Harvard Law School.

Clement is a Philadelphia lawyer who figured prominently in the Capitol grant cases and comes from an old family of that city. He is aged 47 and is well known.

His term will expire July 1, 1921; McClure's term July 1, 1923, and Shelby's July 1, 1925.

At the same time the Governor announced the reappointment of Adjutant General Frank D. Beary and Fish Commissioner N. T. Buller.

Adjutant General Beary was appointed to that office by Governor Brumbaugh following the death of Adjutant General Stewart.

For many years he had been deputy adjutant general and was thoroughly familiar with National Guard organization of the state.

Upon his shoulders fell the important duty of replacing the old National Guard regiments with the Reserve Militia and he did his work so quickly and so well under difficult conditions that when the men turned out for their first annual encampment last July they behaved like Guardsmen of the old militia.

His feat of equipping the Guard with tents, blankets, guns, shoes, uniforms, motor transports and all the other accessories required for a modern military unit was accomplished at a time when the war were all shot to pieces by war conditions and done in record time and at a reasonable cost to the state.

Mr. Beary resides in Mt. Pleasant has been State Fish Commissioner since 1911 when he first appointed by Governor Tener.

Mr. Buller is an expert in fish culture and has been engaged in that line of work ever since he left school in 1871 and was employed at the old Donegal Fish Hatchery. He is well and favorably known throughout the state and under his direction there has been much improvement in the trout and bass streams of Pennsylvania to say nothing of smaller varieties of fish, such as blue gills and catfish. He has done much for the fisheries of Lake Erie to protect them from the fish dealers of other states. Recently he has planted many trout in the vicinity of Harrisburg. He has the confidence of the fishermen of the state who look upon him not only as an expert but as one who sympathizes with the sportsman and desires sincerely to see the fish protected and given opportunity to increase, at the same time giving the angler all the privileges possible.

The hold-up of the Buller and Beary confirmations by the Senate is believed to be only temporary. The commissioners were confirmed.

CAR AND AUTO COLLIDE

The fender of Vito street car No. 356 was torn off in a peculiar accident shortly after 10 o'clock.

According to witnesses, the car was undertaking automobile crossed over car tracks from in front of the Market Square Park, passing directly over the fender, passing moving car. No one was injured and the automobile was not damaged.

NEW SALES MANAGER OF THE ELLIOTT-FISHER CO.

G. W. Spahr, after an absence of 10 years, has returned to Harrisburg to take up the duties of his newly-appointed position as sales manager of the Elliott-Fisher Company.

Mr. Spahr formerly was a Harrisburg man and is widely known here.

Jellioe Discolores

Mine Sank Lord

Kitchener's Ship

London, Feb. 12.—A book written by Admiral Viscount Jellicoe, the British Grand Fleet, which will appear to-day, gives the cause of the sinking of the British cruiser Hampshire on which Lord Kitchener lost his life.

The book contains revelations of British unpreparedness at the beginning of the war. The Grand Fleet had to gain in honor several times because submarines were reported inside.

Admiral Jellicoe says he avoided night action with his big ships off Jland because the British searchlights and searchlights were defective. He recommends a greater superiority of all classes of vessels than at present.

Deaths and Funerals

MISS SUSAN MADER

Miss Susan Mader, aged 71 years, died yesterday morning at the home of Mrs. Mary E. Kinnard, 1118 North Third street.

She was known as "Aunt Sue" to hundreds of Harrisburgers. As a nurse she helped scores of sick families to recover and she won hundreds of friends by her willingness to help in times of need.

Funeral services will be held Friday afternoon at 2 o'clock at the Coxestown Methodist Church, the Rev. Mr. Davis officiating. Burial will be in the Shoop's Church Cemetery.

Miss Mader is survived by two sisters, Mrs. Harriet Hammelbaugh and Mrs. George Hoyer, and two brothers, William and Daniel Mader. She was a member of the Coxestown Methodist Church for many years and was active in religious and church work.

JAMES T. SOLLERS

James T. Sollers, aged 39 years, died this morning at the home of his mother, Mrs. Rebecca Sollers, 321 Reby street, from a complication of diseases.

He is survived by his mother, two sisters, Mrs. F. G. Grier, Pittsburgh, and Mrs. Mary Kent, by one of his brothers, Charles G. Sollers. Funeral services will be held Saturday morning at 10 o'clock in St. Patrick's Cathedral. Burial will be in Calvary Cemetery.

MRS. ELFRITA BOWERS

Mrs. Elfrita Bowers, wife of John A. Bowers, died this morning at 7 o'clock at her late home, 252 S. Pine street.

She was aged 27 years. Funeral services will be held Friday afternoon at 3 o'clock at her late residence, the Rev. Thomas Reisch officiating. Burial will be in the Paxtang Cemetery.

Mrs. Bowers is survived by her husband and three children. She was widely known and had a large circle of friends in the city.

FOOD PRICES ARE BOOSTED TOO HIGH

It marks him a flat offer, perhaps for the whole product. When secured he may merely step across the aisle and resell it at profit to another farmer.

Inspector Nebinger has also discovered another medium employed to "soak" the consumer, but the farmer's case rests rather on the consumer's side.

FIFT LICENSES ARE GRANTED IN BLAIR; 3 REFUSED

Hotels at Tyrone, Bellwood and Altoona Must Go Dry

Holidaysburg, Pa., Feb. 12.—Judge Thomas J. Baldrige handed down decision in the Blair county court here yesterday granting 11 liquor licenses to forty-seven hotels and three breweries.

The licensees are: The Bell House, at Bellwood, and the Columbia Hotel, at Altoona, were refused licenses. Landlords were warned not to sell liquor by the bottle indiscriminately. Only one new application in the county was granted.

During his administration Judge Baldrige has reduced the number of licensed houses to one-third. The court declined to grant any rebates on fees should the county go dry next July.

LICENSES FALLING OFF

Lancaster, Pa., Feb. 12.—The time for renewing liquor licenses has expired and eight places in the county have not applied, one being the National House, Lancaster.

Last year 27 licenses were granted and this year there are but 269 applicants. It is generally believed that many of these applicants will not lift their licenses on April 1.

COST OF LIVING IN LOCAL MARKETS

[Continued from First Page.]

to do with the lowering of prices of these articles, especially of eggs. The egg laying season has been advanced from three to four weeks by the unusually early winter of this year. The hens have been able to get to the unfrozen ground where they have been able to find much material which has aided much to increase the product.

The snow of to-day and continued cold weather which will cause frozen ground, may cause an extension in price of the hen product. With the grounds frozen again, it will be necessary to return the hens to their shelter. The egg product of this year will be somewhat cut off, poultry men affirm. The cold storage product figures little in the living costs. Very few eggs are offered for sale, although many cold storage eggs are being forced from their resting places to tempt the general public.

Substitutes for butter have figured largely in bringing an early reduction in its price. With the price of butter approaching the eighty-cent mark, commanding a high price, the price of margarine and other butter substitutes has risen to 30 to 35 cents per pound, had probably their largest sales since being placed on the market. Even now with the butter price falling to a normal basis, the substitutes continue to offer a much wider sale than they had previously.

White beans for butter have figured largely in bringing an early reduction in its price. With the price of butter approaching the eighty-cent mark, commanding a high price, the price of margarine and other butter substitutes has risen to 30 to 35 cents per pound, had probably their largest sales since being placed on the market.
