

FINAL ACTION ON REVENUE BILL IS PROBABLE TODAY

Passage Seems Sure After Several Hours' Debate Last Night

Washington, Feb. 12.—Final action by congress to-day on the six billion dollar war revenue bill appears assured after several hours of debate last night in the Senate on the conferees' agreement, which the House adopted last Saturday.

After some difficulties and delay in taking up the bill yesterday, Chairman Simmons, of the Senate managers, addressed the Senate for about two hours on the conference report, while Senator Thomas, of Colorado, Democrat, sharply criticized elimination of his amendment to tax campaign contributions of \$300 or more 100 per cent.

At the outset yesterday, Republicans delayed action on the bill, demanding that the lengthy formal conference report be read. Republican Leader Lodge and Senators Fenwick, of Pennsylvania, and France, of Maryland, insisted that this formality be followed.

UNFOLDS STORY OF CHAOS UNDER BOLSHEVIK RULE

Former Attache of American Embassy in Petrograd Before Senate

Washington, Feb. 12.—A story of economic chaos, oppression and tyranny in Russia under the Bolsheviki rule was unfolded yesterday before the Senate Judiciary sub-committee at the beginning of its inquiry into Bolshevism. I. W. W. and other propagandists in the United States. The witness was Dr. William C. Huntington, former commercial attache of the American embassy in Petrograd, who related in detail his experiences before being compelled by intolerable conditions to leave Russia last fall.

Professor Samuel N. Harper, of the University of Chicago, a student of Russian affairs, also was before the committee, explaining the development of the Bolsheviki theory of government. He said there had been much misrepresentation of Russia in the American press, but declared enough evidence had come through to demonstrate that Bolshevism had been a failure in most ways.

Only a small part of the hearing to-day was devoted to Bolsheviki propaganda in this country. Dr. Huntington said the Bolsheviki leaders constantly endeavored to spread their doctrine through other countries and that he had seen a few evidences of these efforts in the United States.

"Cascarets for Mother's Pets"

Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again—only 10 cents a box.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each ten cent box contains directions for children aged one year old and upwards.

Kidney Remedy for 40 Years - A Pronounced Success

When kidney diseases have been successfully treated for a period of more than forty years, it is reasonable to assume that the remedy therefore must possess unusual merit. Such is the remarkable record of Warner's Safe Kidney and Liver Remedy. Without its ability to give relief and benefit its users so that they would continue its use, it could not have existed 40 months, much less than 40 years of its enviable record. Many letters have come to use to prove that it has been a household remedy for years and years. Here is what one grateful woman has recently written:

It is a wonderful medicine for all diseases of the kidneys and liver. (Signed) Florence E. Schmidt, R. F. D. No. 1, Dunkirk, Ohio. For the elimination of poisons due to impaired kidney action, Warner's Safe Kidney was famous for 20 years before this woman so judiciously began its effective use. There are thousands of people who realize that their general health depends upon their kidneys and have found Warner's Safe Kidney and Liver Remedy a reliable family medicine. Forty years ago it was named "Safe" because it is SAFE absolutely, equalizing the work of both the kidneys and liver. Satisfactory results are obtained in the most severe cases, and it is sold by druggists everywhere. A sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 266, Rochester, N. Y.

Shaffer's Last Flight

(Continued From Yesterday)

After two attempts we finally got a note to the outside world, messaged inside the hospital door. At least, one of them must have arrived, because several days later the door to our ward opened and in walked three girls. Mighty pretty, they were, too—and me sitting up in bed. I had. I had no other clothes, because the Boche had taken my blue uniform to be disinfected. How I did wish for them, but the ladies didn't give me much time for meditation, for the prettiest one spoke to me almost at once, and what was more surprising in English. "You're the American aviator, aren't you?"

But to come back to the Boche nurse, she told me where to go to get that I wanted no time hunting them up. What was my disappointment then when, all dressed up in blue coats and silver buttons, Boche comes around and tells me I dare not go out. It sure was a blow because I had looked forward so much to seeing the pretty women passing on the street. "Anyway," I consoled myself, "I'll get out to-morrow." And I did too.

The Troubles Women Have BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him are many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable roots which remedy the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain. All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution. When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

LOYD GEORGE BLAMES WAR FOR LABOR UNREST

Confidence Must Be Given in Start of Industry, He Declares

London, Feb. 12.—If industrial unrest continues the consequences will be grave to trade and industry, Premier Lloyd George declared in the house of commons yesterday. "The government," he said, would agree to any kind of an investigation into the causes of the unrest. Special war conditions, the premier thought, had contributed to the unrest. Among these conditions were the strain of four years of war and the fear of unemployment. The premier said that bills would be introduced next week dealing with housing, health and the revival of rural life, land settlement for soldiers, land reclamation and afforestation. Mr. Lloyd George said there would be plenty of opportunities of employment if confidence was given those responsible for starting industries and unless the cost of production went so high that it reduced the purchasing power of the community or put the country out of the world market.
