Newport People Appeal to Governor Sprout in Reference to Highways

Newport, Pa., Feb. 13.—Newport people plan to back their petition to Governor Sprout that he use his influence in having that section of road along the Juniata river between Newport and Amity Hill, near Duncannon, opened as an arm of the William Penn Highway, with an active campaign. Petitions have been circulated and a mass meeting of citizens discussed the plan this week. Several important matters remain to be cleared up. These will be considered by a committee which will go to Harrisburg to secure information on the subject. Included on this committee are Dr. S. E. Whitmer, J. Emery Fleisher and John S. Eby.

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable, worn out stomach for you or money back. You will not suffer from any distress and can eat what you want without fear of suffering, or money back would you turn down his offer?" And when you are offered Mi-o-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-o-na on the money back agreement. Mi-o-na stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. For sale by H. C. Kennedy and all leading druggists.

Shop Employees Insist on Double Pay for Holiday

Waynesboro, Pa., Feb. 13.—As a result of a hitch over the construction of Lincoln Day as a holiday twenty-five per cent. of the men in the local shops did not report for work yesterday. The men contended that it was such a holiday as contemplated in the award of the War Labor Board and insisted that they be paid double. The shop management took the position that it was not such a general holiday and refused to pay more than the ordinary wage. The local labor union officials say the men who worked will not be penalized, but that the matter will be referred to the United States War Labor Board. It is not yet known whether the day was or was not a holiday under its former ruling in the Waynesboro case. If the answer is in the affirmative the men who worked will demand double pay.

ASK YOUR NEIGHBOR

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.
